

# Get out and *explore* Cape Town this Tourism Month

September is Tourism Month. You are encouraged to get out and explore our Mother City with family and friends.

World Tourism Day (WTD) takes place on 27 September each year. Its purpose is to raise international awareness of the importance of tourism and its social, cultural, political and economic value. The event seeks to highlight global challenges outlined in the United Nations Millennium Development Goals (MDGs) and turn the spotlight on tourism's contribution in reaching these goals. This year's World Tourism Day theme is "Tourism and jobs: A better future for all".

Cape Town attracts tourists from across the globe thanks to its natural beauty, vibrant culture and ease of access to key tourist sites. The city is recognised globally as a top tourist destination, brimming with affordable things to do. Tourism Month is an ideal time to try out [#pocketfriendlycapetown](#).

## 18. WATCH THE NOON DAY GUN BEING FIRED

Up on Signal Hill at 12:00 exactly every day, a cannon is fired. Accurate to the nearest millisecond, it booms over the Mother City. The Noon Gun consists of a pair of black powder Dutch naval guns, fired alternately, with one serving as a backup. It is not only Cape Town's oldest living tradition, the two guns used are the oldest in the world still in daily use.

As early as 1806, the Noon Gun was used as a time signal for ships anchored in Table Bay and the cannon was fired from the Castle of Good Hope. In those days, time was loosely divided into day and night, morning and afternoon, and travellers from the Mother City would be expected to provide the correct 'gun time'. It was moved in 1902 to its present position, where it overlooks Cape Town and Table Bay.

This tradition has managed to survive and is still used to set one's watch. Today it is fired electronically from the South African Astronomical Observatory in Observatory, and its accuracy comes from an atomic clock. You can watch the daily ritual up on Signal Hill at Lion Battery, from 11:30 (except on Sundays or public holidays).
