## **PART A. MOTIVATION REPORT**

### **Introduction**

#### **The CCID background, nature and function**

The Cape Town Central City Improvement District (CCID) was established in November 2000 as the operational arm of the then Cape Town Partnership. Covering the business hub of the traditional central business district (CBD), it became the first legally bound City Improvement District (CID) in South Africa. Since then, it has gained a reputation nationally and internationally as an acclaimed model of a successful and effective public-private partnership.

The term City Improvement District refers to a specific geographical area, approved by the City Council in terms of the Municipal Rates Act, section 22 (Special Rating Area [SRA]), the CID By-law and Policy, in which supplementary and enhanced services are provided in addition to those rendered by the City of Cape Town.

As a non-profit organisation, the CCID operates with its own board of directors and liaises across both public and private sectors, working with each to develop, manage and promote the Cape Town Central City.

Founded with a vision for the CBD to rise from the 'crime and grime' scenario it had fallen into in the late 1990s, the CCID has, over the past 24 years, worked consistently and relentlessly to establish and maintain a vibrant downtown considered to be not only the safest and cleanest in the country, but also the most successful economically.

Comprising four operational departments, namely Public Safety, Urban Management, Social Development and Communications, the CCID expanded its original vision to create and promote a CBD that was safe, clean and caring to include 'open for business' in 2011.

As a result of investments made into the Cape Town Central City since 2005/2006, the year-on-year valuation of all property (residential and commercial) held in the CBD has increased from R6,2 billion to an estimated R42,8 billion in 2022/2023, according to the City of Cape Town. In 2023, the value of property investment in the Cape Town CBD was conservatively estimated to be worth R7,28 billion. This is extraordinary for a CID that has a small footprint of 1,62 km<sup>2</sup>.

## **Achievements over the past five years**

- The CCID has achieved an unqualified audit for 24 consecutive years.
- It received its sixth vote of confidence from property owners and the City in 2020 when its 2020-2025 Business Plan was approved.
- Interventions put in place by the CCID 24 years ago – including maintaining a highly visible and effective public safety presence and urban management teams to clean, manage and improve public spaces – continue to pay tremendous dividends. Together with its primary partners, the CCID continues to maintain a strong policing presence in the CBD and is a stabilising force that continues to monitor and bring crime and unlawful behaviour under control, and to clean and upgrade the urban environment.
- Due to the CCID's reputation for providing excellent, visible and innovative supplementary and enhanced services to those of our primary partners, demands for these services have increased annually. Over the past eight years, from 2017, the CCID has operated under difficult conditions, including the impact of the drought and water crisis, ongoing power cuts, and the two-year economic crisis prompted by Covid-19. Irrespective of these serious challenges, the CCID pivoted, strategised and continued to maintain and create a business- and visitor-friendly CBD for all to enjoy.
- The CCID's promotion of the CBD as a viable city centre in which to invest and do business has contributed to the Central City's development into a successful economic hub that continues to attract billions in investments every year.
- Other than its primary partners, namely the City of Cape Town and SAPS, the CCID works with other investment partners, including Wesgro, the Cape Chamber of Commerce and Industry, the WC Economic Development Partnership, Invest Cape Town and InvestSA Western Cape, to promote the CBD, the City of Cape Town and the Western Cape province.

**Geographical area of the CCID**

The CCID's operational boundaries cover an area of 1,62 square kilometres.

The northern border is Nelson Mandela Boulevard, which stretches to the southern boundary of Buitensingel/ Roeland streets, while the western border starts from Buitengracht Street and stretches to Canterbury Street and Christiaan Barnard Boulevard in the east. The area is divided into four precincts: Precinct 1 (in blue on the map below) on the Foreshore is the conferencing, hospitality and financial precinct; Precinct 2 (lime green), which starts in Riebeek Street and ends at Wale Street, encompasses the retail hub of the CBD; Precinct 3 (orange) borders the Company's Garden and is the legal and parliamentary precinct; and Precinct 4 (red), referred to as the East City.

## Strategic objectives of the CCID

In partnership with the City of Cape Town, the CCID will strive to carry out its mandate to the best of its ability, assisting the City in creating and maintaining a safe, secure, caring, clean and integrated urban environment.

### Improving public safety

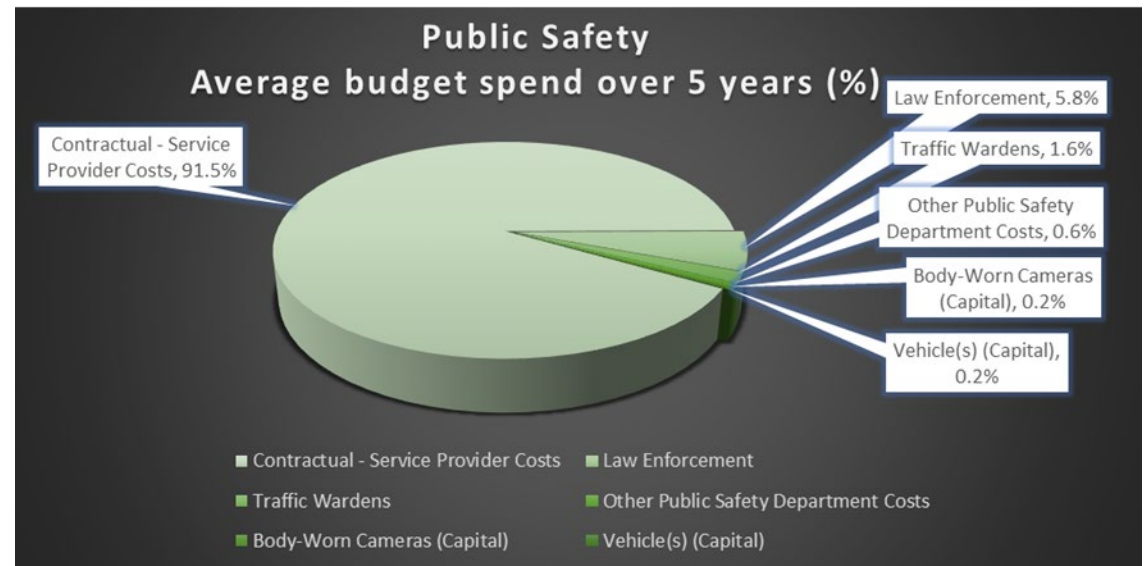

#### CCID Safety and Security Department

The CCID will spend **58%** of its budget on public safety. Over the past five years, due to the economic and social consequences of the Covid-19 pandemic, the CCID's Safety and Security Department has had to continually review its safety strategy to ensure a safe and secure CBD. In the next five years, the CCID's Safety and Security Department will:

- monitor crime trends that impact on business and tourism.
- adapt its public safety contingent according to the needs of its stakeholders, introducing new units, when necessary, in a bid to address the rise in public safety issues and lawlessness.
- work tirelessly alongside its partners, including SAPS, the City's Law Enforcement agency and the Community Police Forum, to secure the CBD.

The City of Cape Town will provide 16 CCID-funded law enforcement officers who will work on a 24/7 cycle (four per shift) to give the CCID the full reach of the law. They will be deployed in mobile response vehicles, allocated one per precinct.

The City will also provide six CCID-funded traffic wardens, deployed Monday to Friday from 10:00 to 17:30 to help ease traffic congestion at specific intersections during peak traffic, and issue fines during the day for non-moving traffic violations.

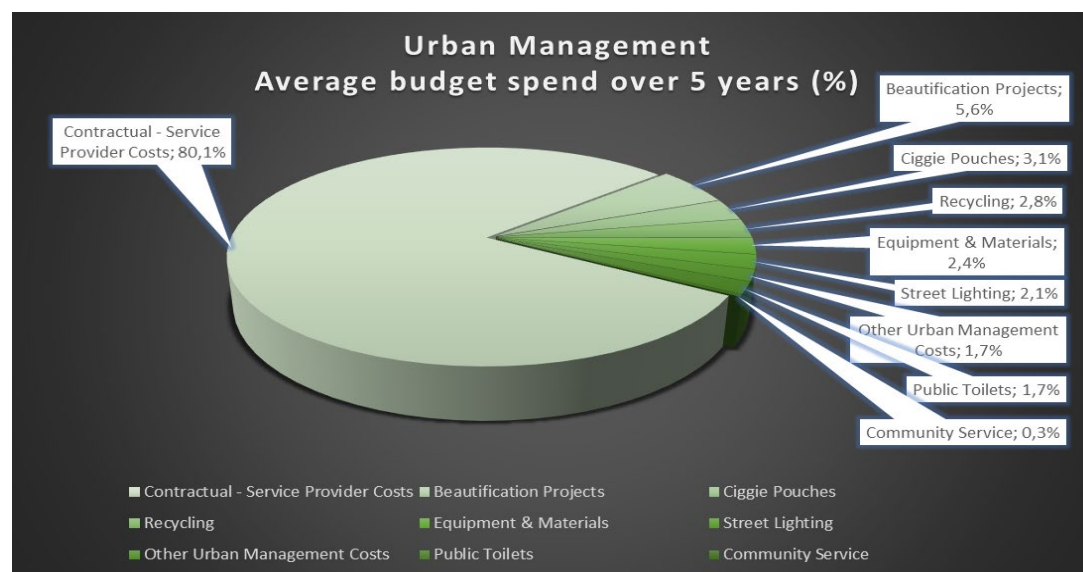

## Maintaining and cleansing public areas, beautification, greening, and upgrading of public spaces

### CCID Urban Management Department

A total of 11% of the CCID's budget will be spent on providing a clean, attractive and risk-reduced urban environment for all to enjoy. The CCID's Urban Management Department's objectives will be as follows:

- Provide supplementary and enhanced services to complement those provided by its primary service provider, the City of Cape Town.
- **Maintaining and cleansing:** Collect litter; sweep all streets; carry out detailed cleaning; clean and sanitise unhygienic 'hotspot' areas; empty green bins; re-bag illegally dumped waste and remove it to landfill; bag and remove overflowing waste from black wheelie bins; remove graffiti, stickers and strings; clean municipal and stormwater drains; check rodent baiting boxes; remove and spray weeds; carry out high-pressure hosing; and infrastructure repair.
- **Road maintenance and repairs:** Fixing of potholes and minor road defects; kerb-stone repairs and replacements; replacing subsided paving; replacing broken slabs; minor trench reinstatements; removing cut-off parking metre poles; straightening poles and street signs; bricklaying and reinstatements; repainting faded markings and signs, etc.
- **Beautification and upgrading:** General garden services; prune, plant and water trees; water and maintain pot plants; paint and repair CBD infrastructure and carry out urban beautification projects.

**Work will be outsourced to three service providers, namely:**

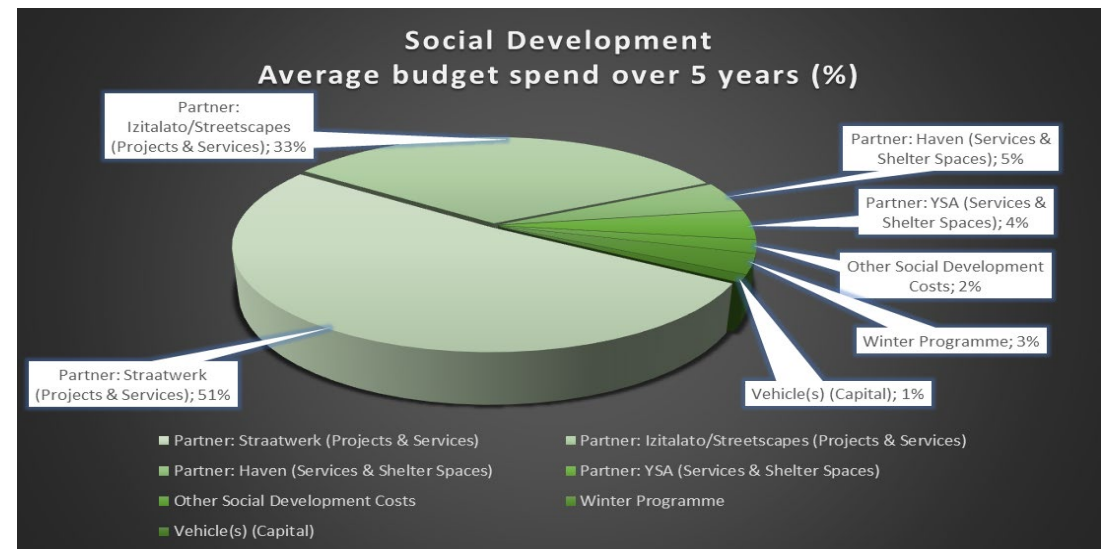

- A professional cleaning company will provide cleaning 365 days/year, approximately 24 hours/day, with 63 skilled cleaners working day and night shifts. The shifts will be as follows: 07:30 to 16:30 (day shift, Monday to Sunday); 19:30 to 04:30 (night shift, Monday to Sunday). An afternoon shift will also clean from 16:00 to 20:00.
- An NGO, Straatwerk, will provide staff divided into three teams, namely technical, road maintenance and '*opruim*'. Daily work opportunities will be created for approximately 163 semi-skilled cleaning and maintenance staff, six days a week.
- 19 technical and road maintenance team members will work five days a week, eight hours a day. The plan is to expand the road maintenance team to do weekend maintenance during low-traffic hours.
- This NGO will also provide 40 participants who will be part of the CCID's Recycling Project, collecting recyclables from green street-pole bins in the CBD.
- Another NGO, Streetscapes, will provide approximately 19 participants who earn a stipend managing and cleaning the CCID and the City of Cape Town's Public Toilet Project in the CBD; the participants will maintain and clean eight toilets, including five mobile toilets and two urinals, located in pairs in strategic areas. They will work from Monday to Sunday in shifts, mostly from 07:00 to 23:00 or from Monday to Friday from 07:00 to 17:00 depending on the opening hours of the facilities.
- Streetscapes will also provide approximately eight participants for a long-standing project that aims to manage waste collection from black wheelie bins in Long and Loop streets and to ensure the bins are not vandalised or stolen (08:00 to 11:30, Monday to Friday).
- In addition, Streetscapes will provide three participants to manage petty crime offenders who are given community service by the Community Court. They will work a four-hour shift when necessary.

## Promoting social development in a holistic manner

### CCID Social Development Department

Promoting social development will remain a significant challenge in the CBD. The CCID will allocate 7% of its budget to its social development projects. The CCID Social Development Department is dedicated to transforming the lives of the CBD's homeless community. Since Covid-19 there has been a huge influx of homeless people in the CBD. This placed enormous pressure on this department, and these challenges are likely to continue in the next five-year period. The team will apply the following multi-faceted approach to continuously provide vital support.

- Provide supplementary and enhanced services to support and enhance the efforts of its primary partners, the City of Cape Town's Department of Social Development and Early Childhood Development, as well as the Provincial Department of Social Development, and the CCID's NGO partners.
- Conduct daily patrols in the CCID footprint to identify new adults and children living on the street.
- Address social challenges and anti-social behaviour to ensure chronically homeless individuals receive comprehensive support.
- Work closely with its partner NGOs that service this community and support them to protect street children and day strollers.
- Engage daily with the Central City's most vulnerable citizens to uplift their lives and help them to move off the street.
- Refer job seekers and destitute individuals to partner NGOs for assistance.
- Assist with family reunification where possible and help partner NGOs to secure shelter space, food and clothing for those in need.
- Engage with stakeholders, address complaints from businesses and the public, and raise awareness around key issues.

- Provide direct support to individuals on the streets while fostering collaboration with businesses, the public, and partner organisations.

By working together with its partners, the department will play a vital role in assisting the homeless population in town, including the chronically homeless, individuals facing physical, mental health, addiction and other health-related challenges, pensioners and disability grantees, migrant workers, members of the LGBTQIA+ community, families living on the streets and day strollers, particularly street children.

### **Promoting the work of the CCID and economic investment in the Cape Town CBD**

#### CCID Communications Department

The CCID Communications department will promote the NPO's work and uphold its reputation. Communications will receive 4% of the CCID budget and will collaborate with the CCID's other departments to achieve the following:

- Promote the work of the CCID in the CBD through its 'business as usual' vision, highlighting its day-to-day operations and services in the media, on its social media channels, through departmental campaigns and in its print and digital publications, and other digital communications channels, including its website and e-Newsletter.
- Facilitate business and property investment into the area, encourage business and leisure tourism, promote the myriad hotels and other accommodation establishments, promote the events and entertainment economy, and encourage locals, national visitors and international visitors to come to the CBD and support inner-city stakeholders and the CBD night-time economy through its 'open for business' vision.

- Maintain the CCID's numerous databases and image bank, compiled over the years and determined by the dynamics of the Central City, to provide insight into the area, drive and promote investment into the region and encourage investment through information sharing. Work on current and ongoing databases will include:
  - updated data on business entities, including retail entities
  - commercial and residential property occupancy and vacancy reports
  - government/public sector updates
  - CCID membership and property database verifications

**Work will be outsourced to one main service provider:** A professional public relations consultancy will be appointed to provide media support and to draft editorial content to ensure that the work of the CCID and the economic success of the Cape Town CBD is featured prominently in chosen top-tier media outlets. The service provider will distribute media releases, track the success rate of publications and ensure adequate representation in selected print media and digital channels.

### **Core values of the CCID and its management body**

The CCID will strive to protect, clean, enhance, maintain and promote the Central City. The core values of the organisation and its management body will be:

- Reliability
- Commitment
- Accountability
- Consistency
- Integrity

These values will be achieved by:

- liaising in person with stakeholders and responding timeously to requests and queries.
- fulfilling contractual obligations.
- ensuring work carried out is to the highest standard.

- communicating to our stakeholders on our operational endeavours via social and print media channels and our own publications.
- submitting detailed quarterly reports to the CCID board of directors.
- producing a detailed annual report on the CCID's work.
- presenting our results, successes, achievements and challenges comprehensively and accurately at our AGM.

## **Proposed services and/or projects**

### **Improving public safety**

The main objective of the CCID will be to provide the CCID's stakeholders with a safe and secure CBD. Working with its primary service providers, the department will strive to:

- provide visibility on the streets through the deployment of public safety officers to cover the CBD. Extra visibility will be provided based on the crime analysis and might differ between day and night.
- ensure rapid response time to incidents with four dedicated response vehicles with CCID and service provider branding.
- execute planned and ad hoc crime prevention operations as a deterrent to potential criminal activities.

The public safety plan includes the following:

- The Safety and Security Department will have a full-time staff of six, comprising an HOD, two day-time and three night-time managers.
- The appointed service provider will provide security through the deployment of a dedicated contract and operational management structure, shift and precinct managers, mobile response supervisors and foot officers, including over 300 public safety officers (PSOs) with body-worn cameras, deployed 24/7 on a 365-day rotational shift basis.
- There will be nine controllers and radio trackers, deployed 24/7.
- Nine shift/precinct managers (three per shift).
- Twelve mobile supervisors and eight vehicles (four per shift).
- There will also be nine strategically placed public safety kiosks.

The CCID will offer the following supplementary and enhanced public safety services to augment those provided by the City of Cape Town's Safety and Security Directorate in support of SAPS.

- Provide visible policing in terms of our PSOs, branded mobile units, security kiosks and break/rest Rooms.
- Respond to all incidents reported to our 24/7 emergency hotline.
- Police by-law infringements via CCID-funded LEOs, including antisocial behaviour and aggressive begging.
- Participate in scheduled joint crime-prevention operations with our primary and other partners, including vehicle checkpoints and stop-and-search operations, and drug-dealing operations.
- Target hotspot areas and strategically deploy teams day and night in Long Street.
- Identify the need for and then formulate and provide reaction units to deal with specific trends.
- Mitigate traffic congestion at major intersections within the CBD, especially during rush-hour traffic, via CCID-funded traffic wardens.
- Participate in the consultative processes around liquor and tables and chairs applications.
- Provide security for events to safeguard areas directly surrounding and leading to event footprints.
- Assist the public with medical and rescue callouts and vehicle breakdowns.
- Participate in security forums and collaborate with sector policing.
- Continue to liaise with the City's CCTV Surveillance Unit and SAPS' Community Radio Room.
- Analyse and interpret crime trends related to public safety.
- Offer security training for corporates and hospitality through presentations.

The CCID will engage and foster relationships through formal communication and cooperation with CBD stakeholders, the Community Police Forum, the Western Cape Government Department of Safety and Security, Metro Police (Cyclops) and the Western Cape Government Department of Community Safety (DOCS).

The CCID will also work with other security organisations, civic organisations, neighbourhood watches, City ward councillors, relevant City authorities and various NGOs. These partnerships and cooperation will enable the CCID to form a tight security net over the Central City and continue to respond to any incident in less than five minutes.

## Upgrades and improvements

The following value-add projects will be offered:

- **Safety awareness educational campaign:** The department will continue to invest and roll out an annual awareness campaign over the festive season to encourage members of the public to be vigilant about their personal belongings and to not fall victim to petty crime incidents.
- **Card-scamming project:** The department will continue with the joint weekly operational planning meeting to share information on card-scamming incidents, to track trends and hotspots and to utilise this information for the planning and execution of undercover operations with SAPS, Crime Intelligence and Cyclops to fight this crime.
- **Educational awareness programmes:** Safety presentations will be done with members of the public and businesses to showcase the services of the CCID and provide information on how to 'stay safe' in the CBD. This will include the distribution of safety pamphlets to hotels, Airbnbs and businesses to promote safety awareness.
- **Effective use of technology:** The department will continue to invest in, and use, technology to support Safety and Security's deployment strategies. This will promote the effective management of public safety officers on the ground, ensuring that those in the closest proximity to a crime incident can be diverted to render assistance. The facial recognition modules on the incident desk will be a valuable tool to register suspects and to link them to all related incidents where they were involved.

How the proposed improvements are consistent with the CCT Integrated Development Plan:

- The partnership and cooperation with the City of Cape Town Law Enforcement and SAPS and the commitment to conduct regular joint crime prevention operations will contribute to a safe and secure environment in the Central City.
- Continuous liaison with the City's CCTV surveillance room will ensure that we are able to remain the first responders to identified incidents in the CBD.
- The investment in suitable technology will enable us to identify crime hotspots and to redeploy existing/additional resources to combat crime in these areas.
- By maintaining and strengthening existing partnerships and developing new ones, the department can help to develop and implement a holistic crime prevention strategy to form a tight security net over the Central City.

The above public safety services are in support of the City's IDP. Security officers will be strategically deployed and crime trends will be constantly monitored to reduce crime. There will be continual investment in suitable new technology to enhance our security offering, such as body-worn cameras. Regular joint crime-prevention operations with partners will remain a priority, and continuous liaison with Cyclops will continue to prevent and combat crime incidents. We will maintain and strengthen existing partnerships and create new ones with the aim of developing and implementing a holistic CBD crime strategy. The envisioned public safety services support objectives 5 (effective law enforcement to make communities safer) and 6 (strengthen partnerships for safer communities).

The cost of the proposed public safety service during the five-year term is summarised below.

## **Maintenance and cleansing (including environmental development)**

The main objective of the CCID's Urban Management Department will be to provide a clean, attractive and risk-reduced environment in the CBD by implementing a comprehensive maintenance and cleansing programme. This will be crucial in the next five years as the CBD develops and footfall increases. There will be an increased demand for well-maintained public spaces and clean streets. Cleaning teams will wear uniforms with both CCID and service provider branding.

The aim of the department will be to preserve the quality of the CBD's urban environment, enhance public spaces, and improve the overall experience for residents, businesses, office workers, and visitors.

The department's main objectives:

- Collaborate with the City of Cape Town and CCID service providers, including the NGO, Straatwerk, to maximise efficiency and have a positive impact on the urban environment.
- Clean streets and public spaces daily to work towards a litter- and grime-free, hygienic and welcoming environment.
- Preserve and enhance infrastructure by conducting regular maintenance of roads, pavements, public spaces and street furniture.
- Promote safety and reduce risk by reporting hazards to the City of Cape Town, including broken infrastructure or unsightly areas that will create a negative impression of the CBD.
- Foster stakeholder and public confidence.
- Implement environmentally responsible practices such as tree-planting and waste reduction via strategic projects.
- Carry out beautification projects to enhance the aesthetic appeal of the CBD.
- Address challenges such as illegal dumping and littering.

The cleansing and maintenance plan includes urban management, which will have four fulltime staff members, namely an HOD, a precinct manager, a junior precinct coordinator and a night coordinator.

## **Proposed services**

Urban Management will provide supplementary and enhanced services to those of its primary partners at the City of Cape Town, namely the departments of Solid Waste, City Parks, Electricity, Public Lighting, Traffic Signals, Water, Events, Environmental Health, Public Space Design and Sewerage. The department will identify cleaning challenges in specific precincts in the CCID footprint and establish the most effective plan and strategy for these areas. Responsibilities of the Urban Management team:

- Monitor the streets, exterior of buildings and public spaces across the CCID's footprint every day.
- Identify problem areas that require detailed cleaning or hotspot cleaning.
- Liaise with CCID stakeholders.
- Report defects to various City service departments for repair.
- Identify defects to be repaired by CCID teams.
- Schedule meetings with the relevant City authorities to develop efficient, coordinated solutions to existing and new urban challenges and issues.

The department will provide the following services:

- Professional sweeping and street-cleaning: The 37-member day team (excluding four supervisors, a driver and a manager) will work from 07:30 to 16:30, while the 16-member night team (excluding two supervisors, a driver and a manager) will work from 19:30 to 0:h30, seven days a week.
- Litter-picking throughout the CCID footprint.
- Emptying of green bins every day and bagging overflowing waste.
- Providing and maintaining over 300 CCID cigarette-butt bins.
- Graffiti removal.
- Illegal poster and sticker/string removal.
- Collection of illegally dumped litter for removal.
- Cleaning unhygienic hotspot areas.
- Municipal and stormwater drain and channel cleaning.

- Identifying water faults, including leaks and burst pipes and leaking fire hydrants.
- Reporting street light issues and traffic light failures.
- Water cover installations.
- Replacement of drain covers.
- Unblocking of municipal drains on a monthly basis.
- Clearing over 1 000 stormwater drains of debris to prevent flooding.
- Reinstatement and restoration of sidewalks, etc.
- Monitoring of 680 rodent boxes on a monthly basis, with logs sent to CCT Environmental Health regarding problems, damage, etc.
- Pothole repairs.
- Paving and sidewalk repairs.
- Bollard installations and repair.
- Street sign repairs, straightening and replacement.
- Road marking and line painting.
- Rubble and stone removal.
- Tree trimming, watering, maintenance and planting.
- Maintaining and cleaning tree wells and verges.
- Cleaning the medians in the CCID footprint.
- Weeding: spraying and removal (performed three times a year).
- Other gardening services (including fertilising plants).

#### Additional services

- An additional sweeping team will be introduced from 16:00 to 20:00 from Tuesday to Saturday to clean high-pedestrianised spaces to bridge the gap between the conclusion of the day shift and the commencement of the night shift teams.
- High-pressure hose cleaning will be done to remove dirt and grime that are resistant to normal cleaning, especially oil and sticky substances that accumulate on CBD sidewalks, building exteriors as well as around black refuse bin sites.

- Emergency cleaning after public events will be done to ensure the CBD is clean and presentable the following day.
- Over 100 pot plants in the CBD will be watered, maintained and replanted if necessary.
- Hanging baskets in St Georges Mall will be installed and maintained throughout the year.
- Auditing of green street-pole bins will be done twice a year to identify if there are sufficient bins, damaged bins, bins without lids or inners, strapping or those needing to be replaced. These lists will be communicated to the City's Urban Waste Management Department.
- Litter in electrical substations will be cleared.
- The increasing problem of illegal dumping in the CBD will be monitored and the department will report incidents to the CCT, providing a list of locations prone to illegal dumping.
- Drain cover and street sign audits will be done.
- CCID-branded cigarette-butt bins will continue to be provided throughout the CCID footprint, strategically placed in each precinct, to curb cigarette-butt litter. These will be cleaned, serviced and maintained.

Additional services will also be provided by Urban Management's road maintenance team, in accordance with guidelines included in the CCID's MOA with the CCT, which will supply materials. These services will include:

- Repair potholes and replace and repair kerb stones.
- Straighten poles and street signs.
- Replace or straighten bollards.
- Repair minor road defects.
- Paint road markings.
- Replace missing bricks and relay subsided paving on sidewalks.
- Replace broken slabs.
- Do minor trench reinstatements.
- Replace 9x9 and 12x12 drain covers.
- Do bricklaying and reinstatements.

### General projects

- **Public toilet project.** This project was launched in 2022 to increase the amount of clean, safe and accessible public toilets in the CBD. It is a joint venture between the CCID, Streetscapes and the City of Cape Town, which came on board in 2023. It provides extra ablution facilities in strategic areas in the CBD and work opportunities for those in need via Streetscapes, which provides trained workers who earn a stipend to clean and sanitise the units after each use. There are four mobile units – two units on the corner of Darling and Adderley streets, one mobile toilet and one urinal in Longmarket Street, two mobile units in Barrack Street and one urinal in Hertzog Boulevard. The toilets on Greenmarket Square are managed via the project. Since its inception, over 500 000 people have used the toilets, most of which are open from 07:00 to 23:00 every night. It will continue as long as funding remains available.
- **Organics project.** Through this project, in partnership with the City of Cape Town's Urban Waste Department, leaves shed by trees in autumn will be collected by sweeping teams and placed into clear bags. These bags will be collected by Urban Waste for distribution to organic farms.
- **Recycling project.** Collection of recyclable materials from green bins and from several businesses in the CBD will continue. The service will be performed every weekday by four teams (eight people in total) with special recycling trolleys. These teams will work two four-hour shifts every day. They will wear uniforms with branding of the CCID and the service provider. The plan is to expand the CCID recycling programme and get more businesses involved in waste management.
- **Long and Loop streets bin project.** In collaboration with CCID Social Development and Streetscapes, this project entails litter management in the area through the monitoring of black wheelie bins from 31 businesses to prevent litter ending up on the street when individuals rummage for recyclables. It will also prevent bins being vandalised and/or stolen, and ensure that the area remains clean and business- and visitor-friendly. Eight people will work on this project from Monday to Friday.
- **Block-by-block lighting project.** Designed to enhance safety and security through adequate lighting of certain areas and streets in the CBD, this project entails the strategic installation of additional bulkhead lighting in key areas.

- **Numbering green bins.** All green bins in the CCID footprint will be numbered, and lists will be shared with the City of Cape Town Urban Waste Management Department to facilitate the identification and location of each bin. This will assist with monitoring the movement of bins and the replacement of damaged bins.
- **Drain cover and street sign audits.** Audits will be conducted annually, and reports will be sent to relevant departments at the City of Cape Town to attend to missing street signs as well as drain covers requiring replacement.

#### Environment/beautification projects

Various projects will be carried out in the next five years by Urban Management teams, wearing CCID- and service provider-branded clothing, to enhance the visual appeal and vibrancy of the Cape Town CBD, including:

- **Wine-barrel art:** Discarded wine barrels will be transformed into vibrant planters adorned with captivating artwork that will be placed in the CBD. City Parks will be providing plants and greenery for these barrels.
- **Bollard art:** Designed to beautify the urban landscape, this project has already seen bollards in St Georges Mall and on Thibault Square painted thematically to celebrate the rich tapestry of African heritage. This initiative will be expanded to other public spaces in town.
- **Festive and floral baskets:** 120 festive season and floral baskets will continue to adorn St Georges Mall to liven up the area.
- **St Georges Mall tree-well beautification:** Tree wells will be painted with bright colours to create a vibrant atmosphere in this key pedestrianised area. It will be expanded to other areas in the CBD.
- **Urban greening/landscaping of middle islands:** Landscaping initiatives will be devised to beautify medians in the CBD.

- **Festive wrapping of CBD trees:** Following the successful wrapping of trees in 2021 and 2022, trees throughout the CCID footprint will once again be wrapped (in an environmentally sustainable way) with colourful fabric over the festive season to create interest and vibrancy in the CBD.

The above cleansing, maintenance and environmental services are in support of the City's IDP. A recycling project will ensure that recyclables (plastic, tin cans, glass, cardboard and paper) are collected from green street bins and CBD businesses to reduce waste to landfill and encourage recycling.

A comprehensive, strategic cleaning strategy will ensure: Detailed daily sweeping of streets, pavements and all public spaces, including key pedestrianised areas; extensive litter-picking; daily emptying of overflowing green and black bins and re-bagging of waste; scrubbing of grime and spillage from black bins; reducing, monitoring and clearing waste from black bins in Loop and Long streets via a special project; monitoring of green bins for defects and requests for more bins in public spaces; curbing cigarette-butt litter via CCID cigarette-butt bins; night-time collection and handing over of illegally dumped waste to City trucks seven days a week; informing the City about illegal dumping hotspots; educating business owners about illegal dumping and how to implement a waste management plan.

Deep-cleaning of pavements will take place; grime-filled areas will be cleaned; daily cleaning and disinfecting of unhygienic hotspot areas will take place to reduce health risks; high-pressure hosing of key areas to remove dirt will take place fortnightly.

Educational awareness will be raised to stop cigarette-butt litter ending up in stormwater drains; disposing of them in CCID-branded cigarette-butt bins.

Through several beautification projects, public spaces will be enhanced, including the painting of bollards, creation of street and wall art, installation of floral baskets and planters, planting of trees and plants and maintaining infrastructure, including public benches and bollards.

The following will continue: Repairing of potholes; replacing or repairing damaged sidewalks and kerbs; repainting faded road markings; replacing bollards; straightening of poles, including street signs and traffic signals; replacing drain covers to ensure

pedestrian safety; and other minor road repairs, including small defects; and debris and blockages will be cleared from municipal and stormwater drains to reduce the risk of flooding.

The envisioned maintenance, cleansing and environmental services support objectives 4 (well-managed and modernised infrastructure to support economic growth), 9 (healthy and sustainable environment), 10 (clean and healthy waterways and beaches), 11 (quality and safe parks and recreation facilities), 12 (safe and quality roads for pedestrians, cyclists and vehicles) and 14 (a resilient city).

The cost of the proposed maintenance and cleansing and environmental service during the five-year term is summarised below.

## **Promotion of social and economic development**

The CCID is dedicated to transforming the lives of the homeless community in the CBD, which has the highest number of homeless individuals in the Cape metropole.

As a key facilitator, the department will continue its strong partnerships with the City's Department of Social Development and Early Childhood Development, as well as the WCG Department of Social Development. Together, they will provide much-needed support such as shelter, healthcare, addiction treatment, and skills development, aiming not only to address the immediate needs of the homeless but also to create pathways for long-term reintegration into society.

With a focus on collaboration, advocacy, and resource mobilisation, the department will be committed to fostering an inclusive community where everyone has access to the support that they need to rebuild their lives.

### **Objectives**

1. Provide the homeless with access to essential services, including shelters, healthcare, social grants, counselling, and harm-reduction services.
2. Promote empowerment and reintegration by connecting the homeless to resources and skills development, facilitating sustainable reintegration through personal development programmes.
3. Deliver evidence-based interventions that are continuously evaluated to effectively meet the needs of the homeless community.
4. Foster collaboration to strengthen partnerships with NGOs, government agencies, and businesses to build a supportive network resource for vulnerable individuals.
5. Build capacity within the CCID to strengthening the organisation's overall effectiveness in addressing the needs of the homeless and those facing social and economic challenges.

The social and economic development plan includes:

Social Development will have four full-time staff members, namely an HOD, two auxiliary social workers and one fieldworker. There will be two contract workers to complement the team: one night-time fieldworker and one administrative assistant/feeding scheme supervisor.

The team will work closely with partner NGOs such as:

1. Streetscapes
2. The Haven Night Shelter, including The Haven Moira Henderson House
3. Youth Solutions Africa (YSA)
4. TB HIV Care

### **Proposed services**

The CCID will provide supplementary and enhanced services to support and enhance the efforts of its primary partners in this sector and will play a vital role in assisting and engaging with the CBD's most vulnerable populations daily. Through targeted interventions and continuous engagement, the department will help to ensure that these individuals receive the care and resources necessary to improve their quality of life and move off the street where possible. This support will extend to:

- The chronically homeless
- Individuals facing physical, mental health, addiction and other health-related challenges
- Pensioners and disability grantees
- Migrant workers
- Parolees and former gang members
- Members of the LGBTQIA+ community
- Day strollers, particularly street children
- Children in need of care and those who have dropped out of school

- Families living on the streets

The CCID will also actively engage with stakeholders, addressing complaints and raising awareness around key social issues. The Social Development team will take a hands-on approach, providing direct support to individuals on the streets while fostering collaboration with businesses, the public, and partner organisations.

**Key daily activities will include the following:**

- Conducting daily patrols in the CCID footprint to identify new adults and children living on the streets.
- Providing transport to hospitals or arranging ambulances in severe cases.
- Assisting with hospital admissions for chronic and acute conditions.
- Visiting hospitalised clients and coordinating discharge plans.
- Transporting clients to clinics for medication.
- Facilitating voluntary hospital admissions for mental health cases.
- Responding to concerns from businesses and the public regarding street people.
- Addressing anti-social behaviour among the homeless to help manage conflicts.
- Performing regular precinct overviews with other CCID departments to address emerging issues.
- Conducting regular surveys to monitor changing street dynamics.
- Referring job seekers and destitute individuals to partner NGOs for assistance.
- Participating in police and security meetings as needed.
- Supporting NGOs in protecting street children and day strollers.
- Building positive, constructive relationships with homeless individuals and other stakeholders.
- Assisting with family reunification efforts, where possible.
- Helping partner NGOs secure shelter space, food, and clothing for those in need.
- Providing shelter and outreach services through the CCID's winter readiness programme.

## PARTNERS/OUTPUTS

CCID	Feeding scheme	± 55 clients returning needles	Twice a week	TB HIV Care needle-return incentive
CCID	Community advisory group	± 50 homeless clients	Monthly	Community feedback on services, etc. Meal incentive

## Projects

The CCID will continue to roll out the following ongoing projects:

- **Peer fieldworker project.** Through this peer-to-peer programme, previously homeless substance users or marginalised individuals will continue to be trained and employed as ‘peer’ field workers who will engage with the CBD’s homeless to provide them with multifaceted support. The project, which aims to change anti-social behaviour associated with aggressive begging and public substance use, will play a crucial role in the department’s outreach efforts, and will bridge the gap between service providers and the homeless, while empowering field workers through personal and professional growth.
- **Psychosocial group support project.** This programme will see CCID Social Development auxiliary social and fieldworkers providing emotional and psychological support to participants in the peer fieldworker project. The aim is to help them manage the stress and strain of working with vulnerable populations. It will ensure their wellbeing and enable them to be resilient and effective in their outreach efforts.
- **Needle return incentive project.** To curb and control the number of used needles on the streets, the department will continue to offer homeless substance users the incentive of a meal for the return of used needles. TB HIV Care will provide clean needles to these individuals to promote harm-reduction and public safety and allow Social Development team members and peer fieldworkers to engage with these individuals to develop and provide tailored support and intervention strategies.
- **Shelter project.** The department will continue to provide homeless individuals who are in the process of moving off the streets with access to temporary accommodation. This project will continue to partner with CCID partner NGOs The Haven Night Shelter and Youth Solutions Africa (YSA). This initiative will provide crucial support to the CBD’s homeless population and will help individuals take the first steps toward stability, rehabilitation, and ultimately, reintegration into society.
- **Long and Loop streets bin project.** Together with CCID Urban Management, the Social Development Department will continue to work with NGO partner Streetscapes to provide project participants with work in managing the litter produced by black wheelie

bins from 31 businesses in the area. The project will provide them with a stipend and will allow the team to assess their psychosocial needs for future support.

- **Winter readiness programme.** The department's annual drive to ease the plight of the CBD's vulnerable homeless population during the cold winter months will continue to be rolled out. Essential items (including warm clothing, blankets, and hygiene packs) will continue to be distributed. The project will be implemented in partnership with CCID NGO partners where the CCID provides additional winter accommodation, including The Haven Moira Henderson House and Youth Solutions Africa (YSA).
- **Streetscapes community garden project.** With the aim of promoting and fostering sustainable food production and food security, this project in conjunction with NGO partner Streetscapes will continue to provide participants who are moving off the streets with work in two urban gardens and access to fresh produce while providing social cohesion, skills development, and personal growth.
- **Fundraising project.** This initiative will see the CCID develop a professional fundraising strategy as it moves away from traditional fundraising campaigns to generate financial support for holistic CCID programmes aimed at assisting the homeless community and NGO partners.

The improvements and upgrades will be implemented comprehensively across the CCID footprint focusing on:

- high traffic zones, including tourist hotspots and commercial hubs
- areas that have a high density of homeless people
- zones that have or display a heightened need for social Development service

The above social and economic development services is in support of the City's IDP. Social Development supports its partner NGO Streetscapes to provide transitional housing for the homeless. Known as the Housing First approach, it focuses on providing stable and affordable housing as a primary solution to homelessness. One example is the CCID's funding of Chester House in Walmer Estate, together with Streetscapes. The department addresses public health concerns through its needle return incentive project to reduce public health risks and encourage needle exchange programmes and safe disposal initiatives. The department collects data and does ongoing research and analysis to effectively address the needs of the homeless to maximise the impact of social interventions. Programmes include peer-led outreach, harm-reduction initiatives, and social support services. The department

strategically advocates for policy change to address homelessness and drives systemic change that supports long-term improvements in social welfare. Social Development collaborates with NGOs on work-rehabilitation projects and shelter support to channel resources and be able to offer solutions. The envisioned Social and Economic Development services support objectives 7 (increased supply of affordable housing), 14 (a resilient city) and 16 (a capable and collaborative city government).

## **Communications**

The CCID's Communications Department will collaborate across all departments, with the following mandate:

- Uphold the CCID brand by consistently promoting the work of the organisation in the media and through its own print and digital publications and social media platforms. This is its 'Business as usual' vision.
- Promote the Cape Town CBD through articles on property and business development – as well as lifestyle stories to encourage people to visit the inner city and support stakeholders – thereby driving business and investment into what is South Africa's most successful CBD. This is its 'Open for business' vision.
- Manage the reputation of the organisation through crisis communication when necessary.
- Gather crucial data and do extensive annual research and surveys on the make-up of CCID stakeholders, and other economic and investment facts, figures and trends, from the CCID database for use in the organisation's publications and on its other platforms.
- Continue to grow its extensive image library of the Cape Town CBD to best promote the area in its publications and other channels.

Communications will have four full-time staff members, namely: an HOD, a projects coordinator, an online coordinator and a writer/editor. The team will be supported by contract workers and freelance contributors, including freelance creative directors and writers.

A Research Unit will fall under the auspices of the department, which will comprise one freelance research economist, two contract data capturers and one GIS specialist.

The CCID's database and digital image library will be managed in-house with the assistance of one freelance data capturer.

## **Proposed services**

Communication will promote the operational work of the CCID and the Cape Town CBD through news and feature articles across a broad spectrum of local and national print and digital media. It will create targeted campaigns for operational departments to promote their vision, enhance the CCID's reputation, create public awareness and educate the public.

It will liaise with the media and timeously respond to media queries, and liaise with and build relationships with stakeholders to gather information that will ensure its articles are fresh, relevant and interesting.

It will create innovative, strategic and relevant collateral to promote its work and its stakeholders. The department will work with media service providers, freelance designers/design agencies and freelance writers and copy editors. Media exposure will be monitored constantly to achieve maximum effect.

It will organise events including a business breakfast to launch its economic publication to influential property and business leaders and the CCID annual general meeting.

The department will oversee the branding of CCID kiosks, vehicles, clothing, etc. to ensure it meets certain standards, is consistent and always aligns with the professional persona of the organisation.

Communications will promote:

- the CCID to its stakeholders as a reliable, consistent and effective organisation that ‘gets things done’.
- the Central City, first and foremost, to Capetonians as a destination to ‘visit, eat, stay and play’ and thereafter to a wider national and international audience.
- its ‘open for business’ message to retain existing investors and attract new investment from outside the CCID’s boundaries, locally, nationally and internationally.

Communications will align the CCID’s messaging, and keep stakeholders abreast of important news or events in the CBD, and of City of Cape Town notifications, via email marketing.

## **Projects**

Communications will develop content and create/use its wide range of print and digital platforms for the effective dispersal thereof, namely its online platforms (website, e-Newsletter and social media platforms [**three** Facebook pages, LinkedIn, Instagram, X, and YouTube]) and through its award-winning print and digital publications (*City Views*, *State of Cape Town Central City Report*, and the *CCID Annual Report*).

- **Publications:** Communications will produce the following publications to promote the CCID, and the CBD as a ‘work, play and stay’ destination and investment opportunity.

**City Views:** The CCID’s award-winning quarterly newspaper (two **8**-page issues and two **12**-page issues) will continue to promote the CCID and the CBD, highlighting interesting trends, new ventures, innovative business offerings and owners, etc. A total of **70 000** copies will be printed of each issue, and these will be distributed to retail venues within and outside the CBD, residential complexes in town, and to residential post boxes in the greater Cape metropole. They will also be distributed to airport lounges in Cape Town, Durban and Johannesburg.

**State of Cape Town Central City Report – A year in review:** The CCID’s award-winning 80-page flagship publication will be produced annually, detailing the state of the CBD’s economy and serving as a tool to recruit new business, or improve retention thereof, in the city centre. It will strive to encourage property investment into the Cape Town CBD to ensure its ongoing economic success. A total of 3 000 issues will be produced and the publication will also be available digitally. Distribution will be locally and nationally to property professionals, business investors, embassies and consulates, airport lounges, top 500 businesses, etc.

**CCID Annual Report:** The digital-only publication will continue to report on the activities of the organisation and serve as a tool to promote its work, reputation and standing amongst its stakeholders.

- **Campaigns and fundraising initiatives:** The CCID will continue to conceptualise and roll out campaigns to promote the work and vision of the CCID’s operational departments, to create awareness and educate the public around issues such as illegal dumping, littering, effective waste management, and to inform visitors, especially international tourists, on how to stay safe and not fall victim to petty crime.
- **Marketing collateral:** The CCID will continue to produce innovative digital and print maps and brochures, and video material. Its approach will be twofold: To produce material to educate and inform stakeholders on its operational work and/or on issues such as illegal dumping and effective waste management, safety awareness information and how to access social services in the CBD.

It will also continue to produce striking collateral for wider public consumption, promoting the destination establishments and precincts in the CCID footprint, including the Cape Town CBD Eateries Map and The Bree Street Map. The department will expand its collateral to promote trends and new ventures to support stakeholders and encourage visitors to spend time in the CBD.

#### Research projects, surveys and data capturing

The CCID will continue to add to its library of invaluable databases on the CBD, and investment into the region. Work on ongoing databases and surveys will include:

1. Business Confidence Index (every quarter to gauge the satisfaction of business owners)
2. Residential Online Survey (annually to determine the make-up of CBD residents)
3. Retail and non-retail business updates
4. Retail vacancy reports
5. Night-time Economy Analysis
6. Above-ground floor businesses
7. Property development and investment
8. Commercial and residential property trends
9. Office vacancy rates and public parking updates

The above communication services are in support of the City's IDP through its publications, especially the economic report, State of Cape Town Central City Report, and its digital channels, Communications supports and promotes the City's Ease-of-doing-Business index. Communications supports the City's initiatives to promote Cape Town, providing content for publications and initiatives (Cape Town Content Partnership Programme), and through articles that promote economic development and business in the CBD and the city. The envisioned communication services support objective 1 (increased jobs and investment in the Cape Town economy).

The cost of the proposed communications service during the five-year term is summarised below.

### Financial impact of the CCID

The expenditure budget for each year of the Business Plan:

<b>YEAR</b>	<b>TOTAL EXPENDITURE</b>	<b>REVENUE (Funding source: Additional rates)</b>	<b>REVENUE (Other funding source, e.g. accumulated surplus/ donations/sponsorship/ parking)</b>	<b>% INCREASE IN ADDITIONAL RATES REQUIREMENT</b>
1	R129 499 440	R120 931 770	R8 567 670	13,9%
2	R140 750 122	R136 286 100	R4 464 022	12,7%

5	R175 503 283	R171 044 399	R4 458 884	8%

In line with the City's CID By-law, the CCID will prepare a proposed annual budget for each successive financial year by the date and in the format required by the executive director based on the specific needs of the area as set out in the Business Plan.

Additional property rates attract VAT at 15%. This additional property rate is calculated annually by the City of Cape Town. Should property owners receive partial or full relief in respect of rates, they will enjoy full exemption from payment of any CCID additional rates.

The budget is funded by an additional property rate levied on the municipal valuation of all properties within the CCID boundary. Additional rates attract VAT @ 15%.

The property rate is calculated by the City annually during the City's budget process. The additional rate is expressed as a rand-in-the-rand and is calculated by dividing the budget total with the total municipal valuation of properties in the CID.

The impact on individual property owners in the outer years of the CID term may vary due to valuation fluctuations caused by successful valuation objections, subdivisions, new developments, court amendments, implementation of a new General Valuation or Supplementary Valuation causing the CID budget to be spread over an increased or reduced total municipal valuation base.

The CID By-law allows for differentiated additional rates between categories of rateable property and as such a residential and non-residential additional rate is applicable in the CID.

The budget and additional rates are approved by Council with the City's budget and are applicable over a financial year, which starts on 1 July.

Individual contributions for residential and non-residential properties can be calculated as follows:

1.  $\text{Municipal valuation} \times \text{R } 0.XXXXXXX = \text{Annual contribution (VAT excl.)}$  – Note: R 0.XXXXXXX represents the approved CID additional property rate.
2.  $\text{Annual contribution (VAT excl.)} \div 12 = \text{Average monthly contribution (VAT excl.)}$
3.  $\text{Average monthly contribution (VAT excl.)} \times 1,15 = \text{Average monthly contribution (VAT incl.)}$

## **CCID management structure**

The CCID will be an independent, non-profit company governed by a board of directors who will be elected by the members. It will have four operational departments, namely Safety and Security, Urban Management, Social Development and Communications, and a Finance Department. The CCID will employ around 21 full-time staff and 650 contract employees (directly or indirectly). It will be managed by a CEO appointed by the board.

### **Membership of the CCID**

Membership of the Cape Town CCID will be open to all property owners within the CCID boundary.

### **Composition and election of directors**

The CCID will be managed by a board of directors that will:

- be elected by its members.
- comprise property owners within the CCID and political representatives from the City of Cape Town, who will attend board meetings as observers.
- manage a non-profit company (NPC) that is responsible for the management of the CCID within the framework of the approved CCID Business Plan.
- implement the approved Business Plan of the CCID.
- take responsibility for various CCID portfolios.

An annual general meeting will be held every year to:

- review the performance of the CCID.
- confirm the mandate of its members.
- discuss and approve the budget and implementation plan for the following year.
- elect new directors.

### **Measures to ensure inclusivity**

Property owners within the CCID footprint will be encouraged to apply to become members of the CCID so they can exercise their rights and influence the business of the CCID.

Documentation will be posted on the CCID website with regard to upcoming AGMs.

### **Permissible amendments to the Business Plan without further consent**

If, at any time, it were decided that the geographical boundaries of CCID need to change or any other material change needs to be made to the Business Plan, then such change would need to go through a formal process as required in terms of section 26 of the CID By-law.

If additional services are required, stemming from collaboration with City departments, which are not specified in the motivation report but deemed supplementary and enhanced municipal services, the Business Plan can be amended without further consent by submitting a request to the City in terms of section 25 of the CID By-law, as long as it is not material.

The CCID is in the process of signing a memorandum of agreement with the Roads Infrastructure Management (RIM) Department, who is responsible for the management and maintenance of all road infrastructure assets falling under the auspices of the Urban Mobility Directorate. This agreement will allow CCID to seek permission to provide enhanced maintenance tasks related to road infrastructure.

There are currently no other plans to investigate or explore significant changes to the strategy or operations of the CCID and therefore no other such actions are noted here. Should any significant changes be required, such changes will be subject to approval of the members of the CCID at an annual or special general meeting.

### **List of all rateable properties within the CID**

A list of all the rateable properties within the CCID is attached as Annexure A.
