**City facilities (Open | Closed)**

Non-essential facilities are closed until further notice. Our essential service facilities continue to operate, but access may be restricted in the interest of public safety.

We are opening our service facilities with a phased approach in line with national government health and safety regulations.

Saturday: closed | • Vehicle registration and licencing |

#### Film Permit Office

We are only accepting online applications for film permits, in-person applications are still suspended.

#### Informal Trading

Trading permits that were obtained under Level 4 and 5 are still valid under Level 3. Registered traders do not need to apply for a COVID-19 permit if they already have a valid trading permit issued by the City.

View the Informal Trading Conditions under Alert Level 3.

Our Area Economic Development offices are open Monday to Friday: 09:00 - 15:00.

Call the City’s Urban Management Directorate call centre for more information on 021 400 3131 (Option 6).

#### Tenders/RFQ and Supply

Our Tender Office is open for in-person collection and submission of tender / RFQ documents.

#### Waste Management

- Alert Level 3 Waste Disposal Arrangements Notice
- See our Solid Waste Management's COVID-19 Disposal Arrangements Notice.
Support options:

Business support options for guest houses and B&Bs

Go to Business support options for guest houses and B&Bs to find out how to apply.

Invest Cape Town

Support and advice for business and industry

COVID-19 news and resources:

Find all the latest news, press releases, research and downloadable resources for business from the provincial and national government. It is also linked to Wesgro, Cape Town Tourism and other useful sites. Go to www.investcapetown.com to find credible and vital information and feel free to share it.

Relief options for commercial property owners

If your account is in arrears but you do not normally qualify for rates rebates or indigent benefits. Apply for a payment arrangement at no interest via email: COVID19.Relief@capetown.gov.za or SMS to 48043

Rental relief options for City’s business lessees

To soften the impact of the COVID-19 crisis on those businesses leasing property from the City that were forced to close temporarily or permanently, the following two-phased consumer journey has been adopted:

Phase 1: Rental reduction based on an application made to our Property Management Department and evaluated in terms of a proven business case by the applicant.

Phase 2: Payment arrangements based on an application made to the Revenue Department and evaluated in terms of a proven business case and aligned to existing lease terms and conditions.

Email realestate.service@capetown.gov.za for more information and details on how to apply.

National government and external business relief options

The South African Future Trust:

This fund, set up by Nicky and Jonathan Oppenheimer, aims to make funding available to businesses affected by the crisis. Apply for interest-free loans to pay employees. You can apply via your own bank.

More information can be found here: https://opp-gen.com/saft/.

Council

Subcouncil offices

Subcouncil offices are closed until further notice. Refer urgent matters to the relevant area director. See the councillor directory to get in touch with a Councillor.

Subcouncil and Ward Committee meetings

Remote meetings resume from Monday, 25 May 2020. Check the meeting calendar.

Health services

Revised COVID-19 strategy

Our Health Department is working closely with its provincial health partners to implement the revised COVID-19 strategy in the metropole.
With the virus caseload rising, the emphasis has shifted to a risk stratified case management approach, including:

1. identifying where the COVID-19 hotspots are, and
2. identifying individuals in those areas who are high risk.

The Western Cape Health Department announced that testing for COVID-19 will be limited to high risk individuals going forward.

You will be considered high risk if:

- You are a health care worker with coronavirus symptoms
- You are already in hospital and have coronavirus symptoms
- You are over 55, have other illnesses such as diabetes, hypertension etc. and have coronavirus symptoms
- You are under 55, with underlying conditions and have coronavirus symptoms
- You live in a care facility or old age home and have coronavirus symptoms

Hotspots

Six hotspot sub-districts have been identified in Cape Town, including:

<table>
<thead>
<tr>
<th>Sub-district</th>
<th>Areas most severely affected</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tygerberg</td>
<td>Bellville, Elsies River, Goodwood</td>
</tr>
<tr>
<td>Khayelitsha</td>
<td></td>
</tr>
<tr>
<td>Western</td>
<td>DuNoon</td>
</tr>
<tr>
<td>Klipfontein</td>
<td>Delft, Delft South, Gugulethu, Nyanga, Manenberg</td>
</tr>
<tr>
<td>Southern</td>
<td>ImizamoYethu, Philippi</td>
</tr>
<tr>
<td>Eastern</td>
<td>Mfuleni</td>
</tr>
</tbody>
</table>

Library services

- In line with National Regulations, we will not be opening our libraries on 1 June 2020.
- You will not be fined for late returns while libraries remain closed.
- The due date to return all library material on loan has been extended to 1 July 2020.

Safety and security

Donate

Donate essential items: food parcels, vanity packs (soap, toothpaste, toothbrushes, facecloths, sanitary towels), toilet paper, adult diapers, mattresses, blankets, personal protective equipment

For more information, contact our Disaster Risk Management Centre:

Telephone: 021 597 6004
Email: disaster.donations@capetown.gov.za

Neighbourhood Watch (NHW) groups

Protocols in place for Neighbourhood Watches to operate under alert level 3

Restrictions placed on NHWs have been lifted under alert level 3. All members must comply with the national health and safety regulations and directives made by the Department of Health.

The guidelines provided for NHWs are as follows:

- A valid permit must be issued by the convener: Department of Community Safety (DoCS) or any person authorized by him/her;
- Form 2: Permit to Perform an Essential or Permitted Service of the regulations must be used by the NHW member as a valid permit; and
- NHW members must be in possession of a valid permit at all times.
SAPS do not issue permits to NHW members and should under no circumstances do so. The Department of Community Safety will only issue permits to members of accredited NHW structures.

Communication has been issued to the Chairpersons of all accredited NHW structures outlining the protocols that they must adhere to.

For more information and general enquiries, contact:
Department of Community Safety’s NHW
Email: neighbourhood.watch@westerncape.gov.za

Transport, fines and vehicle licensing

<table>
<thead>
<tr>
<th>Driving licence renewals and vehicle registration</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Online services</strong></td>
</tr>
<tr>
<td>Online vehicle licence renewals and registration is available.</td>
</tr>
<tr>
<td>Register for e-Services to renew your vehicle licence online.</td>
</tr>
<tr>
<td><strong>Please note:</strong> If you applied online to renew your vehicle licence from 23 March – 31 May, you need to re-apply. All online applications received during this time have either expired or could not be processed due to the COVID-19 lockdown, the impact on the national traffic information system and the closure of the South African Post Office.</td>
</tr>
<tr>
<td>Remember, you still have a 90-day grace period to renew your documents from 1 June 2020</td>
</tr>
<tr>
<td><strong>The grace period applies to:</strong></td>
</tr>
<tr>
<td>• driving licence applications and renewal</td>
</tr>
<tr>
<td>• learner’s licences</td>
</tr>
<tr>
<td>• professional driving permits (PrDPs)</td>
</tr>
<tr>
<td>• roadworthy certificates</td>
</tr>
<tr>
<td>• temporary permits</td>
</tr>
<tr>
<td>• the registering and licensing of a motor vehicle, as well as annual licence renewals</td>
</tr>
<tr>
<td>In addition, the validity period for the renewal of a motor trade number licence is extended for a further six months from 1 June 2020.</td>
</tr>
</tbody>
</table>

Public transport

| MyCiTi: Check the website for active bus routes. | |
| For travel permit information, go to https://sacoronavirus.co.za/guidelines-and-relief/ and consult the regulations. | |

Traffic fines and warrants

| Cases for outstanding warrants are currently being postponed for a period of three months at a time, until court proceedings are able to resume. | |
| Pay your traffic fine online, go to www.paycity.co.za or www.paymyfines.co.za. | |

Waste services

Refuse collection delays

When staff at our Refuse Collection Depots test positive for COVID-19, the facility is temporarily closed to allow for deep cleaning and disinfecting.

Read the following useful guides:

- Refuse Collection Delays: Bin Care and Waste Disposal Guidelines
- Guidelines for Domestic Waste Disposal During the COVID-19 Pandemic
Online and telephonic services

We encourage you to use our telephonic and online services to conduct your business, wherever possible. Avoiding social contact will help to reduce the spread of the virus.

- Our call centre is still operating 24/7, but only for essential service queries.
- Contact the City via our reduced channels.

Building plan, land use and development applications

The construction industry, residents, government departments and professionals can continue to submit building plans, development and land use applications via our e-Services platform.

- Register for e-Services
- Submit an application using our Development Application Management System (DAMS)

Financial relief options

Indigent relief

We have adjusted the processes of our indigent, disabled and pensioner rebate applications, which will help those affected by the COVID-19 crisis to qualify faster for rebates.

- Send an email to indigent.relief@capetown.gov.za or visit www.capetown.gov.za/indigentbenefits
- View other financial relief options for property owners during the COVID-19 crisis.

Invoices and account payments

The South African Post office is closed; we will not be able to post your municipal accounts to you.

- Request an invoice via email to copy.invoice@capetown.gov.za.
- Billings will be based on estimations compared to the usage over the same period in 2019.
- Register for e-Services to view all your account details online.

Account payments:

- ATM: contact your bank to add the City as an ATM beneficiary
- EFTs: Select the City as a beneficiary. Use your nine-digit municipal account number as a reference
- Online: www.Easypay.co.za or www.payCity.co.za and the e-Services Portal
- Retailers: Checkers, Pick ’n Pay, Shoprite, Spar and Woolworths

Meter reading:

- No meter readings will be done during this period.

Register for e-Services

Our e-Services platform allows you to:

- Receive accounts via email, pay accounts, view current account and account history
- Log service requests
- Submit water/electricity readings
### Reporting

#### Electricity faults

For faults and emergencies:
- send an SMS to 31220 or,
- email power@capetown.gov.za or faultreport.centre@capetown.gov.za.

Visit the City’s website to apply for a prepaid electricity meter in the future.

Alternatively, you can:
- register for e-Services and manually submit your meter readings, or
- send a photo of the meter reading by email to electricity.meterreading@capetown.gov.za, or
- phone 021 444 6286 / 021 444 8432 / 021 444 8478 / 021 444 1554 or 0860 103 089.

#### Water faults

Submit water-related service requests, including: burst mains, no water at a property, stolen meters and sewer blockages/overflows, using the following channels:
- Call 0860 103 089 (choose option 1 for Solid Waste and option 2 for water-related matters)
- Email water@capetown.gov.za or SMS 31373 (max of 160 characters)
- Online: http://www.capetown.gov.za/servicerequests/

#### Other

View our Fault Reporting Guide for a list of the type of faults you can report using the following channels:
1. Call 0860 103 089
2. Submit a service request (C3) online

Always remember to take note of the reference number provided. You will need your reference number to follow up on any service requests that you have submitted.

For refuse collection delays, stolen bins etc., email: wastewiser.user@capetown.gov.za

### Guidelines

#### Guidelines for Domestic Waste Disposal During the COVID-19 Pandemic

Follow our guidelines for the disposal of your domestic waste to help prevent the spread of COVID-19. These guidelines are aligned to national and provincial guidelines and exist to curb the spread of the coronavirus to the refuse collection staff and others.

1. All waste items that have been in contact with someone who has COVID-19 or who you suspect may have been infected, must be disposed of in a separate container (e.g. used tissues, wipes, masks etc.)
2. Double-bag this waste.
3. Keep this waste on the property for at least five days before placing it out for collection in the bin.
4. Other household waste can be disposed of as normal.
5. Practise social distancing when interacting with Solid Waste staff.
6. Wash your hands before and after handling the bin and sanitise the lid, if possible, to prevent your bin from possibly becoming a site of transmission for the disease.
Guide for Waste Service Providers

Our Integrated Waste Management By-law, 2009, gives us the power to regulate, control and monitor the generation, management and disposal of solid waste in Cape Town.

Registration of unaccredited waste service providers

We have decided to allow the disposal of business waste at our facilities. This provision is only for vehicles with a maximum carrying capacity of 1,5 tons, and accreditation that aligns with our Policy for the Accreditation of Service Providers of Waste Management Services is required.

All unaccredited waste service providers must submit the following information to gain access to waste disposal facilities and allow for accreditation later on:

- A copy of your ID card or green ID book
- A copy of your permit from your waste generator.
- An official letter from your company on an official letterhead stating that you are aware of the waste tariff policy and agree to adhere to the stipulated conditions.
- Vehicle registration number.

Tariffs for business waste disposal applies. It is illegal to operate without a permit or accreditation. You are required to apply for accreditation and obtain the necessary permit. Once approved, you will be issued with a permit letter.

To obtain your permit letter, contact:

Alfonzo Noble  
Telephone: 074 446 3682

Or  
Thembelani Mandindi  
Telephone: 082 339 6297

Health and safety rules for public transport

Follow these basic health and safety rules to limit the spread of COVID-19 when using public transport:

Staying at home is still the safest option, but if you must travel, only do so for work purposes, or for essential goods and services.

Note: You will not be allowed to access any public transport without a mask or scarf.

If you have to use public transport:
- a mask or scarf covering your nose and mouth must be worn at all times;
- avoid physical contact with others by standing and sitting at least 1,5 m apart;
- avoid touching common surfaces;
- avoid touching your face;
- stay at home if you are feeling sick;
- use hand sanitiser if it is available; and
- wash your hands with soap and water before and after the trip.

Conditions for informal trading under Alert Level 3

Trading Conditions

ALL traders must adhere to strict health and safety protocols as stipulated in the COVID-19 Regulations, including the following:

1. Markets/ stalls must be set up from 06:00 and traders should be off site by 18:00
2. Traders must use Personal Protective Equipment (PPE) at all times (masks, sanitiser, and gloves)
3. Soap and water must be available for washing of hands and surfaces etc.
4. Maintain a distance of 2 m between trading stalls
5. Customers must stay 1,5 m apart at all times - traders are responsible for ensuring social distancing
6. Traders must have a City trading permit and/or COVID-19 informal trading permit available for inspection at all times.

**In addition to the above:**

All markets must have a COVID-19 Operating Plan, outlining how market management/trading associations/trader leadership aim to ensure that all traders adhere to the above-mentioned conditions.

Operating plans should also include measures to sanitise and disinfect all surfaces at the market.

Market management must take responsibility, in terms of the COVID-19 Health and Safety Regulations, for all traders and visitors to the market, ensuring that risk of infection is limited.

Email your Operating Plan to richard.holdstock@capetown.gov.za, include the name of the market, contact person, contact details and the anticipated date the market will open in your email.

**Contact us**

For more information and general enquiries, contact:

Urban Management Informal Trading Call Centre:

Telephone: **021 400 3131** (select option 6)

Email: richard.holdstock@capetown.gov.za

---

**Refuse Collection Delays: Bin Care and Waste Disposal Guidelines**

**Bin care**

1. Freeze any meat products (i.e. chicken, red meat, off-cuts, etc.) until collection day. Placing it into your bin frozen will prevent the breeding of flies.
2. Remember to wash your hands thoroughly after handling your bin and your waste.
3. Store your bin in a cool place and avoid direct sunlight – this will reduce/prevent flies breeding in your bin. It also helps to spray your bin with insecticide.
4. Wash and disinfect your wheelie bin regularly, especially when placing it outside and bringing it back inside

**Dos and Don'ts**

- Do not resort to illegal dumping. Excess refuse can be bagged and will be collected on the next removal day.
- Keep your bin on your property until the next scheduled removal day.
- Practise social distancing and do not approach staff members as they go about their duties.

**Make space in your bin**

- Stockpile your clean, dry recyclables. Recyclables take up valuable space in your bins, and the added volumes place pressure on refuse collection services.
- If you have no more space to stockpile your recyclables and garden greens, consider contacting a private accredited waste service provider. You can use our [waste recyclers app](#) to find one near you.
- Where possible, practise home composting - this will free up more space in your bin.
We will require a risk assessment and a COVID-19 mitigation plan for every location being used before a film permit is issued. Our law enforcement agencies will monitor compliance and will be there to advise production companies on the implementation of the COVID-19 mitigation and safety measures.

All those in the film industry, and those going out to film locations, must adhere to the protocols as well as all applicable regulations in terms of hygiene on set and social distancing to ensure the safety of everyone.

Production companies will be required to comply with the following actions, among others:

- All staff, cast and crew must be screened daily at the start of each shift/shoot. A record of each person’s daily temperature should also be kept.
- Cloth masks or face shields must be provided for cast and crew
- COVID-19 awareness information, including workplace protocols, must be displayed in common areas and copies provided to all staff
- Ensure that 70% alcohol-based hand sanitiser is made available for all cast, crew and service providers on sets and workspaces
- Only necessary permitted people should be allowed on set
- Sets/workspaces must be disinfected regularly before and after filming
- The number of people on set must not exceed 50 people as per the Arts and Culture Ministry directions
- Workplace equipment and props must be disinfected before they are returned to storage or service provider

View the Standard Operating Procedures.
National regulations around the treatment of deaths, funerals and burials

- Remains of a COVID-19 patient may only be transported in public if:
  - placed in a polythene bag,
  - sealed in an airtight container,
  - placed in a sturdy non-transparent sealed coffin,
  - embalmed and covered with a 5 cm layer of sawdust which is treated with a disinfectant.

- A medical practitioner must declare in writing that the conveyance of the remains will not constitute a health hazard.

- The vehicle used must be designated and certified to transport remains.

- If the deceased did not die of an infectious disease, the remains must be accompanied by a certificate to that effect, issued by a medical practitioner or forensic pathologist.

- A burial or cremation of the mortal remains of a person who died of COVID-19 must be carried out in terms of the Human Remains Regulations.

- Cremation is highly recommended, but in the event of a burial, the accompanying service (funeral service and burial) may not last longer than two hours, with 30 min in the Cemetery. Only immediate family members should be present – COVID-19 patients may not attend.

- Funeral services may be held – but a maximum of 50 attendees is permitted.

- Mourners should practise social distancing during and after the burial service.

The following are guidelines drafted by the National Health Department around dealing with a COVID-related death in the home:

In the event that a person infected with COVID-19 dies at home:

- Family/household members must not, at any stage, handle the body.
- Call SAPS (10111), Emergency Medical Services (10177) and your family undertaker, and inform them of the death and the circumstances – remember to advise them of the deceased's COVID-19 status.
- The deceased person’s belongings should be handled with gloves and cleaned with a detergent followed by disinfection with a solution of at least 70% ethanol or 0.1% (1000 ppm) bleach.
- Clothing and other fabric that belonged to the deceased should be machine washed with warm water at 60-90 degrees and laundry detergent.
- If machine washing is not possible, linens can be soaked in in a large drum filled with hot water and soap. Use a stick to stir and be careful to avoid splashing.
- The drum should then be emptied, and the linens soaked in 0.05% chlorine for approximately 30 minutes. Finally, the laundry should be rinsed with clean water and the linens should be allowed to dry in full sunlight.

Tips to manage mild COVID-19 cases in the home

As the caseload grows, more and more households are likely to be affected by COVID-19 in the home. See our practical tips for both patients and caregivers below:

Most people can recover from the virus at home. At least 80% of those infected will present with mild to moderate symptoms.

If you do not fall within the high risk categories mentioned above, only get tested if you suspect you have COVID-19, and recover at home.

You should remain isolated from the rest of your household for at least 14 days, if you:

- are waiting for test results,
- have a confirmed or suspected COVID-19 diagnosis with mild symptoms, or
Tips to manage mild COVID-19 cases in the home

• have been identified as a close contact with someone with COVID-19

While at home, monitor your symptoms and temperature twice daily.

If your symptoms begin to worsen you might require more advanced care – particularly if you:
• develop problems breathing,
• experience persistent pain or pressure in the chest area, and/or
• struggle to wake up.

Call your healthcare provider or the provincial COVID-19 health line if your symptoms persist beyond seven days.

Generally, after 14 days you will be considered free of the virus if you are no longer showing symptoms. If in doubt, check in with your healthcare provider or local clinic just to be sure.

You should only recover at home if:
• you are able to isolate yourself from other household members.
• a healthy person is available to take care of you, and
• you have easy access to your healthcare provider, if need be.

Some practical tips for taking care of someone with COVID-19 include:
• ‘Double bag’ contaminated waste such as tissues or disposable masks and store for five days before putting out for collection
• Avoid contaminated items (e.g. do not share toothbrushes, cigarettes, eating utensils, dishes, drinks, towels, washcloths, or bed linen).
• Clean and disinfect bathroom and toilet surfaces at least once daily if you share the bathroom.
• Clean and disinfect surfaces daily, especially those frequently touched in the patient’s room, e.g. bedside tables, bedframes, and other bedroom furniture. Regular household soap or detergent can be used for cleaning.
• Clean the patient’s clothes, bed linen, bath and hand towels. You can use regular laundry soap and water or machine wash at 60–90 °C (if possible) with common household detergent, and dry thoroughly.
• Ideally, assign one person who is in good health and has no underlying chronic or immune-compromising conditions to look after the patient.
• If possible, the patient should be in a well-ventilated single room (i.e. with open windows and an open door). Other household members should stay in a different room or, if that is not possible, maintain a distance of at least one metre from the sick person (e.g. sleep in a separate bed).
• Limit the movement of the patient in the house and minimise shared space.
• Place contaminated linen into a laundry bag. Do not shake soiled laundry and avoid contaminated materials coming into contact with skin and clothes.
• Use dedicated linen and eating utensils for the patient.
• Visitors should not be allowed until the patient has completely recovered.
• Wash your hands after any type of contact with the patient or their immediate environment.
• When washing hands with soap and water, it is preferable to use disposable paper towels to dry hands. If these are not available, use clean cloth towels and replace them frequently.

What to do if you cannot self-isolate at home:
1. Contact your nearest health facility, or
2. call the provincial hotline on 021 928 4102 to secure access to a quarantine or isolation facility.

Look after yourself to look after others:
All household members should take necessary precautions to ensure that they do not become infected.

Follow the guidelines below:
• If you feel ill – stay at home!
• Practise responsible respiratory hygiene (cover your coughs and sneezes)
• Social distancing is everyone’s responsibility – implement it strictly
• Wash your hands regularly with soap and water for at least 20 seconds
• Wear a cloth mask at all times when in public (do not touch your face)
• Wipe down all surfaces that you may come into contact with
