Need to know at Green Point Park

If you have any questions about Green Point Park, you'll probably find the answer below.

You're welcome to enjoy picnics in the park but we ask you to please leave your fires, braais and gas apparatus at home.

Please also leave dangerous equipment behind, such as knives, explosives, fireworks and firearms, before entering the park.

Keep the peace and don't bring alcohol or loud music along. We do not permit busking, hawking, swimming, camping or the picking of our flowers. Thanks!

Umbrellas, gazebos and other shade equipment are welcome in the picnic area only. Weather permitting, we may ask you take these down if you are in another part of the park.

Feel free to bring pets and furry friends along but do keep them on a leash at all times and away from our Biodiversity Showcase Garden.

Skateboards, roller blades, push scooters and other fun contraptions are to be used in designated areas only, such as the lighthouse walk-way.

Children are welcome always, but if they are under 16 years old, they must be accompanied by an adult.

Help us keep our gardens and walk-ways clean and beautiful by disposing of any and all litter in the designating rubbish bins found at the entrances.

When you arrive, please make sure to park in the allocated visitors parking lots.

No area or park benches and tables may be reserved or demarcated by visitors for example, in the case of a party.

No structures such as jumping castles or gazebos may be erected by visitors at the park.

We allow you to play ball sports in the park but please don't bring hard balls like cricket or golf balls along as they are dangerous. We suggest making use of Reddam field for ball sports.

We remind you that while Green Point Park is a wonderful place, you do enter and use the park at your own risk. The venue, management and staff will not be held responsible for any loss or damages. Should you require any assistance, our security personnel are on hand at all times.

Enjoy, take care and be sure to visit again.
