Offices
Adriaanse Bonteheuwel Leonsdale Lwandle Manenberg Parkwood Parow Ravensmead Retreat Scottsdene Valhalla Park Wesfleur

Libraries

A demarcated drop zone for library material will be available at each library. The material returned will be quarantined for 72 hours, and will remain on your card for this period, before it is handled by library staff and listed as returned on the system.

Library services will be available Monday – Friday from 10:00 - 16:00; and Saturdays from 9:00 - 12:00.

For a list of all libraries offering the Drop-and-Go service, go to opac.capetown.gov.za

Services available

Borrowing library material

- A special service for senior citizens (60 years and older) and those who are physically challenged will be provided Monday – Friday from 09:00 - 10:00.
- Go to opac.capetown.gov.za to submit requests for material via email or telephonically. You can also visit the library and request materials without prior arrangement.
- Our staff will organise the material and call you to collect within two days of your request.
- You will be allowed to borrow 20 items at a time for 30 days. The material borrowed for 30 days can be renewed online for an additional 30 days via opac.capetown.gov.za or by calling one of the libraries.

Available services

- Court appearances
- General enquiries relating to any summons/notice
- Paying of traffic fines and warrants of arrest
- Payment of any admission of guilt fines for other summons/notices to appear (section 56 notice) issued by the City
- Written representations directed to the relevant prosecutor.

Please note:

No new traffic cases were enrolled during Alert Levels 5 and 4, therefore, summonses may be re-issued at a later stage. If you had matters on the court roll during these levels, liaise with the relevant court in order to establish the status of your case.

Nature Reserves and conservation areas

See a list of all [Nature Reserves](#) and [Biodiversity Parks](#).

- Adhere to notices at the entrance
- All water bodies will be open for exercise and recreational purposes
- [Entrance fees](#) will be charged as per normal, and where applicable
- Limited ablution facilities and bird hides will be available
- No entry without a mask or cloth to cover your nose and mouth
- Reserve offices will remain closed to public
- Reserves will be open as per the normal times and indicated at the entrance
- The areas will be open for exercise only, and no picnicking or braais will be allowed

Service notifications

Go to www.capetown.gov.za/coronavirus, or follow us on Twitter [@CityofCTAlerts](#) or [Facebook](#) for the latest updates.

Business support

Business support options for guest houses and B&Bs

Go to [Business support options for guest houses and B&Bs](#) to find out how to apply.

Invest Cape Town

[Support and advice for business and industry](#)

Find all the latest news, press releases, research and downloadable resources for business from the provincial and national government. It is also linked to Wesgro, Cape Town Tourism and other useful sites. Go to www.investcapetown.com to find credible and vital information and feel free to share it.

Relief options for commercial property owners

If your account is in arrears but you do not normally qualify for rates rebates or indigent benefits.

Apply for a payment arrangement at no interest via email:

COVID19.Relief@capetown.gov.za or SMS to 48043

Rental relief options for City's business lessees

For those businesses leasing property from the City that were forced to close temporarily or permanently, the following two-phased consumer journey has been adopted:

Business support options for guest houses and B&Bs

Phase 1: Rental reduction based a proven business case by the applicant.

Phase 2: Payment arrangements based on a proven business case and aligned to existing lease terms and conditions.

Email realestate.service@capetown.gov.za for more information and details on how to apply.

National government and external business relief options

Visit: <https://www.gov.za/Coronavirus/support-business> for National Government business support options.

The South African Future Trust:

This fund, set up by Nicky and Jonathan Oppenheimer, provides funding for businesses affected by the crisis. Apply for interest-free loans to pay employees. You can apply via your own bank.

More information can be found here: <https://opp-gen.com/saft/>.

Cemetery operations (funerals and burials)

Our cemeteries are open, but [operating with certain limitations](#). Find out more about [our cemeteries](#).

View the following useful guides:

- [National regulations around the treatment of COVID-19 deceased and funerals](#)

Council

Subcouncil offices

Subcouncil offices are closed until further notice. Refer urgent matters to the [relevant area director](#).

See the [councillor directory](#) to get in touch with a Councillor.

Subcouncil and Ward Committee meetings

Remote meetings resume from Monday, 25 May 2020. [Check the meeting calendar](#).

Filming

Our Film Permit office is open, but we are only accepting [online applications](#) until further notice.

Health services

Clinic services

We have implemented measures to manage clients at City clinics during the COVID-19 pandemic, including:

- An appointment system to reduce time spent at the clinic
- Fast lane for family planning, immunisation, pregnancy tests etc.
- Recalling patients and close contacts of TB patients telephonically to discuss abnormal sputum, blood results etc.
- Triage and screening of patient at entry points.

Services that have been reduced until further notice include:

- deworming for children older than two
- male circumcision
- outreaches to educare centres (these facilities are currently closed)
- postponement of non-urgent nutritional appointments
- routine weighing of children (only weighing children attending for immunisation and curative services)

Hotspots

Six hotspot sub-districts have been identified in Cape Town, including:

Sub-district	Areas most severely affected
Tygerberg	Bellville, Elsies River, Goodwood
Khayelitsha	
Western	DuNoon
Klipfontein	Delft, Delft South, Gugulethu, Nyanga, Manenberg
Southern	ImizamoYethu, Philippi
Eastern	Mfuleni

Revised COVID-19 strategy

Our Health Department is working closely with its provincial health partners to implement the revised COVID-19 strategy in the metropole.

With the virus caseload rising, the emphasis has shifted to a risk stratified case management approach, including:

1. identifying where the COVID-19 hotspots are, and
2. identifying individuals in those areas who are high risk.

The Western Cape Health Department announced that testing for COVID-19 will be limited to high risk individuals going forward.

You will be considered high risk if:

- You are a health care worker with coronavirus symptoms
- You are already in hospital and have coronavirus symptoms
- You are over 55, have other illnesses such as diabetes, hypertension etc. and have coronavirus symptoms
- You are under 55, with underlying conditions and have coronavirus symptoms
- You live in a care facility or old age home and have coronavirus symptoms

Safety and security

Donate essential items

Donate essential items: food parcels, vanity packs (soap, toothpaste, toothbrushes, facecloths, sanitary towels), toilet paper, adult diapers, mattresses, blankets, personal protective equipment

For more information, contact our Disaster Risk Management Centre:

Telephone: [021 597 6004](tel:0215976004)

Email: disaster.donations@capetown.gov.za

Donate to the animal welfare sector

The pandemic has affected entire communities, including animals. Some animals have become strays, and others have been surrendered to struggling animal welfare shelters or advertised for adoption by owners on social media.

The Cape Animal Welfare Forum (CAWF) appreciates any donations towards any of the 33 charities that are registered under CAWF. Some examples of needed donations include: pet food, blankets, saleable household goods to support the animal charity shop including clothing, household goods, books or linen.

For more information on how you can help, contact the chairperson of CAWF, Karen de Klerk on the following email address: info@cawf.co.za

Neighbourhood Watch (NHW) groups

NHWs may operate under alert level 2. All members must comply with the national regulations and directives made by the Department of Health.

For more information and general enquiries, email: neighbourhood.watch@westerncape.gov.za

Tenders/RFQ and Supply

Our Tender Office is open for in-person collection and submission of tender / RFQ documents.

Transport, fines and vehicle licensing

Learner/ driver's licence renewals

All learner's licences, driving licence cards, temporary driving licences and professional driving permits that expired between 26 March 2020 and 31 August 2020, remain valid and the **grace period for renewals has been extended to 31 January 2021**.

Car licence disc renewals and registration

Online vehicle licence disc renewals

[Register for e-Services](#) to [renew your licence](#) online.

Please note: If you applied online before 26 March 2020, your disc will still arrive. The postal service has resumed but there are backlogs. If you applied online after 26 March 2020, you need to reapply online.

Grace period

All motor vehicle licence discs that expired on 31 March, 30 April, 31 May or **31 August 2020 have until 22 September 2020 to [renew their licences](#)**.

Note the following (regulations as per the National Department of Transport):

- **Discs that expired on 30 June 2020:** payment and renewal had to be renewed by 21 July 2020
- **Discs that expired on 31 July 2020:** payment and renewal had to be renewed by 21 August 2020

Motor trade number licence renewals

Motor trade number licences that expired between 26 March 2020 and 31 May 2020 remain valid and the grace period for renewals has been extended to 30 November 2020.

Roadworthy certificates

Roadworthy certificates must be renewed by 31 January 2021

Traffic fines and warrants

Municipal courts have reopened. No new traffic cases were enrolled during National Lockdown Alert Levels 5 and 4, therefore, summonses may be re-issued at a later stage. If you had matters on the court roll during these levels, liaise with [the relevant court](#) in order to establish the status of your case.

Pay your traffic fine online, go to www.paycity.co.za or www.paymyfines.co.za.

Public transport

MyCiti: [Check the website](#) for active bus routes.

Public transport

For travel permit information, go to <https://sacoronavirus.co.za/guidelines-and-relief/> and consult the regulations.

Urban Management

Informal Trading

Trading permits that were obtained under Level 5, 4, 3 and 2 are still valid under Alert Level 1. Registered traders do not need to apply for a COVID-19 permit if they already have a valid trading permit issued by the City.

- View the [Informal Trading Conditions under Alert Level 1](#).
- Our [Area Economic Development offices](#) are open Monday to Friday: 09:00 - 15:00.

Call the City's Urban Management Directorate call centre for more information on [021 400 3131](tel:0214003131) (Option 6).

Informal Trader's Toolkits

Registered informal traders, and those who have COVID-19 permits and concession letters have been contacted via SMS, to receive a COVID-19 Informal Traders' Toolkit.

Each toolkit contains the following items:

- A social-distancing mat to remind customers to keep 1,5 m away from traders
- A toolkit bag
- A warm winter beanie
- Information on how to operate safely during the pandemic
- Three litres of hand sanitiser
- Two cloth masks

If you have not yet been contacted, make sure that your contact details listed with the City are up-to-date.

For more information and/or queries regarding the toolkits, please call **021 400 3131** (option 6) or email informal.trading@capetown.gov.za or business.support@capetown.go.za.

[Apply for an informal trading permit](#) online via e-Services:

Waste services

Refuse collection delays due to COVID-19

If a staff member tests positive for COVID-19 at one of our depots, we have to close the depot temporarily for decontamination.

Once depots reopen, staff availability remains a challenge.

Those who were in close contact with the infected person are required to self-quarantine for 14 days to minimise the risk of spreading the virus.

The increased volumes of waste being collected worsens the delays because trucks need to make more trips to landfill sites to offload before returning to their beats. This may also lead to more frequent breakdowns of the vehicles.

For the latest updates follow us on Twitter [@CityofCT](#) or [Facebook](#).

Read the following useful guides to minimise negative impacts:

- [Refuse Collection Delays: Bin Care and Waste Disposal Guidelines](#)
- [Guidelines for Domestic Waste Disposal During the COVID-19 Pandemic](#)

Waste disposal

- [Alert Level 1 Waste Disposal and Drop-offs Notice](#)
- See our Solid Waste Management's [COVID-19 Disposal Arrangements Notice](#).

Water and Sanitation

Spring water collection points

The following Springs are open to the public under Alert Level 1:

The Newlands Springs: *northern side of the Newlands Swimming Pool, near the Dean Street Shopping Centre.*

Bradwell Springs: *corner of Upper Buitenkant and Ludlow Street site.*

Both sites will be open Monday to Sunday from 05:00 - 21:00.

You must adhere to the following rules at all times when visiting the sites:

- Collections are limited to a maximum of 25 litres at a time to prevent backlogs from forming
- Ensure your container does not touch the tap
- Keep a physical distance of 1,5 meters from others at all times.
- No entry to the site without a mask
- Open and closed taps with the back of your hands
- Sanitise your hands upon entering the site.

The following safety measures are in place to help prevent the spread of COVID-19:

- Additional security will be provided to manage the physical distancing, parking arrangements, and other COVID-19 regulations.
- Eight taps will be open (out of the current 16) at the Newlands spring site to allow for physical distancing during water collection.
- Hand sanitiser will be provided at the entrance to the facility
- Security will be monitoring and ensuring that containers do not touch the bottom part of the tap.
- This water is **not for commercial use**, and may not be sold. Our City Health, Law Enforcement and Water Departments will monitor the site and act on municipal violations as they arise.

Reminder: the **spring water is not treated**, and it is used at your own risk.

Online and telephonic services

We encourage you to use our telephonic and online services to conduct your business, wherever possible. Avoiding social contact will help to reduce the spread of the virus.

- Our call centre is still operating 24/7, but only for essential service queries.
- [Contact the City via our reduced channels.](#)
- [Submit a service request online.](#)

Building plan, land use and development applications

The construction industry, residents, government departments and professionals can continue to submit building plans, development and land use applications via our e-Services platform.

- [Register for e-Services](#)
- [Submit an application using our Development Application Management System \(DAMS\)](#)

Financial relief options

Indigent relief

We have [adjusted the processes of our indigent, disabled and pensioner rebate applications](#), which will help those affected by the COVID-19 crisis to qualify faster for rebates.

- Send an email to indigent.relief@capetown.gov.za or visit www.capetown.gov.za/indigentbenefits
- View other [financial relief options for property owners](#) during the COVID-19 crisis.

Invoices and account payments

The South African Post Office (SAPO) is open, however, they are operating with skeleton staff due to the pandemic. To avoid possible delays, and to ensure that you receive your bill on time, make use of our online options:

- Request an invoice via email to accounts@capetown.gov.za.
- [Register for e-Services](#) to view all your account details online, and [register for e-Billing](#) to receive your monthly rates account via email.

Account payments:

- ATM: contact your bank to add the City as an ATM beneficiary
- EFTs: Select the City as a beneficiary. Use your nine-digit municipal account number as a reference
- Online: www.Easypay.co.za or www.payCity.co.za and the e-Services Portal
- Retailers: Checkers, Pick 'n Pay, Shoprite, Spar and Woolworths

Register for e-Services

Our e-Services platform allows you to:

- [Pay and renew your vehicle licence](#)
- [Receive accounts via email, pay accounts, view current account and account history](#)
- [Log service requests](#)
- Submit [water meter](#) and [electricity meter](#) readings

Reporting

Electricity faults

For faults and emergencies:

- send an SMS to 31220 or,
- email power@capetown.gov.za or faultreport.centre@capetown.gov.za.

Visit the City's website to [apply for a prepaid electricity meter](#) in the future.

Alternatively, you can:

- [register for e-Services](#) and manually submit your meter readings, or
- send a photo of the meter reading by email to electricity.meterreading@capetown.gov.za, or
- phone [021 444 6286](tel:0214446286) / [021 444 8432](tel:0214448432) / [021 444 8478](tel:0214448478) / [021 444 1554](tel:0214441554) or [0860 103 089](tel:0860103089).

Water faults

Submit water-related service requests, including: burst mains, no water at a property, stolen meters and sewer blockages/overflows, using the following channels:

- Call 0860 103 089 (choose option 1 for Solid Waste and option 2 for water-related matters)
- Email water@capetown.gov.za or SMS 31373 (max of 160 characters)
- Online: <http://www.capetown.gov.za/servicerequests/>

Other

View our [Fault Reporting Guide](#) for a list of the type of faults you can report using the following channels:

1. Call 0860 103 089
2. [Submit a service request \(C3\) online](#)

Always remember to take note of the reference number provided. You will need your reference number to follow up on any service requests that you have submitted.

For refuse collection delays, stolen bins etc., email: wastewiser.user@capetown.gov.za

Guidelines

Guidelines for Domestic Waste Disposal During the COVID-19 Pandemic

Follow our guidelines for the disposal of household waste to help prevent the spread of COVID-19. These guidelines are aligned to national and provincial guidelines and exist to curb the spread of the coronavirus to the refuse collection staff and others.

1. All waste items that have been in contact with someone who has COVID-19 or who you suspect may have been infected, must be disposed of in a separate container (e.g. used tissues, wipes, masks etc.)
2. Double-bag this waste.
3. Keep this waste on the property for at least five days before placing it out for collection.
4. Other household waste can be disposed of as normal.
5. Practise social distancing when interacting with Solid Waste staff.
6. Wash your hands before and after handling the bin and sanitise the lid, if possible, to prevent your bin from possibly becoming a site of transmission for the disease.

Guide for Waste Service Providers

Our [Integrated Waste Management By-law, 2009](#), gives us the power to regulate, control and monitor the generation, management and disposal of solid waste in Cape Town.

Registration of unaccredited waste service providers

We have decided to allow the disposal of business waste at our facilities. This provision is only for vehicles with a maximum carrying capacity of 1,5 tons, and accreditation that aligns with our [Policy for the Accreditation of Service Providers of Waste Management Services](#) is required.

Tariffs for business waste disposal applies. It is illegal to operate without a permit or accreditation. You are required to [apply for accreditation](#) and obtain the necessary permit. Once approved, you will be issued with a permit letter.

To obtain your permit letter, contact:

Guide for Waste Service Providers

Alfonzo Noble

Telephone:
074 446 3682

Or

Thembelani Mandindi

Telephone:
082 339 6297

Dispose of builder's rubble for free

From 1 September 2020, accredited builder's waste generators will be able to dispose of their clean builder's rubble at Bellville South Transfer Station for free, terms and conditions apply.

[Read the notice to find out more.](#)

Health and safety rules for public transport

Follow these basic health and safety rules to limit the spread of COVID-19 when using public transport:

Staying at home is still the safest option, but if you must travel, only do so for work purposes, or for essential goods and services.

Note: You will not be allowed to access any public transport without a mask or scarf.

If you have to use public transport:

- a mask or scarf covering your nose and mouth must be worn **at all times**;
- avoid physical contact with others by standing and sitting at least 1,5 m apart;
- avoid touching common surfaces;
- avoid touching your face;
- stay at home if you are feeling sick;
- use hand sanitiser if it is available; and
- wash your hands with soap and water before and after the trip.

Conditions for informal trading under Alert Level 2

No NEW Special COVID-19 Permits will be issued during this time. Permits obtained during level 5, 4, 3 and 2 are still valid until further notice.

Trading Conditions

ALL traders must adhere to strict health and safety protocols as stipulated in the [COVID-19 Regulations](#), including the following:

1. Markets/ stalls must be set up from 06:00 and traders should be off site by 18:00
2. Traders must use Personal Protective Equipment (PPE) at all times (masks, sanitiser, and gloves)
3. Soap and water must be available for washing of hands and surfaces etc.
4. Maintain a distance of 2 m between trading stalls
5. Customers must stay 1,5 m apart at all times - traders are responsible for ensuring social distancing
6. Traders must have a City trading permit and/or COVID-19 informal trading permit available for inspection at all times.

In addition, all markets must have a **COVID-19 Operating Plan**, outlining how market management/trading associations/trader leadership aim to ensure that all traders adhere to the above-mentioned conditions. Operating plans should also include measures to sanitise and disinfect all surfaces at the market.

Conditions for informal trading under Alert Level 2

Market management must take responsibility, in terms of the COVID-19 Health and Safety Regulations, for all traders and visitors to the market, ensuring that risk of infection is limited.

Email your Operating Plan to richard.holdstock@capetown.gov.za, include the name of the market, contact person, contact details and the anticipated date the market will open in your email.

Urban Management Informal Trading Call Centre

Telephone: **021 400 3131** (select option 6)

Email: richard.holdstock@capetown.gov.za

Refuse Collection Delays: Bin Care and Waste Disposal Guidelines

Bin care

1. Freeze any meat products (i.e. chicken, red meat, off-cuts, etc.) until collection day. Placing it into your bin frozen will prevent the breeding of flies.
2. Remember to wash your hands thoroughly after handling your bin and your waste.
3. Store your bin in a cool place and avoid direct sunlight – this will reduce/prevent flies breeding in your bin. It also helps to spray your bin with insecticide.
4. Wash and disinfect your wheelie bin regularly, especially when placing it outside and bringing it back inside

Dos and Don'ts

- Do not resort to illegal dumping. Excess refuse can be bagged and will be collected on the next removal day.
- Keep your bin on your property until the next scheduled removal day.
- Practise social distancing and do not approach staff members as they go about their duties.

Make space in your bin

- Take your clean, dry recyclables to one of our [open drop-off facilities during Alert Level 1](#). Alternatively, you can make use of an accredited recycling collection company. You can use our [waste recyclers app](#) to find one near you. Recycling eases pressure on collections services, in our landfills and on the environment.
- Garden greens are also accepted at selected [drop-off facilities](#).
- Where possible, practise [home composting](#) - this will free up more space in your bin.

Standard Operating Procedure (SOP) for Filming in Cape Town

We will require a risk assessment and a COVID-19 mitigation plan for every location being used before a film permit is issued.

Our law enforcement agencies will monitor compliance and will be there to advise production companies on the implementation of the COVID-19 mitigation and safety measures.

All those in the film industry, and those going out to film locations, must adhere to the protocols as well as all applicable regulations in terms of hygiene on set and social distancing to ensure the safety of everyone.

Production companies will be required to comply with the following actions, among others:

- All staff, cast and crew must be screened daily at the start of each shift/shoot. A record of each person's daily temperature should also be kept.
- Cloth masks or face shields must be provided for cast and crew

Standard Operating Procedure (SOP) for Filming in Cape Town

- COVID-19 awareness information, including workplace protocols, must be displayed in common areas and copies provided to all staff
- Ensure that 70% alcohol-based hand sanitiser is made available for all cast, crew and service providers on sets and workspaces
- Only necessary permitted people should be allowed on set
- Sets/workspaces must be disinfected regularly before and after filming
- The number of people on set must not exceed 50 people as per the Arts and Culture Ministry directions
- Workplace equipment and props must be disinfected before they are returned to storage or service provider

[View the Standard Operating Procedures.](#)

National regulations around the treatment of COVID-19 deceased and funerals

Advise for the public and undertakers

- Consider cremation where cultural and religious beliefs do not exclude it
- COVID-19 deceased should be buried/cremated within three days. These burials must be prioritised and cannot be booked in advance in excess of three days after date of death.
- Stick to allotted times for burial (only 30 minutes allowed per ceremony)
- Strongly consider weekday burials to reduce the number of burials on a Saturday as this impacts on the Department's ability to manage funerals effectively, but also increases the risk of exposure to COVID-19

Treatment of deceased persons and funerals

Remains of a COVID-19 patient may only be transported in public if:

- placed in a polythene bag,
- sealed in an airtight container,
- placed in a sturdy non-transparent sealed coffin,
- embalmed and covered with a 5 cm layer of sawdust which is treated with a disinfectant.
- A medical practitioner must declare in writing that the conveyance of the remains will not constitute a health hazard.
- The vehicle used must be designated and certified to transport remains.
- If the deceased did not die of an infectious disease, the remains must be accompanied by a certificate to that effect, issued by a medical practitioner or forensic pathologist.
- A burial or cremation of the mortal remains of a person who died of COVID -19 must be carried out in terms of the [Human Remains Regulations](#).
- Cremation is highly recommended, but in the event of a burial, the accompanying service (funeral service and burial) **may not last longer than two hours, with 30 min in the Cemetery**. Only immediate family members should be present – COVID-19 patients may not attend.
- Mourners should practise social distancing during and after the burial service.

National Health Department guidelines for dealing with a COVID-related death in the home

In the event that a person infected with COVID -19 dies at home:

- Family/household members must not, at any stage, handle the body.
- Call SAPS (10111), Emergency Medical Services (10177) and your family undertaker, and inform them of the death and the circumstances – remember to advise them of the deceased's COVID-19 status.
- The deceased person's belongings should be handled with gloves and cleaned with a detergent followed by disinfection with a solution of at least 70% ethanol or 0.1% (1000 ppm) bleach.

National regulations around the treatment of COVID-19 deceased and funerals

- Clothing and other fabric that belonged to the deceased should be machine washed with warm water at 60-90 degrees and laundry detergent.
- If machine washing is not possible, linens can be soaked in in a large drum filled with hot water and soap. Use a stick to stir and be careful to avoid splashing.
- The drum should then be emptied, and the linens soaked in 0,05% chlorine for approximately 30 minutes. Finally, the laundry should be rinsed with clean water and the linens should be allowed to dry in full sunlight.

Practical tips to manage mild COVID-19 cases in the home

As caseloads grows, more households are likely to be affected by COVID-19. See our practical tips for both patients and caregivers below:

At least 80% of those infected will present with mild to moderate symptoms.

Only get tested if you suspect you have COVID-19, and recover at home if you present with mild to moderate symptoms.

You should remain isolated from the rest of your household for at least 14 days, if you:

- are waiting for test results,
- have a confirmed or suspected COVID-19 diagnosis with mild symptoms, or
- have been identified as a close contact with someone with COVID-19

While at home, monitor your symptoms and temperature twice daily.

If your symptoms begin to worsen you might require more advanced care – particularly if you:

- develop problems breathing,
- experience persistent pain or pressure in the chest area, and/or
- struggle to wake up.

Call your healthcare provider or the provincial COVID-19 health line if your symptoms persist beyond seven days.

Generally, after 14 days you will be considered free of the virus if you are no longer showing symptoms. If in doubt, check in with your healthcare provider or local clinic just to be sure.

You should only recover at home if:

- you are able to isolate yourself from other household members.
- a healthy person is available to take care of you, and
- you have easy access to your healthcare provider, if need be.

Some practical tips for taking care of someone with COVID-19, include:

Caring for the patient

- Assign one healthy person, with no underlying conditions to look after the patient, if possible.
- Avoid contaminated items (e.g. toothbrushes, eating utensils, towels, bed linen). Use dedicated linen and eating utensils for the patient.
- The patient should be in a well-ventilated single room. Other household members should stay in a different room, if possible, otherwise maintain a distance of at least 1, 5 m from the patient at all times.
- Limit movement of the patient in the house and minimise shared space.
- Visitors should not be allowed until the patient has completely recovered.
- Wash your hands after any type of contact with the patient or their immediate environment.
- After washing your hands, use disposable paper towels to dry hands, if possible. Otherwise, use clean cloth towels and replace frequently.

Practical tips to manage mild COVID-19 cases in the home

Cleaning, hygiene and waste removal to avoid contamination

- 'Double bag' contaminated waste (e.g. tissues, disposable masks) and store for five days before putting out for collection
- Clean and disinfect bathroom and toilet surfaces at least once daily if you share the bathroom.
- Clean and disinfect the patients room daily, especially those surfaces touched frequently, e.g. bedside tables
Regular household soap or detergent can be used for cleaning.
- Clean the patient's clothes, bed linen, towels, etc. Use regular laundry soap and water or machine wash at 60–90 °C (if possible) with common household detergent, and dry thoroughly.
- Place contaminated linen into a laundry bag. Do not shake soiled laundry and avoid contaminated materials coming into contact with skin and clothes.

What to do if you cannot self-isolate at home:

1. Contact your nearest health facility, or
2. call the provincial hotline on [021 928 4102](tel:0219284102) to secure access to a quarantine or isolation facility.

Look after yourself to look after others:

All household members should take necessary precautions to ensure that they do not become infected.

- If you feel ill – stay at home!
- Practise responsible respiratory hygiene (cover your coughs and sneezes)
- Social distancing is everyone's responsibility – implement it strictly
- Wash your hands regularly with soap and water for at least 20 seconds
- Wear a cloth mask at all times when in public (do not touch your face)
- Wipe down all surfaces that you may come into contact with
