---

**1. ITEM NUMBER**

**2. SUBJECT**

**QUARTERLY FINANCIAL REPORT: DECEMBER 2019**

LSUA1980

**ONDERWERP**

**KWARTAALLIKSE FINANSIËLE VERSLAG: DESEMBER 2019**

**ISIHLOKO**

**INGXELO YEMALI YARHOQO NGEKOTA: EYOMNGA 2019**

**3. DELEGATED AUTHORITY**

In terms of delegation

This report is FOR NOTING BY

- ☐ Committee name :
- ☐ The Executive Mayor together with the Mayoral Committee (MAYCO)
- ☒ Council
- ☐ The Executive Mayor

**4. DISCUSSION**

The Municipal Finance Management Act (MFMA) requires municipalities to submit regular reports on matters related to the municipality's financial performance.

The quarterly financial report is submitted in accordance with Section 52 of the MFMA and provides an overview of the City's budget implementation status and its financial viability and sustainability.

**This report presents the financial position of the abovementioned indicators as at 31 December 2019.**

4.1. Financial Implications ☒ None ☐ Opex ☐ Capex

☐ Capex: New Projects

☐ Capex: Existing projects requiring additional funding

☐ Capex: Existing projects with no additional funding requirements

4.2. Legal Compliance ☒

Municipal Finance Management Act, 2003 (Act 56 of 2003), Section 52

4.3. Staff Implications ☐ Yes ☒ No

4.4. Risk Implications ☐ Yes ☒ No

## 5. RECOMMENDATIONS

- a) The quarterly financial report for the quarter ended 31 December 2019 is submitted for information and noting only.

### AANBEVELING

- a) Die kwartaallikse finansiële verslag vir die kwartaal geëindig 31 Desember 2019 word slegs ter inligting en kennisname voorgelê.

### ISINDULULO

- a) INgxelo yeMali yaRhoqo ngeKota yekota ephela ngowama-30 eyoMnga 2019 ingeniselwa iinjongo zolwazi nokuqatshelwa kuphela.

## **EXECUTIVE SUMMARY**

### **BACKGROUND**

Section 52 of the MFMA states:

*"The mayor of a municipality must, within 30 days of the end of each quarter, submit a report to the council on the implementation of the budget and the financial state of affairs of the municipality;"*

Regulation 31 of the MBRR states:

*"The S52 Mayor's Report must be in the format specified as per Schedule C and include all the required tables, charts and explanatory information, taking into account any guidelines issued by the Minister in terms of section 168(1) of the Municipal Management Finance Act; and must be consistent with the monthly budget statements for September, December, March and June as applicable;..."*

### **MAYOR'S QUARTERLY REPORT FOR THE PERIOD ENDING 31 DECEMBER 2019**

The Mayor's Quarterly Report is prepared in compliance to Section 52 of the MFMA and sets out financial particulars in the format prescribed by the MFMA and the MBRR.

It provides a high level overview of the organisation's financial viability and sustainability.

**The '2018/19 Audited Outcome' columns in the ensuing tables are populated with unaudited figures and have been left blank in instances where figures are not available yet.**

### **KEY DATA: CITY OF CAPE TOWN (PAGE 3 - 32)**

This section of the report includes certain Key Financial Performance Indicators for the City.

### **IN YEAR BUDGET STATEMENT TABLES: CITY OF CAPE TOWN (PAGE 33 – 39)**

This section provides the City's key tables in the format prescribed by the MBRR.

- **Table C1 (Page 33)** provides a high level summation of the operating and capital budgets, actuals to date, financial position and cash flow.
- **Table C2 (Pages 34)** is an overview of the budgeted financial performance in relation to revenue and expenditure per standard classification.
- **Table C3 (Pages 35)** shows budgeted financial performance in relation to the revenue and expenditure as well as the operating surplus or deficit.
- **Table C4 (Page 36)** is a view of the budgeted financial performance in relation to the revenue by source and expenditure by type.
- **Table C5 (Pages 37)** reflects the capital programme in relation to capital expenditure by municipal vote; capital expenditure by standard classification; and funding sources required to fund the capital budget, including information on capital transfers from national and provincial departments.
- **Table C6 (Page 38)** reflects the performance to date in relation to the financial position of the municipality.
- **Table C7 (Page 39)** indicates the cash flow position and cash/cash equivalents.

### **IN YEAR BUDGET STATEMENT SUPPORTING TABLES (PAGE 40– 80)**

This section provides the City' supporting tables in the format prescribed by the MBRR.

### **MUNICIPAL COST CONTAINMENT REGULATIONS (MCCR) (PAGE 82 – 84)**

This section provides the cost containment in-year reporting for the City as well as its two entities i.e. Cape Town International Convention Centre and Cape Town Stadium

**KEY DATA**

The '2018/19 Audited Outcome' columns in the ensuing tables have been populated with pre-audited figures.

**Operating Budget**

Operating Budget	Adjusted Budget 2019/20	YearTD budget 2019/20	YearTD actual 2019/20	YTD variance	Full Year Forecast
Total Revenue <sup>1</sup> (R'Thousands)	41,038,608	21,452,906	22,217,689	764,782	41,667,901
Total Expenditure <sup>1</sup> (R'Thousands)	41,896,276	19,255,013	18,770,540	(484,473)	42,033,801
<b>Surplus/(Deficit)</b>	<b>(857,668)</b>	<b>2,197,893</b>	<b>3,447,148</b>	<b>1,249,255</b>	<b>(365,900)</b>
<sup>1</sup> (excl. capital transfers and contributions)					

**Capital Budget**

Capital Budget	Adjusted Budget 2019/20	YearTD budget 2019/20	YearTD actual 2019/20	YTD variance	Full Year Forecast
Total Capital Expenditure (R'Thousands)	8,784,724	2,163,008	2,470,421	307,413	7,033,929

**Financial position**

Working Capital	Pre-Audited Outcomes 2018/19	Original Budget 2019/20	Adjusted budget 2019/20	YearTD actual
<b>Cost coverage ratio<sup>3</sup></b>				
Cash and investments at period end less restricted cash/Monthly operating Expenditure	3,85:1	-	-	3,05:1
<b>Liquidity</b>				
Current Ratio (Current assets/current liabilities) <sup>4</sup>	2.0	1.4	1.8	2.8
<b>Borrowing</b>				
Capital Charges to Operating Expenditure (Interest & principal paid/Operating Expenditure) <sup>5</sup>	1.3%	2.8%	2.8%	3.1%
Borrowed funding of 'own' capital expenditure (Borrowings/Capital expenditure excl. transfers and grants) <sup>6</sup>	7.3%	17.8%	16.7%	16.9%
<b>Financial Position (R'Thousands)<sup>7</sup></b>				
Total Assets	70,953,565	76,535,561	74,496,454	73,110,020
Total Liabilities	22,262,316	27,768,659	23,401,711	20,337,444
<b>Cash Flow (R'Thousands)</b>				
Cash/cash equivalents at month/year end	8,419,275	4,985,877	5,656,001	10,627,619

- Cost coverage ratio<sup>3</sup>**

This ratio indicates a municipality's ability to meet at least its monthly fixed operating commitments from cash and short-term investment without collecting any additional revenue during that period.

The ratio outcome for the month under review is slightly above the norm of 1-3 months (MFMA Circular 71). This is mainly as a result of the receipt of grant income amounting to R2.3 billion during the month under review, increasing the Cash and Cash equivalent position.

- **Current Ratio<sup>4</sup>**

This ratio is used to assess a municipality's ability to pay back its short-term liabilities (debt and payables) with its short-term assets (cash, inventory and receivables).

The year-to-date ratio shows that the City has sufficient cash to meet its short-term financial obligations and is above the norm of 1.5 to 2.1 (MFMA Circular 71). The ratio outcome is 2.8 for the month under review, due to minor movements on current liabilities and current assets. This position will be monitored over the next few months.

- **Capital Charges to Operating Expenditure<sup>5</sup>**

This ratio indicates the cost required to service the borrowing of a municipality. It assesses the borrowing or payment obligation expressed as a percentage of total operating expenditure.

The year-to date ratio of 3.1% is below the National Treasury norm of 6% to 8% (MFMA Circular 71). This ratio is budgeted to be below the National Treasury norm. It is expected that the ratio outcome will be in line with the budgeted ratio as expenditure accelerates over the remainder of the financial year.

- **Borrowed funding of 'own' Capital Expenditure<sup>6</sup>**

The ratio indicates the extent of capital expenditure being financed from borrowed funding compared to own and other funding sources, excluding transfers and grant funded expenditure.

The year to date outcome of 16.9% is slightly more than the budgeted ratio of 16.7%.

- **Financial Position<sup>7</sup>**

The outcomes on the financial position is a result of the movements in the Statement of Financial Performance and the capital budget. However, there is no monthly financial position available as the budget represents the full year while the actuals represents year-to-date outcomes. The full year outcome will only be analysable at year end.

- **Cash Flow**

Cash and cash equivalents amount to R10 628 million as at 31 December 2019. This position is mainly due to the levels of cash that were realised in the previous financial year. It includes the reserves and commitments required to be backed by cash. The funds are invested in compliance with the MFMA and City's Cash Management and Investment policy.

## Debtors

Debtors <sup>1</sup>	Current - 0 to 30 days	31-60 Days	61 days and over	TOTAL
<b>R Thousands</b>				
Water	342,756	59,574	1,982,762	2,385,091
Electricity	815,902	45,611	380,307	1,241,820
Rates	731,475	80,335	1,217,512	2,029,322
Sewerage	173,058	29,444	711,341	913,843
Refuse	119,693	26,526	528,411	674,630

Debt Management action is carried out in terms of the City's Credit Control and Debt Collection Bylaw and Policy with Indigent Relief.

There is a continuous drive to reduce water consumption, which led to higher billings on indigent and water leaks project properties with a municipal valuation of R400 000 and less, and to appropriately deal with the debts on these accounts.

The table below reflects the City's collection ratio per category excluding the related water and sewerage adjustments as reported previously, which is part of the process implemented to rectify the indigent accounts

Debtors Collection Rate % <sup>a</sup>	Previous year 2018/19	Current year 2019/20 (Interim ratios)	12 Months moving average YTD collection ratio (Interim ratios)
Electricity	97.93%	99.78%	98.78%
Water	72.77%	110.37%	103.82%
Sewerage	88.54%	101.95%	102.12%
Refuse	91.89%	89.81%	90.34%
Rates	96.45%	96.66%	95.96%
Other	92.38%	98.96%	98.20%

<sup>a</sup>12 Months Collection Ratio. Calculated in to National Treasury Circular 71.

The 12 Months Moving Average Payment Ratio for the period ended 31 December 2019 is 98.62% as reflected in the following table.

Monthly Collection Rate	
Period	Current year
12 Months	98.62%
6 Months	98.11%
3 Months	98.27%
Monthly	103.07%

## Human Resources

Human Resources	Audited Outcomes 2018/19	Original Budget 2019/20	Adjusted Budget 2019/20	YearTD actual 2019/20
Employee and Councillor remuneration (R'Thousands)	12,526,853	13,997,624	14,036,507	6,552,315
Employee Costs (Employee costs/Total Revenue - capital revenue)	30.8%	33.8%	33.7%	29.1%
Total Cost of Overtime (R'Thousands)	680,581	606,267	608,212	289,123

Employee related costs are influenced by ongoing terminations, the turnaround time of filling vacancies and the internal filling of vacancies.

Overtime has a structured and non-structured component. Line departments are phasing out reliance on non-structured overtime by ensuring that continuous shift rosters and stand-by allowances are put in place where 24-hour continuous services are required. Absenteeism and sick leave are also managed to curb this expenditure.

Details on senior managers remuneration and the remuneration of other municipal staff can be found on page 70.

## Staff Complement

Municipal Employees (numbers)	As at 30 June 2019	Adjusted Budget 2019/20	Dec-19
Filled posts - Permanent	26,646	26,478	27,365
Filled posts - Temporary	697	645	1,175
Vacant posts - Permanent	3,625	3,613	3,861
	<b>30,968</b>	<b>30,736</b>	<b>32,401</b>

Municipal Councillors (numbers)	As at 30 June 2019	Adjusted Budget 2019/20	Dec-19
Municipal Councillors	230	231	231
Municipal Councillors - Vacancies	1	-	-
	<b>231</b>	<b>231</b>	<b>231</b>

The City had 3861 vacancies for permanent posts as at 31 December 2019; 1836 positions were filled (982 internal and 854 external) with 712 terminations processed since the beginning of the financial year. The filling of vacancies is ongoing and seasonal staff are appointed as and when required.

The table below shows the number and value of vacancies per directorate for the period under review.

DIRECTORATE	VACANT POSTS (Permanent positions)		% of Posts Filled	Vacancy Rate
	Number of Posts	Value		
Community Services and Health	479	R183,063,210	93.77%	6.23%
Corporate Services	183	R113,388,676	94.01%	5.99%
Economic Opportunities and Assets Management	150	R61,020,456	94.98%	5.02%
Energy & Climate Change	395	R132,791,573	95.88%	4.12%
Finance	183	R76,522,360	95.04%	4.96%
Human Settlements	157	R72,355,470	94.06%	5.94%
Office of the CM	26	R19,463,165	95.31%	4.69%
Safety and Security	555	R192,547,682	95.63%	4.37%
Spatial Planning and Environment	114	R65,064,725	94.51%	5.49%
Transport	318	R123,172,887	93.44%	6.56%
Urban Management	49	R26,433,244	95.03%	4.97%
Water and Waste	1252	R424,523,675	95.15%	4.85%
<b>TOTAL</b>	<b>3861</b>	<b>R1,490,347,123</b>	<b>88.12%</b>	<b>11.88%</b>

The table below provides an age analysis of vacancies per directorate.

DIRECTORATE	Less Than 6 Months	6 to 12 Months	1 to 2 Years	More Than 2 Years	Grand Total
Community Services and Health	358	102	19	0	479
Corporate Services	108	43	22	10	183
Economic Opportunities & Asset Management	67	47	28	8	150
Energy and Climate Change	301	42	37	15	395

Continuous identification of under-/over expenditure is taking place and communicated to line thereby affording line the opportunity to redirect potential savings to other needy/priority areas within their areas of responsibility.

Virementation of funds to prevent unauthorised expenditure are done on a regular basis.

Any instances of apparent non-compliance are addressed by the relevant finance officials.

**REVENUE****Main revenue sources for 2019/20**

Description	Budget Year 2019/20						
	Original Budget	Adjusted Budget	YearTD actual	YearTD budget	YTD variance	YTD variance %	Full Year Forecast
<b>R thousands</b>							
<b><u>Revenue By Source</u></b>

## **Reasons for major over-/under-recovery per revenue source**

- **Property Rates (R64.7 million over)**

The over-recovery is due to continuous real time supplementary valuations resulting in an updated valuation base.

- **Service charges - electricity revenue (R459.4 million over)**

The over-recovery reflects against the Large Customer (commercial customers) category (R254 million) and against the Time of Use (TOU) Tariff category (R202 million). This over-recovery is due to periodic changes in consumption and the winter peak tariff seasonalisation of customers linked to these categories. The seasonalisation of the TOU tariff is not aligned to the period budget as it is wholly dependent on when customers migrate to the new tariffs. Affected customers were given the option to move to the TOU tariff category but very few responded although it is the cheaper option for them. The extent of the over-recovery will reduce as the low demand period has been reached.

- **Service charges – water revenue (R185.7 million under)**

The forecasted revenue for 2019/20 is dependent on the consumption trends projected to sustain the cost of water and sanitation services as the City moves out of the drought period. Analysis of the financial information at this stage indicates that consumption has not increased to the anticipated levels resulting in under-recovery.

- **Service charges – sanitation revenue (R69.1 million under)**

The forecasted revenue for 2019/20 is dependent on the consumption trends projected to sustain the cost of water and sanitation services as the City moves out of the drought period. Analysis of the financial information at this stage indicates that consumption has not increased to the anticipated levels resulting in under-recovery.

- **Interest earned - external investments (R60.4 million over)**

The over-recovery is due to higher than expected cash and investment fund balances to date.

- **Fines, penalties and forfeits (R273.8 million over)**

The over-recovery is mainly on Traffic Fines, which is linked to the number of fines issued. 80% of fines are deemed as accruals while 20% relates to the collectable portion.

- Traffic fines (accruals) (R262 million), due to more than planned fines issued for traffic- and various by-law offences during this period; and
- Traffic Fines (paid) (R11 million), due to more fines paid to date as more convenient payment facilities are being made available to the public as well as the impact of fines reduced by the Courts, making it more affordable for the public to pay.

- **Transfers and subsidies (R111.4 million over)**

This variance is a combination of over/under-recovery in various directorates. Only directorates with over-recovery are listed below.

- Human Settlements, due to period budget provisions not aligned to actual spending, which is higher than planned on projects rolled over from 2018/19 where progress on site is ahead of the original construction schedule.
- Transport, where deviation reports and contracts with service providers for the Automated Fare Collection (AFC)/Advanced Public Transport Management Systems (APTMS) were concluded faster than anticipated resulting in payments being processed earlier than anticipated.
- Finance, due to earlier than anticipated income realised iro the VAT portion on a number of USDG projects currently in progress.

- **Other revenue (R46.9 million over)**

This variance is a combination of over/under-recovery in various categories. Only categories with over-recovery are listed below.

- Recoveries of Infrastructure Maintenance, due to a refund from Eskom as a result of previous years' underspending on electrification projects in the Eskom area of supply.
- Cash Recovery - Claims, due to a cash refund from SASRIA for higher than planned insurance claims.
- By-product sales, due to an increase in the sale of by-products (timber) at Steenbras- and Wemmershoek dams.
- Development Levies/BICL, due to higher than planned actual revenue received for the month under review. Development levies are linked directly to property developments in the City and accurate period planning is not possible.
- Hire of municipal staff, due to higher than anticipated demand for law enforcement staff for externally-funded events.
- Treatment Effluent Sales, due to an increase in the volume of treated effluent sold.

Reasons for variances on revenue by source and by type can be found on page 40.

**EXPENDITURE****Main expenditure types for 2019/20**

Description	Budget Year 2019/20						
	Original Budget	Adjusted Budget	YearTD actual	YearTD budget	YTD variance	YTD variance %	Full Year Forecast
<b>R thousands</b>							
<b>Expenditure By Type</b>							
Employee related costs	13,817,805	13,826,394	6,457,740	6,834,014	(376,274)	-5.5%	14,030,442
Remuneration of councillors	179,818	179,818	81,268	81,157	111	0.1%	179,818
Debt impairment	2,341,628	2,341,628	1,175,939	1,164,689	11,250	1.0%	2,213,244
Depreciation & asset impairment	3,015,086	3,015,086	1,455,583	1,472,917	(17,334)	-1.2%	3,040,783
Finance charges	790,756	790,920	383,491	382,750	742	0.2%	800,816

Loss on disposal of PPE	756	756	6,885	492	6,393	1298.2%	783
<b>Total Expenditure</b>	<b>41,779,617</b>	<b>41,896,276</b>	<b>18,770,540</b>	<b>19,255,013</b>	<b>(484,473)</b>	<b>-2.5%</b>	<b>42,033,801</b>

**Reasons for major over-/under expenditure per type**

- **Employee related costs (R376 million under)**

The variance is mainly due to the turnaround time in filling vacancies; internal filling of vacant positions; and slower than planned implementation of job creation projects.

- **Bulk purchases (R48.2 million under)**

This variance is a combination of over-/under expenditure against various cost elements within the category. Only cost elements with under expenditure are listed below.

- Bulk Purchases - Water, mainly on:

- Raw water, due to lower water volumes resulting in reduced costs as well as invoices outstanding from the National Department of Water & Sanitation;
- Bulk water levy, due to invoices outstanding from the National Department of Water & Sanitation and lower than expected levels of consumption; and
- Bulk water - Desalination, where invoices relating to temporary desalination plants are currently pending, due to verification of contract conditions by the project manager. The City is also currently in a legal dispute with one of the contractors.

- **Contracted Services (R95.9 million over)**

This variance is a combination of over-/under expenditure against various cost elements within the category. Only cost elements with over expenditure are listed below.

- G&D Contracted Services - Buildings, due to faster than anticipated progress on the maintenance of the Automated Fair Collection (AFC) and Advanced Public Transport Management System (APTMS) as the deviation reports were approved earlier than expected and the contract with the service providers also concluded earlier.

- R&M Contracted Services - Buildings, due to road maintenance programmes within the Transport directorate being brought forward as one term tender will expire in March 2020 and accelerated R&M activities at facilities resulting in work being completed earlier than anticipated.
  - R&M Gardening Services, due to misalignment of the actual expenditure with the period budget provision.
  - Cleaning Cost, where work was implemented faster than anticipated resulting in misalignment of the period budget provision.
  - Security Services - Municipal Facilities, due to higher than anticipated requirement for services.
  - G&D Security Services, where Security Services at transport interchanges are co-funded and grant funding is utilised before City funding.
  - Waste minimisation, due to an incorrect booking of cost as the tender is not yet in place.
- **Other Expenditure (R112.4 million under)**

This variance is a combination of over-/under expenditure against various cost elements within the category. Only cost elements with under expenditure are listed below.

    - Collection costs, due to unforeseen delays experienced during the reconciliation and vetting processes.
    - Electricity, mainly due to lower than planned volumetric flows requiring transportation.
    - Water research levy, due to direct alignment of the water levy with the raw water bulk purchases, which was lower than anticipated.
    - Subsidy on homeowners' redemption, due to misalignment of the budget provision with the actuals to date in the unrealised portion of the housing fund linked to property transfers.
    - Training, where dates for a number of training interventions are still being finalised.
    - Insurance premiums and claims, where the premium paid is slightly lower than planned and claims are less than planned.
    - Skills development levy, where the actuals to date is less than the period budget provision, due to negative postings in December 2019.
    - Specialised IT Services, due to a lower demand for services to date.

**Expenditure per vote (directorate)**

Vote Description	Budget Year 2019/20

**Reasons for over expenditure per vote (directorate)**

The narrative below provides details of categories with overall over expenditure within directorates where there is bottom-line **over expenditure**.

The overall over expenditure to date was addressed by the review of period budget provisions on various elements with adjustments to these elements proposed in the January 2020 adjustment budget.

- **Community Services & Health (R5.7 million over)**
  - Contracted Services:
    - Medical staff, where the high level of medical-related vacancies resulted in the utilisation of Labour Broker staff to fill the gap during the recruitment and selection process; and
    - Security Services - Municipal Facilities, where the actual requirement to date is higher than planned, due to an increase in vandalism of facilities.
- **Corporate Services (R7.0 million over)**
  - Depreciation & Asset Impairment, where the capitalisation of assets is not aligned to the anticipated period budgets.
  - Contracted Services:
    - Advisory Services: Human Resources, where expenditure was incurred ahead of plan;
    - Advisory Services: Project Management, where actual expenditure patterns are not aligned to period budgets;
    - Advisory Services: Legal cost & Litigation, due to several unplanned high priority legal cases; and
    - Contractors: R&M Buildings, where the reposting of actuals to G&D Specialised IT Services has not taken place yet.

- **Economic Opportunities & Asset Management (R55.4 million over)**

- Debt impairment, due to an unprocessed journal entry on Bad Debts Written-Off Transferred to Provision.
- Other materials, mainly on Materials R&M - Material General & Consumables, due to more materials being used than initially planned for in the Fleet Management- and Facilities Management departments.
- Contracted services:
  - Advisory Services: Project Management, due to misalignment of the actual expenditure with the period budget;
  - Professional Services - Architectural, due to more than anticipated architectural services required at the City Hall;
  - Contractors: Other - Demolitions, due to unplanned expenditure incurred at the City Hall;
  - Contractors: R&M - Buildings, due to accelerated R&M activities resulting in work completed ahead of schedule;
  - Outsourced services: Cleaning costs, due to misalignment of actual expenditure with the period budget; and
  - Outsourced services: Security services - Municipal facilities, due to more facilities needing security as well as a higher level of security services required at facilities.
- Transfers & subsidies: Grants/Sponsorships, where the grant to the Western Cape Economic Development Partnership was paid out earlier than anticipated.

- **Safety & Security (R22.8 million over)**

- Employee related costs, mainly due to unplanned overtime required for protest action, events and 'Operation Lockdown' where law enforcement officers assisted SAPS and SANDF to stabilise dangerous areas.
- Other materials, mainly due to the increase in demand for fuel as more vehicles were used for events, protests and accidents.
- Loss on disposal of PPE, due to scrapping of radios donated to neighbourhood watches in the City.

- **Transport (R68.0 million over)**

- Other Materials:
  - Fuel, due to fuel price increases and consumption levels/requirements to date; and
  - R&M Materials General, due to more than anticipated repairs to traffic signals.
- Contracted Services:
  - G&D Contracted Services - Buildings, due to faster progress on the maintenance of the automated fair collection (AFC) and Advanced Public Transport Management System (APTMS) as the deviations were approved earlier than expected and the contract with the service providers was also concluded earlier than anticipated;
  - Cleaning Costs, due to an increase in the level of services at public transport interchanges as well as the use of a transversal cleaning tender; and
  - R&M Contracted Services - Buildings, due to road maintenance programmes being brought forward as one term tender will expire in March 2020.

- Other Expenditure, mainly on Hiring of Specialised Vehicles, due to more stormwater projects completed in preparation for winter.
- Loss on disposal of PPE, due to the write-off of MyCiTi buses, which was not budgeted for.
- **Urban Management (R3.4 million over)**
  - Contracted services, mainly on Advisory Services - Project Management, due to MURP projects progressing faster than anticipated.
  - Event promoters, where the actual expenditure relating to the Capacity Building and Senior Citizen lunches, funded from ward allocations, is not aligned to period budget provisions.

Details on variances for expenditure by type and by vote can be found on page 46.

### Monthly Operating Revenue and Expenditure Performance

The graph below shows the monthly actual operating revenue and expenditure against budget.

**CAPITAL EXPENDITURE AND FUNDING****Summary Statement of Capital Budget Performance**

<b>Borrowing *</b>	<b>1,091,580</b>	<b>1,091,580</b>	<b>312,763</b>	<b>139,882</b>	<b>172,880</b>	<b>123.6%</b>	<b>767,744</b>
<b>Internally generated funds</b>	<b>5,031,767</b>	<b>5,427,771</b>	<b>1,536,497</b>	<b>1,390,899</b>	<b>145,597</b>	<b>10.5%</b>	<b>4,285,367</b>
<b>Total Capital Funding</b>	<b>8,388,432</b>	<b>8,784,724</b>	<b>2,470,421</b>	<b>2,163,008</b>	<b>307,413</b>	<b>14.2%</b>	<b>7,033,929</b>

\*The YTD actual reflected against the 'Borrowing' funding source is currently funded through internal funds.

The year-to-date spend of R2 470 million represents 28.37% (R1 849 million) on internally-funded projects and 27.42% (R621 million) on externally-funded projects.

The full year forecast indicates that 80.1% of the capital budget is anticipated to be spent by the end of the financial year.

**Reasons for major over-/under expenditure on the capital budget (YTD)**

- Energy & Climate Change directorate (R56.9 million under)**

The directorate's negative variance is due to the following projects being behind schedule:

- Mitchells Plain - Steenbras 132 kV OHL: Eskom is experiencing program slippage resulting in a new completion date in June 2020;

- Hout Bay LV Depot: Contractor is 20 days behind schedule. Problems have been detected with the finishing of some of the concrete beams on the main building. The revised practical completion date is now 3 April 2020, due to the extension of time, claims being awarded for delays experienced in the crushing of hard rock found on site, inclement weather and the recent protest action;
- MV System Infrastructure in Areas North and South: Projects are at risk until all the expired contracts have been replaced with new contracts. The switchgear contract has been awarded. The building tender is still in its appeal period;
- Resource Efficiency Municipal Building FY20: Project plan compiled later than anticipated; and
- Conn Infrastructure (Quote) - East FY20: Applications for new- and upgraded supplies have been less than planned for the period under review as it is customer-demand driven.

90% spend is forecasted for the projects currently on the budget.

- **Human Settlements directorate (R91.5 million over)**

The directorate's positive variance is mainly due to the good contractor- and consultants' performance on the following projects:

- Maroela Housing Project - South;
- Conradie Housing Development;
- Belhar CBD Housing Development (PGWC); and
- Urbanisation: Backyards/Informal Settlements Upgrade FY20

100% spend is forecasted for the projects currently on the budget.

- **Transport directorate (R53.3 million over)**

The directorate has a net positive variance, which is an accumulation of faster than anticipated expenditure on a number of projects, the most significant of which are:

- Smart Technologies at PTIs: Some equipment delivered earlier than anticipated. Further implementation being scheduled while awaiting the rest of the equipment. Fibre links being implemented via the CCTV tender. Cape Town Station Deck is now online;
- Public Transport System project: Project well ahead of schedule with systems being delivered earlier than anticipated. Although there are no issues with various contracted resources at present, there are concerns about business continuity, due to the absence of a mechanism to procure professional services not currently in place. Tender 342C will be used to lessen this. Approval of various PIDs for software; and
- Road Dualling: Kommetjie Road and Ou Kaapse Weg: The contractor is now ahead of program with an expected completion date in March 2020.

79% spend is forecasted for the projects currently on the budget.

- **Water & Waste directorate:**

- **Solid Waste Management department (R103.5 million under)**

The department's negative variance reflects on the following projects:

- Vissershok - LFG Infrastructure to Flaring: Awaiting construction work permit from the Department of Labour before site handover can take place;
- New Prince George Drop-off: Initial delays experienced as a result of a lengthy procurement process including legal consideration of objection to fencing specification. Final design has been completed. Tender 310Q for construction was awarded by BAC on 28 October 2019. No appeals were received and the award was confirmed on 27 November 2019. Construction is anticipated to commence in January/February 2020;
- Hanover Park Depot Upgrade: Delays were experienced, due to clarification for compliance purposes (i.e. local content, sub-contracting etc.) required from bidders and arithmetical errors. Design has since been completed. Construction tender was advertised on 5 April 2019 and closed on 13 May 2019. BEC concluded on 24 October 2019. Due diligence audit conducted on recommended bidder and report submitted on 7 November 2019. Tender awarded on 25 November 2019. Awaiting resolution. Anticipated site hand over in January 2020;
- Coastal Park - Design and develop: Delays are as a result of protracted procurement processes that includes the due diligence process;
- Scottsdene Depot Upgrade: Construction commenced in May 2019 as a result of initial delays with guarantees, construction permits and building plan approvals. Construction to be completed in May 2020;
- Coastal Park - Design and develop (MRF): Delays are as a result of an appeal that was upheld. It is anticipated that the construction portion of the project will be re-phased to 2020/21;
- Schaapkraal Depot Upgrade: Initial delays experienced during temporary accommodation delivery and setup. Construction is underway and is anticipated to be completed by April 2020; and
- Retreat Drop-off Upgrade Waste Minimisation: Construction tender 65Q commenced in November 2018 with an anticipated completion date of February 2020. The contractor is currently running behind schedule as a result of insufficient allocation of resources to this project. Contractor has stated that the project is now delayed by 20 days as a result of approved time delay allocations.

65% spend is forecasted for the projects currently on the budget.

- **Water & Sanitation Services department (R337.2 million over)**

The department's positive variance is mainly due to implementation of approved tenders, contractors who are already on site as well as contractors whose performance exceed the estimated performance on the following projects:

- Zandvliet Waste Water Treatment plant;
- Cape Flats Aquifer;
- Borchards Quarry Waste Water Treatment Works; and
- Purchasing of vehicles.

70% spend is forecasted for the projects currently on the budget.

Detailed explanations and remedial action on variances on the capital budget can be found on page 56.

### Monthly capital expenditure

The graph below reflects the City's monthly capital expenditure to date measured against the 2019/20 current budget.

### Capital expenditure trend over the current- and past two years

The graph below shows the City's capital expenditure trend for 2017/18, 2018/19 and 2019/20.

The capital expenditure quarterly trend for the 2017/19, 2018/19 and 2019/20 financial years is graphically illustrated below.

**Status of certain major capital programmes/projects in the City**

Programme or Major Project	Current Budget	YTD Planned Spend	YTD Actual Spend	YTD Variance	Comments
Zandvliet WWTW-Extension	447,219,237	130,000,000	209,480,424.65	79,480,424.65	All contracts are in the execution phase with the project progressing ahead of schedule as per the latest construction cost and timeframes. The latest cash flow projections are higher than the current budget. Amendments to the budget and cash flow is proposed in the January 2020 adjustment budget.
IRT Phase 2 A	395,716,449	82,287,357	71,361,400.43	-10,925,956.57	The negative variance is due to initial delays as a result of issues with underground services. A portion of the budget will be re-phased to the next financial year in the January 2020 adjustments budget.
Meter Replacement Programme	270,000,000	53,000,000	54,853,171.42	1,853,171.42	The project is progressing ahead of schedule as per the latest construction cost and timeframes, however, a strategic decision was taken to re-plan the annual budget provision based on realistic achievable meter replacement numbers. The budget will be revised in the January 2020 adjustments budget.
Cape Flats Aquifer	250,000,000	10,000,000	177,826,299.74	167,826,299.74	The New Water Programme and Water Strategy approved by Council (MC 29/05/19) is proceeding ahead of schedule, due to good supplier performance. Budget and cash flows will be amended during the January 2020 adjustments budget.
Table Mountain Group Aquifer	250,000,000	60,000,000	77,838,070.91	17,838,070.91	The project is proceeding as per the New Water Programme and Water Strategy approved by Council (MC 29/05/19) although there is a slight misalignment of the cash flow. In total, 13 production and 9 monitoring boreholes have been completed to date with Term Tender 19Q/2018/19 (Horizontal Rock Drilling). The tender process for construction of a 22 Ml/day pre-treatment facility at Steenbras Dam has been initiated; specifications will be completed once the water quality data is adequate. Environmental issues (ie. drilling in a nature reserve and restrictions applicable to a World Heritage Site) has resulted in delays and the consequential risk of underspend. The budget and cash flow will be amended during the January 2020 adjustments budget.
Replacement of Fire Vehicles	209,000,000	-	13,807,300.14	13,807,300.14	Some vehicles delivered earlier than anticipated. Further orders have been placed; awaiting delivery. A portion of the project will be re-phased to the next financial year in the January 2020 adjustments budget.
System Equipment Replacement: East	182,000,000	88,430,000	94,132,497.24	5,702,497.24	Project implementation is ahead of schedule, due to good contractor performance. The contractor has capacity for additional work; some projects have been brought forward. Budget and cash flow to be amended in the January 2020 adjustments budget.

Table continues on next page.

## City of Cape Town: S52 Annexure A – 2020 Q2 (December 2019)

Programme or Major Project	Current Budget	YTD Planned Spend	YTD Actual Spend	YTD Variance	Comments
Atlantis Aquifer	160,000,000	29,000,000	26,761,471	-2,238,529	The negative variance is due to land access approval delays from the Western Cape Government (WCG), the National department of Public Works and private land owners. Budget and cash flows will be amended in the January 2020 adjustments budget.
Non-Motorised Transport Programme	145,335,860	47,993,562	42,420,433	-5,573,129	The prolonged tender evaluation process has delayed the commencement of this project, which is now anticipated to only start in January 2020. The revised construction costs and timeframes indicate that a budget decrease is required. The budget will therefore be re-phased to the next financial year in the January 2020 adjustments budget.
Plant & Vehicles: Replacement	140,000,000	-	18,213,158	18,213,158	This project is for the purchase of various vehicles for the Solid Waste Management Collections department. The project is on schedule and is currently in the execution phase. Orders for long lead time vehicles were placed in August 2019. Orders for short lead time vehicles will be processed shortly. Some smaller vehicles have been delivered ahead of schedule as a result of stock availability.
FS Replacement Vehicles	132,876,438	11,050,155	41,698,775	30,648,620	The project started slightly ahead of schedule, with orders being placed in June 2019 and delivered in July 2019. All tenders are in place and the bulk of the funds have been committed. The remaining deliveries relate to long lead-time orders and delivery is only expected from March 2020. Orders for the remaining balance will be placed in January 2020. Additional budget to meet fleet replacement requirements will be added in the January 2020 adjustments budget.
Upgrading Solid Waste facilities	120,485,472	58,948,349	23,092,158	-35,856,191	Initial delays with guarantees, construction permits and building plan approvals resulted in construction commencing in May 2019, with an anticipated construction period of 12 months. As a result of the initial delays, a portion of the budget will be re-phased to the 2020/21 financial year in the January 2020 adjustments budget.
Cape Flats WWTW-Refurbish various struct	119,512,667	35,000,000	19,761,968	-15,238,032	Multi-funded project. This project is for the upgrade of the Cape Flats Waste Water Treatment Works in order to increase plant capacity. Tender 295Q/17/18 was signed and the first invoice has been received. The contractors have been appointed and work has commenced. The anticipated expenditure is lower than budget at present, due to some tenders being in the evaluation phase and some being subject to MFMA Section 33 process. There are a number of contracts still to be advertised to finalise future works. Budget will be revised in the January 2020 adjustments budget.
Upgrading of drop-off facilities	104,773,272	45,919,996	41,802,604	-4,117,392	The contractor is currently running behind schedule as a result of an insufficient resource allocation. The contractor has estimated that the project will be completed 20 days later than anticipated and has taken a shortened year-end break to try and make up for lost time.

Table continues on next page.

## City of Cape Town: S52 Annexure A – 2020 Q2 (December 2019)

Programme or Major Project	Current Budget	YTD Planned Spend	YTD Actual Spend	YTD Variance	Comments
Bellville WWTW	100,379,525	12,000,000	23,728,655.36	11,728,655.36	Project is ahead of planned spend, due to good performance of the service providers. Tender 365Q/2015/16 completed. Tender 272Q/2016/17 and 47Q/2018/19 currently in progress. Equipment has been procured and fabrication of various items are in progress. Budget will be revised in the January 2020 adjustments budget.
Asset Management Programme	99,879,009	5,797,800	64,485,757.28	58,687,957.28	The project is progressing ahead of schedule, due to good contractor performance. A portion of the budget has also been committed. The replacement of staircase project in Parkwood has achieved practical completion, exploratory works have commenced in Lavender Hill, and practical completion for precast and balustrade work has been achieved in Retreat. Additional budget has been requested in the January 2020 adjustments budget as the contractors are performing ahead of schedule.
Cape Flats Rehabilitation	97,472,000	31,472,000	2,532,539.15	-28,939,460.85	Professional Services Tender (70C/2017/18) has commenced with the design and tender documents for the rehabilitation of the Cape Flats Bulk Sewers being completed. The construction tender (176Q/2018/19) was awarded on 26 August 2019, however, two appeals were received against the award resulting in delays. The tender will now commence in January 2020 as the appeals have since been resolved. Budget and cash flows will be amended in the January 2020 adjustments budget.
Facilities Management Infrastructure	96,850,638	11,899,395	12,629,346.48	729,951.48	The project is ahead of schedule, due to good contractor performance. Further orders were placed and work will commence in the third quarter of this financial year. An amount of R3.8 million will be re-phased from 2019/20 to 2020/21 in the January 2020 adjustments budget. A portion of the budget will be reprioritised to other departments in the current financial year.
Urbanisation: Backyards/Infrm Settl Upgr	91,995,899	37,595,899	38,465,457.30	869,558.30	The budget forms part of a programme with multiple projects, which are at various stages of progress. Projects are ahead of schedule, due to good contractor performance. Additional budget has been requested in the January 2020 adjustments budget as there were more term tender contractors appointed than originally anticipated.
MV System Infrastructure	90,000,000	38,852,793	21,082,106.65	-17,770,686.35	Projects are at risk until all expired contracts are replaced with new contracts. The switchgear tenders have been awarded and the building tender has an appeal that needs to be addressed. The budget will be adjusted in the January 2020 adjustments budget.
Wesfleur WWTW-Capacity Extension	90,000,000	5,000,000	3,404,541.83	-1,595,458.17	Tender 123Q was cancelled by the Bid Adjudication Committee on 28 October 2019. Budget and cash flows will be amended in the January 2020 adjustments budget. The project will be re-phased to the outer years.
	<b>3,593,496,466</b>	<b>794,247,306</b>	<b>1,079,378,136</b>	<b>285,130,830</b>	

## COMMITMENTS AGAINST CASH AND INVESTMENTS

### Cash and Investments

For the month under review, the cash and cash equivalents amounted to R10 628 million. This position is mainly due to the levels of cash realised in the 2018/19 financial year.

### Commitments against cash and investments on hand (current and non-current investments)

The table below shows that the City's cash and investments on hand is capable of funding the City's reserves with the residual balance used for working capital.

Item	Previous Month	Current Month
<b>R'Thousands</b>		
<b>Closing Cash Balance</b>	<b>16,749,404</b>	<b>18,444,896</b>
Unspent Conditional Grants	1,657,985	1,859,585
Housing Development	400,975	405,898
MTAB	18,704	19,066
Trust Funds	859	864
Insurance reserves	504,146	510,285
CRR	3,758,010	3,625,642
Commitments	1,476,599	1,395,937
<b>TOTAL</b>	<b>7,817,278</b>	<b>7,817,277</b>
<b>TOTAL Cash and Cash Equivalents</b>	<b>8,932,126</b>	<b>10,627,619</b>

Details on the cash flow can be found on page 39.

The City's investment portfolio breakdown can be found on page 64.

The monthly actual and targets can be found on page 73.

## GRANT UTILISATION

Description	Budget Year 2019/20						
	Original Budget	Adjusted Budget	YearTD actual	YearTD budget	YTD variance	YTD variance %	Full Year Forecast
<b>R thousands</b>							
Total operating expenditure of Transfers and Grants	7,376,568	7,493,227	661,895	598,711	63,184	10.6%	7,493,227
Total capital expenditure of Transfers and Grants	2,265,085	2,265,373	621,162	632,226	(11,063)	-1.7%	1,920,868
<b>TOTAL EXPENDITURE OF TRANSFERS AND GRANTS</b>	<b>9,641,654</b>	<b>9,758,600</b>	<b>1,283,057</b>	<b>1,230,937</b>	<b>52,121</b>	<b>4.2%</b>	<b>9,414,094</b>

Detailed information on transfers and grants per funding source is reflected on page 68.

## CREDITORS

### Creditors Analysis

R thousands	Budget Year 2019/20								Total
	0 - 30 Days	31 - 60 Days	61 - 90 Days	91 - 120 Days	121 - 150 Days	151 - 180 Days	181 Days - 1 Year	Over 1 Year	
Total Creditors	371,465	(6)	–	(4,440)	(166)	–	–	2,714	369,568

The City's creditors are paid within 30 days as stipulated in the MFMA. Outstanding creditors older than 31 days, as reflected in the table above, are due to, inter alia, debit balances to be deducted in the next payment run and legal-related matters.

The City has a continuous management follow-up control system in place to facilitate the ultimate payment of these invoices.

## DEBTORS

**Top 10 Residential debtors - Age Analysis**

Account Owner Name	Total	Current	30	60	90	120	150	365	>365	Comments
Amakhaya Ngoku ("Homes Now")	R15,031,338.20	R193,144.44	R224,531.05	R186,162.84	R216,025.39	R212,842.38	R190,712.37	R1,407,021.02	R12,400,898.71	This is an unregistered individual unit ownership complex with no formal body corporate. There is an appointed board, which is not effectively performing its roles. In order to manage and control further accumulation of debt, the water pressure was reduced to manage consumption as well as to reduce water losses/wastage. The Provincial Public Housing Department is conducting a survey and building assessment as part of investigating the possibility of the building being transferred to the City's Rental Stock. Dunning actions are on hold until the property transfer is processed.
Ndabeni Communal Property	R6,083,196.57	R91,449.20	R100,296.28	R90,184.80	R89,443.99	R100,622.79	R93,066.46	R751,596.91	R4,766,536.14	This is a land restitution case and the beneficiaries' representatives, appointed by the High Court, submitted an offer in full and final settlement subject to the approved application for funding by the City's Rural Development department. A meeting with the Department of Land Affairs and the attorneys to get clarity on such funding is scheduled to take place in January 2020. The City intends to proceed with dunning action with immediate effect if no payments are made thereafter.
Sandpiper Mansions Body Corp	R4,666,291.87	R44,789.53	R44,784.85	R44,780.85	R44,573.09	R60,565.86	R95,469.46	R446,390.99	R3,884,937.24	The body corporate has installed individual water meters for each unit. An arrangement was entered into between the City and the debtor, however, insufficient payments have been made from April 2019. Individual property units are under assessment to ascertain whether these properties might benefit from the Water & Sanitation policy where properties under R400 000 in value are illegible for water adjustments.
The Friends of Bathandwa Trust	R4,578,338.66	R40,640.66	R63,822.80	R63,732.32	R70,995.95	R74,682.10	R67,368.33	R456,772.26	R3,740,324.24	The property is operating as a crèche and a community organisation. According to the trustees, the crèche is occupying the property illegally. However, the crèche claims to have legal documents, which have not been submitted by them and therefore cannot be confirmed. Summonses were issued and successfully delivered and an instruction has been given to the City's appointed attorney to proceed with the judgement phase. A health inspection was conducted in November 2019 and overall conditions in terms of hygiene and housekeeping were found to be satisfactory. The property's water supply was set to trickle.

Table continues on next page.

## City of Cape Town: S52 Annexure A – 2020 Q2 (December 2019)

Account Owner Name	Total	Current	30	60	90	120	150	365	>365	Comments
Silvermist	R3,789,423.27	R258,341.08	-R672.88	R0.00	R0.00	R0.00	R0.00	R642,574.23	R2,889,180.84	Investigations into the electricity account is pending. Investigations have also revealed that the body corporate is only liable for Rates from date of registration i.e. 16 November 2006. The developer - Constantia Ridge Estates PTY LTD - is liable for payment of Rates from 1 July 2006 to 15 November 2006. Verification of the Body Corporate's use code by the Valuations department is pending with anticipated adjustments thereafter.
Mr B Lolo	R3,109,720.68	R21,823.74	R22,079.21	R21,549.13	R25,596.39	R37,257.14	R35,450.54	R270,393.20	R2,675,571.33	There are pending water adjustments as a result of a faulty water meter, which has since been replaced with a Water Management Device (WMD) set to 350kl per day.
Karbonkelberg Flats Texas Body Corporate	R2,310,109.19	R35,072.56	R30,186.47	R28,741.58	R28,461.00	R49,815.96	R101,993.14	R436,181.49	R1,599,656.99	The high water consumption is as a result of a bulk meter supplying the property and the community. A list of property units valued below R400 000 has been submitted to the Water & Sanitation Services department with the request to benefit them for arrear adjustments as per the regulatory processes. In the meantime, discussions are underway to curb any future excessive usage.
Mrs MJ Vaas	R2,164,081.04	R13,929.77	R17,266.55	R11,738.96	R14,811.27	R14,759.95	R14,291.80	R96,991.15	R1,980,291.59	The property is a deceased estate with no executor but was used as a crèche at some stage. A joint inspection was done by a Health Inspector and a Law Enforcement officer as the area is deemed volatile. The feedback from the site visit is that the crèche no longer exists and that the water has been disconnected as dunning actions were revised.
Schotsche Kloof Flats Body Corporate	R2,151,452.27	R14,851.08	R38,851.72	R12,330.86	R23,658.70	R24,090.86	R37,806.93	R138,425.85	R1,861,436.27	Payments are far too low and are being paid sporadically. The client wants to make arrangements but expects the City to credit the levies, which are due to the body corporate. However, the Revenue department is claiming that the same credit be paid against the long outstanding debt instead of crediting the debtor.
Mr MP Machin	R2,098,858.34	R16,065.99	R17,228.11	R16,259.69	R16,182.88	R17,245.61	R15,856.00	R112,374.66	R1,887,645.40	The property is under liquidation and claim documents have been submitted to the liquidator. An Insolvency Lock is active until the end of January 2020. Amended offers on the Nedbank movable property is awaited as the court order has granted the liquidator permission to sell. The remainder of the assets is still under interdict while litigation is ongoing.

## IN YEAR BUDGET STATEMENT SUPPORTING TABLES

### Material variance explanations for operating revenue by source and by vote

Description	YTD Variance R thousands	Variance %	Reasons for material deviations	Remedial or corrective steps/remarks
<b>Revenue By Source</b>				
Property rates	64,700	1.3%	The variance is a combination of over-/under-recovery mainly on: 1. Property Rates (over), due to continuous real time supplementary valuations resulting in an updated valuation base; and 2. Income forgone (under), due to fewer than anticipated old-age rebates and exemption applications received to date.	Actual revenue trends and budgets were reviewed in the mid-year review process and adjustments proposed in the January 2020 adjustments budget.
Service charges - electricity revenue	459,412	6.6%	The over-recovery reflects against the Large Customer (commercial customers) category (R254 million) and against the Time Of Use (TOU) Tariff category (R202 million). This over-recovery is due to periodic changes in consumption and the winter peak tariff seasonalisation of customers linked to these categories. The seasonalisation of the TOU tariff is not aligned to the period budget as it is wholly dependent on when customers migrate to the new tariffs. Affected customers were given the option to move to the TOU tariff category but very few responded although it is the cheaper option for them. The extent of the over-recovery will reduce as the low demand period has been reached.	Actual revenue trends and budgets were reviewed in the mid-year review process and adjustments proposed in the January 2020 adjustments budget.
Service charges - water revenue	(185,679)	-11.7%	The forecasted revenue for 2019/20 is dependent on the consumption trends projected to sustain the cost of water and sanitation services as the City moves out of the drought period. Analysis of the financial information at this stage indicates that consumption has not increased to the anticipated levels resulting in under-recovery.	Actual revenue trends and budgets were reviewed in the mid-year review process and adjustments proposed in the January 2020 adjustments budget.
Service charges - sanitation revenue	(69,100)	-8.8%	The forecasted revenue for 2019/20 is dependent on the consumption trends projected to sustain the cost of water and sanitation services as the City moves out of the drought period. Analysis of the financial information at this stage indicates that consumption has not increased to the anticipated levels resulting in under-recovery.	Actual revenue trends and budgets were reviewed in the mid-year review process and adjustments proposed in the January 2020 adjustments budget.
Service charges - refuse revenue	672	0.1%	Immaterial variance.	-
Rental of facilities and equipment	(25,034)	-15.7%	The variance is mainly within the Human Settlements directorate where revenue from Council rental stock is lower than planned, due to higher than planned Indigent Relief and Rental Subsidies actuals. In addition, ongoing data clean-up resulted in the reversal of prior year billings, which impacted the current year budget provisions.	Actual revenue trends and budgets were reviewed in the mid-year review process and adjustments proposed in the January 2020 Adjustments budget.
Interest earned - external investments	60,423	11.4%	The over-recovery, is due to higher than expected cash and investment fund balances to date.	No corrective action required.
Interest earned - outstanding debtors	3,095	1.6%	Immaterial variance.	-

Table continues on next page

## City of Cape Town: S52 Annexure A – 2020 Q2 (December 2019)

Description	YTD Variance R thousands	Variance %	Reasons for material deviations	Remedial or corrective steps/remarks
<b>Revenue By Source</b>				
Dividends received	—	-	-	-
Fines, penalties and forfeits	273,791	47.1%	The over-recovery is mainly on: 1. Traffic fines - accruals (R262 million), due to more than planned fines issued for traffic and various by-law offences during this period; and 2. Traffic fines - paid (R11 million), due to more fines paid to date as a result of convenient payment facilities being made available to the public as well as the impact of fines reduced by the courts, making it more affordable for the public to pay.	Actual revenue trends and budgets were reviewed in the mid-year review process and adjustments proposed in the January 2020 adjustments budget.
Licences and permits	(3,212)	-9.7%	Immaterial variance.	-
Agency services	14,002	13.4%	The over-recovery is due to an increase in the number of registration of new- and unlicensed vehicles.	Actual revenue trends and budgets were reviewed in the mid-year review process and adjustments proposed in the January 2020 adjustments budget.
Transfers and subsidies	111,362	2.5%	The variance is a combination of over-/under-recovery within the following directorates: 1. Community Services (under), due to outstanding payments for health-related expenditure claims submitted to the Western Cape Government (WCG). 2. Human Settlements (over), due to period budget provisions not being aligned to actual spending, which is higher than planned on projects rolled over from 2018/19 as progress is ahead of the original construction schedule. 3. Transport (over), where deviation reports and contracts with service providers for the Automated Fare Collection (AFC)/Advanced Public Transport Management Systems (APTMS) were concluded faster than anticipated resulting in payments being processed earlier than anticipated. 4. Finance (over), due to earlier than anticipated income realised iro the VAT portion on a number of USDG projects currently in progress.	Actual revenue trends and budgets were reviewed in the mid-year review process and adjustments to operating grants and donations projects were proposed in the January 2020 adjustments budget.
Other revenue	46,964	12.4%	The variance is a combination of over-/under-recovery mainly on: 1. Recoveries of Infrastructure Maintenance (over), due to a refund from Eskom as a result of underspending from previous years' on electrification projects in the Eskom-supply area. 2. Cash Recovery - Claims (over), due to a cash refund from SASRIA for higher than planned insurance claims. 3. By-product sales (over), due to an increase in the sale of by-products (timber) at Steenbras- and Wemmershoek dams. 4. Development Levies/BICL (over), due to higher than planned actual revenue received for the month under review. Development levies are linked directly to property developments in the City and accurate period planning is not possible. 5. Hire of municipal staff (over), due to higher than anticipated demand for law enforcement staff for externally-funded events. 6. Building Levies (under), due to demand being less than anticipated as a result of current conditions within the construction industry. 7. Treatment Effluent Sales (over), due to an increase in the volumes of treated effluent sold.	Actual revenue trends and budgets were reviewed in the mid-year review process and adjustments proposed in the January 2020 adjustments budget.
Gains on disposal of PPE	13,385	64.9%	The variance is due to higher than anticipated land sales as well as proceeds from the auction of fleet, plant and equipment. The timing of actual revenue in this category cannot be accurately forecasted.	Actual revenue trends and budgets were reviewed in the mid-year review process and adjustments proposed in the January 2020 adjustments budget.

## City of Cape Town: S52 Annexure A – 2020 Q2 (December 2019)

Description	YTD Variance R thousands	Variance %	Reasons for material deviations	Remedial or corrective steps/remarks
<b>Revenue by Vote</b>				
Vote 1 - Community Services & Health	(30,063)	-6.8%	The under-recovery reflects against the following categories: 1. Rental of Facilities and Equipment, due to lower than anticipated demand as well as the impact of intermittent maintenance and emergency repairs, which resulted in the temporary closure of facilities. 2. Transfers and Subsidies, due to payments outstanding from the Western Cape Government for health claims submitted by the City. 3. Transfers and Subsidies - Capital, due to construction of the Heideveld ECD Centre and Welmoed Cemetery development being behind schedule.	1. Alignment of the budget base to actual revenue trends is proposed in the January 2020 adjustments budget. 2. The budget on the unconditional provincial health grant was reviewed and aligned to payments received/anticipated from WCG Health. 3. Extension of time claims has been approved. The contractor has submitted a revised programme, which will take the programme beyond completion date with possible penalties being enforced.
Vote 2 - Corporate Services	(3,979)	-10.6%	The variance is a combination of under-/over-recovery. 1. Grants & Subsidies: National (Conditional) (under), where expenditure relating to the appointment of graduates (funded ex ISDG) is less than planned as well as delays in appointment of the Implementation Coordinator in the CPPM department (funded ex PPM Program Support grant). 2. Service charges - Infrastructure and facilities (under), mainly on broadband-related revenue, as broadband implementation was paused following an investigation and the subsequent requirement to review the business model for the City. In addition, the bulk of the contract with the WCG was cancelled. 3. Skills Development Levy (over), due to higher than planned payments received to date. The unpredictable nature of payments make periodic budget estimates difficult.	Actual revenue trends and budgets were reviewed in the mid-year review process and adjustments proposed in the January 2020 adjustments budget.
Vote 3 - Economic Opportunities & Asset Management	19,769	20.9%	Over-recovery reflects against the following categories: 1. Rental of facilities and equipment, due to more than planned lease agreements concluded and higher than planned negotiated lease rental rates being billed. 2. Gains on disposal of PPE, due to more than anticipated land sales concluded to date and higher than anticipated proceeds from the auction of fleet, plant and equipment.	Actual revenue trends and budgets were reviewed in the mid-year review process and adjustments proposed in the January 2020 adjustments budget.
Vote 4 - Energy & Climate Change	474,372	6.7%	The variance is a combination of over-/under-recovery mainly on: 1. Electricity sales (over), where the over-recovery is against the Large Customer (commercial customers) category (R254 million) and the Time Of Use (TOU) Tariff category (R202 million). The over-recovery is due to periodic changes in consumption and the winter peak tariff seasonalisation of customers linked to these categories. The seasonalisation of the TOU tariff is not aligned to the period budget as it is wholly dependent on when customers migrate to the new tariffs. Affected customers were given the option to move to the TOU tariff category but very few responded although it is the cheaper option for them. The extent of the over-recovery will reduce as the low demand period has been reached. 2. Other Revenue (over): a) Recoveries of Infrastructure Maintenance, due to refunds from Eskom as a result of underspending from previous years on electrification projects in the Eskom-supply area; and b) Development Contribution/Levy & BICL, where revenue is dependent on property development, which is unpredictable and fluctuates constantly. 3. Transfers and Subsidies - Capital (under), due to the 'Nomzamo Electrification' project being behind schedule as the contractor is struggling to fulfil tasks on time because of capacity constraints.	Adjustments to the budget on the following revenue elements will be proposed in the January 2020 adjustments budget: 1. Electricity sales; 2. Recoveries of Infrastructure Maintenance; and 3. Nomzamo Electrification project.

Table continues on next page.

City of Cape Town: S52 Annexure A – 2020 Q2 (December 2019)

Description	YTD Variance R thousands	Variance %	Reasons for material deviations	Remedial or corrective steps/remarks
<b>Revenue by Vote</b>				
Vote 5 - Finance	180,721	2.0%	The variance is a combination of over-/under-recovery. 1. Property rates (over), due to continuous real time supplementary valuations resulting in an updated valuation base. 2. Service charges (under), due to lower than planned indigent applications for refuse removal services received to date. 3. Interest received - External investments (over), due to higher than expected cash and investment fund balances to date. 4. Transfers and subsidies - Grants and Subsidies: National (unconditional grants) (over), due to earlier than anticipated income realised iro the VAT portion on a number of USDG projects currently in progress. 5. Agency income - Provincial (over), due to an increase in the number of registrations of new- and unlicensed vehicles. 6. Other revenue (over), mainly on Cash Recovery - Claims, due to a cash refund from SASRIA for higher than planned insurance claims.	Actual revenue trends and budgets were reviewed in the mid-year review process and adjustments proposed in the January 2020 adjustments budget.
Vote 6 - Human Settlements	94,808	21.0%	The variance is a combination of over-/under-recovery, mainly on: 1. Indigent Relief (over), which is higher than planned as it is demand driven and dependent on eligibility. 2. Subsidies/Rebates (over), which is higher than planned as it is demand driven and dependant on eligibility. 3. Rental of fixed assets: Non-market related (under), where revenue from Council rental stock is lower than planned, due to higher than planned Indigent Relief and Rental Subsidies actuals. In addition, ongoing data clean-up resulted in the reversal of prior year billings, which impacted the current year budget provisions. 4. Transfers and subsidies (over), due to period budget provisions not being aligned to actual spending, which is higher than planned on projects rolled over from 2018/19 as progress is ahead of the original construction schedule. 5. Transfers and Subsidies - Capital (over), due to good contractor performance mainly on: Belhar CBD project, Maroela Housing project, Urbanisation Backyard Informal Settlements project, and Conradie HSG Development.	Actual revenue trends and budgets were reviewed in the mid-year review process and adjustments proposed in the January 2020 adjustments budget.
Vote 7 - Office of the City Manager	22	4283.1%	Immaterial variance.	-

Table continues on next page.

City of Cape Town: S52 Annexure A – 2020 Q2 (December 2019)

<b>Revenue by Vote</b> Vote 8 - Safety & Security	278,734	44.7%	<p>The variance is a combination of over-/under-recovery.</p> <ol style="list-style-type: none"> <li>1. Fines, penalties and forfeits (over), mainly relating to traffic fines: <ol style="list-style-type: none"> <li>a) Traffic fines - accruals (R262 million), due to more than planned fines issued for traffic- and various by-law offences during this period; and</li> <li>b) Traffic fines - paid (R11 million), due to more fines paid to date as a result of convenient payment facilities being made available to the public as well as the impact of fines reduced by the courts, making it more affordable for the public to pay.</li> </ol> </li> <li>2. Other revenue - Hire of municipal staff (over), due to higher than planned demand for law enforcement staff for externally-funded events.</li> <li>3. Transfers and subsidies (under), due to delays in appointment of staff members for various CID projects, as relevant HR processes were dependant on Council approving the EPWP Exclusion report, which requested the exclusion of staff from the requirements outlined in the Jobseekers Database Policy.</li> </ol>	Actual revenue trends and budgets were reviewed in the mid-year review process and adjustments proposed in the January 2020 adjustments budget.
Vote 9 - Spatial Planning & Environment	(5,567)	-7.0%	<p>Under-recovery reflect against the following categories:</p> <ol style="list-style-type: none"> <li>1. Building levies, due to less than anticipated demand as a result of current conditions within the construction industry.</li> <li>2. Transfers and subsidies, due to a grant-funded position that will not be filled as the functions of the position fall within the Transport directorate.</li> <li>3. Revenue Capital, due to initial delays in the Kruskal Avenue project in Bellville as informal traders had to be relocated.</li> </ol>	Actual revenue trends and budgets were reviewed in the mid-year review process and adjustments proposed in the January 2020 adjustments budget.
Vote 10 - Transport	39,297	7.3%	<p>The variance is a combination of over-/under recovery.</p> <ol style="list-style-type: none"> <li>1. Licences and permits: Road and transport (under), due to fewer than planned wayleave permit applications received where the trenchless methodology has not been applied by contractors.</li> <li>2. Transfers and Subsidies (over), where deviation reports and contracts with service providers for the Automated Fare Collection (AFC)/Advanced Public Transport Management Systems (APTMS) were concluded faster than anticipated resulting in payments being processed earlier than anticipated.</li> <li>3. Other Revenue (over): <ol style="list-style-type: none"> <li>a) Bus fares - Transit Products, due to an increase in MyCiTi bus ridership as a result of route modernisation; and</li> <li>b) Development Contributions, which is higher than planned as it is dependant on property development and therefore difficult to predict.</li> </ol> </li> <li>4. Transfers and Subsidies - Capital (under): <ol style="list-style-type: none"> <li>a) Inner City NMT project, due to a prolonged tender evaluation process, which has delayed the commencement of the project to January 2020;</li> <li>b) IRT - Jan Smuts project, as initial delays were experienced, due to issues relating to underground services; and</li> <li>c) Road Rehab - Bishop Lavis project, where the contract is in the process of being terminated as the contractor is insolvent. A re-tender of the remaining works will follow after the legal process has been completed.</li> </ol> </li> </ol>	Actual revenue trends and budgets were reviewed in the mid-year review process and adjustments proposed in the January 2020 adjustments budget.

City of Cape Town: S52 Annexure A – 2020 Q2 (December 2019)

Description	YTD Variance R thousands	Variance %	Reasons for material deviations	Remedial or corrective steps/remarks
<b><u>Revenue by Vote</u></b>				
Vote 11 - Urban Management	6,923	5.7%	The over-recovery is mainly on CID: Commercial, due to higher than planned revenue received from levies. This is as a result of supplemental valuations of properties within the CID and two new CIDs added since the start of the financial year.	Actual revenue trends and budgets were reviewed in the mid-year review process and adjustments proposed in the January 2020 adjustments budget.
Vote 12 - Water & Waste	(288,944)	-8.4%	<p>The variance is a combination of over-/under-recovery.</p> <p>1. Service Charges - Water Revenue (R185.6 million under) and Sanitation Revenue (R69.1 million under). Anticipated revenue for the year is dependent on the consumption trends projected to sustain the cost of water and sanitation services as the City moves out of the drought period. Analysis of the financial information at this stage indicates that consumption has not increased to the anticipated levels resulting in an under-recovery.</p> <p>2. Service Charges - Refuse Revenue (R29.5 million under):</p> <p>a) Refuse charges, where the use of refuse containers is demand driven and currently lower than anticipated; and</p> <p>b) Disposal coupon fees, due to less than planned waste being disposed of by private contractors at landfill sites.</p> <p>3. Other revenue (over):</p> <p>a) Collection charges recovered, due to unforeseen dunning charges received for the recovery of outstanding debt;</p> <p>b) Development Contribution Levy, due to higher than planned revenue received from development levies imposed on developers;</p> <p>c) By-product sales, due to an increase in the sale of by-products (timber) at Steenbras- and Wemmershoek dam; and</p> <p>d) Treatment Effluent - Sales, due to an increase in the volumes of treated effluent sold.</p> <p>4. Interest on outstanding debt (under), due to the interest on outstanding debtors being less than planned.</p> <p>5. Transfers and subsidies - Capital (under) mostly within the Water &amp; Sanitation Services department, due to reprioritisation of projects as well as tenders being awarded slightly later than anticipated.</p>	Actual revenue trends and budgets were reviewed in the mid-year review process and adjustments proposed in the January 2020 adjustments budget.

### Material variance explanations for operating expenditure by type and by vote

Description	YTD Variance R Thousands	Variance %	Reasons for material deviations	Remedial or corrective steps/remarks
<b>Expenditure By Type</b>				
Employee related costs	(376,274)	-5.5%	The variance is mainly due to: 1. The turnaround time in filling vacancies; 2. The internal filling of vacancies; and 3. Slower than planned implementation of job creation projects.	The City had 3861 vacancies as at 31 December 2019; 1836 positions were filled (982 internal and 854 external) with 712 terminations processed since the beginning of the financial year. The filling of vacancies is ongoing and seasonal staff are appointed as and when required.
Remuneration of councillors	111	0.1%	Immaterial variance.	-
Debt impairment	11,250	1.0%	Immaterial variance.	-
Depreciation & asset impairment	(17,334)	-1.2%	Immaterial variance.	-
Finance charges	742	0.2%	Immaterial variance.	-
Bulk purchases	(48,245)	-1.0%	The variance is a combination of over-/underspending. 1. Bulk purchases - Electricity (over), due to higher than planned bulk purchases of electricity as a result of higher demand during winter. The remaining months are likely to be lower or equal to the budget provisions. 2. Bulk purchases - Water (under), combination of over/under, mainly on: a) Raw water (under), due to lower water volumes resulting in reduced costs as well as invoices outstanding from the National Department of Water & Sanitation; b) Bulk water levy (under), due to invoices outstanding from the National Department of Water & Sanitation as well as lower than expected levels of consumption; c) Bulk water – Desalination (under), due to delays in the finalisation of invoices for the two operational temporary desalination plants. The City is currently also in a legal dispute with one of the contractors; and d) Bulk purchase - Water reclamation (over), due to expenditure patterns not being aligned to the planned periodic budget.	Actual revenue trends and budgets were reviewed in the mid-year review process and adjustments proposed in the January 2020 adjustments budget.

Table continues on next page.

Description	YTD Variance R Thousands	Variance %	Reasons for material deviations	Remedial or corrective steps/remarks
<b>Expenditure By Type</b>				
Other materials	(25,412)	-3.7%	<p>The variance is combination of over-/under expenditure.</p> <ol style="list-style-type: none"> <li>1. Chemicals (under), where the decline in volumetric levels requiring treatment resulted in less chemicals;</li> <li>2. Cleansing-related costs (over), where more than planned refuse bags were issued to Informal Settlements for refuse removal;</li> <li>3. Materials, Consumables, Tools and Equipment (under), mainly due to the additional budget allocation for MURP-related expenditure in the Energy &amp; Climate Change directorate that has not been spent. The directorate's budget was prepared based on its capacity to implement budgetary allocations and given the nature of the once-off allocation it is not possible to spend at such short notice and within the limited capacity available.</li> <li>4. G&amp;D Pharmaceuticals (under), due to delays in releasing the Cape Medical Depot (CMD) purchase orders as supporting documents are still being verified as required by SCM.</li> <li>5. G&amp;D Vaccines (under), due to delays in releasing the CMD purchase orders as supporting documents are still being verified as required by SCM.</li> <li>6. R&amp;M Material - General and Consumables (over), where more materials were used for repairs and maintenance in the Fleet Management- and Facilities Management departments.</li> <li>7. Fuel (over), due to fuel price fluctuations and consumption levels/requirements to date.</li> </ol>	Actual revenue trends and budgets were reviewed in the mid-year review process and adjustments proposed in the January 2020 adjustments budget.
Contracted services	95,861	3.7%	<p>The variance is a combination of over-/under expenditure.</p> <ol style="list-style-type: none"> <li>1. Advisory Services - Project Management (under), mainly within the Energy &amp; Climate Change directorate, due to the additional budget allocation for MURP-related expenditure that has not yet been spent. The directorate's budget was prepared based on its capacity to implement budgetary allocations and given the nature of the once-off allocation it is not possible to spend at such short notice and within the limited capacity available.</li> <li>2. Building Contractors (under), due to work performed to date being lower than planned.</li> <li>3. Haulage (under), due to lower than anticipated waste being hauled from the Transfer Station, drop-off sites and informal settlements.</li> <li>4. G&amp;D Contracted Services - Buildings (over), due to faster progress on the maintenance of the Automated Fair Collection (AFC) and Advanced Public Transport Management System (APTMS) as the deviation reports were approved earlier than expected and the contract with the service providers was also concluded earlier.</li> <li>5. R&amp;M Contracted Services - Buildings (over), due to road maintenance programmes within the Transport directorate being brought forward as one term tender will expire in March 2020 and accelerated R&amp;M activities at facilities resulting in work being completed earlier than anticipated.</li> <li>6. R&amp;M Electrical (under), due to a number of work projects that are still in the process of being finalised in order for purchase orders to be generated as well as tenders that have not been awarded yet.</li> <li>7. R&amp;M Gardening Services (over), due to misalignment of actual expenditure with the period budget provision.</li> <li>8. R&amp;M Maintenance Equipment (under), due to a number of work projects that are still in the process of being finalised in order for purchase orders to be generated as well as requirements to date being less than planned.</li> <li>9. Cleaning Cost (over), where work was implemented faster than anticipated resulting in misalignment of the period budget provision.</li> </ol> <p><i>Continues next page</i></p>	Actual revenue trends and budgets were reviewed in the mid-year review process and adjustments proposed in the January 2020 adjustments budget.

Table continues on next page.

Description	YTD Variance R Thousands	Variance %	Reasons for material deviations	Remedial or corrective steps/remarks
<b>Expenditure By Type</b>				
Contracted services	See previous page	See previous page	<p>10. Transportation Services - People (under), due to misalignment of actual expenditure with the period budget provision.</p> <p>11. Security Services - Municipal Facilities (over), due to a higher than anticipated requirement for services.</p> <p>12. Litter Picking and Street Cleaning (under), due to delays in the finalisation of plans to assist with the removal of illegal dumping.</p> <p>13. Meter Management (under), due to misalignment of the period budget with the actual expenditure as well as a decrease in the number of C3 notifications received.</p> <p>14. G&amp;D Security Services (over), where Security Services at transport interchanges are co-funded and grant funding is utilised before City funding.</p> <p>15. Waste minimisation (over), due to an incorrect booking of cost as the tender is not yet in place.</p>	See previous page
Transfers and subsidies	(19,206)	-8.7%	<p>The variance is mainly within the following directorates:</p> <p>1. Finance, due to delays experienced with compliance issues of beneficiaries applying for grants-in-aid.</p> <p>2. Water &amp; Waste, where services for clearing of alien vegetation at bulkwater plants are not outsourced anymore and now performed by City staff.</p>	Actual revenue trends and budgets were reviewed in the mid-year review process and adjustments proposed in the January 2020 adjustments budget.
Other expenditure	(112,358)	-10.5%	<p>The variance is a combination of over-/under expenditure, mainly on:</p> <p>1. Collection costs (under), due to unforeseen delays experienced during the reconciliation and vetting processes.</p> <p>2. Electricity (under), mainly due to lower than planned volumetric flows requiring transportation.</p> <p>3. Water research levy (under), due to direct alignment of the water levy with the raw water bulk purchases, which was lower than anticipated.</p> <p>4. Subsidy on homeowners redemption (under), due to misalignment of the budget provision with the actuals to date on the unrealised portion of the housing fund linked to property transfers.</p> <p>5. Uniforms and protective clothing (over), due to more uniforms needed for EPWP staff.</p> <p>6. Training (under), where dates for a number of training interventions are still being finalised.</p> <p>7. Insurance premiums and claims (under), where the actual premiums and claims paid are less than planned.</p> <p>8. Operating leases (over), due to misalignment of the period budget with actual expenditure trend.</p> <p>9. Skills development levy (under), where the actuals to date is less than the period budget provision due to negative postings in December 2019.</p> <p>10. Specialised IT Services (under), due to a lower demand for services to date.</p>	Actual revenue trends and budgets were reviewed in the mid-year review process and adjustments proposed in the January 2020 adjustments budget.
Loss on disposal of PPE	6,393	1298.2%	The variance is due to the write-off of damaged MyCiTi busses and scrapping of radios, which were donated to neighbourhood watches in the City.	Actual revenue trends and budgets were reviewed in the mid-year review process and adjustments proposed in the January 2020 adjustments budget.

<b><u>Expenditure by Vote</u></b>				
Vote 7 - Office of the City Manager	(8,857)	-7.6%	The variance is a combination of over-/under expenditure. 1. Employee related costs (under), due to the turnaround time in filling vacancies and the impact of the internal filling of vacancies. 2. Transfers and Subsidies (over), due to misalignment of actual expenditure with the period budget provisions. 3. Contracted services: Legal Cost - Legal Advice and Litigation (under), where there is misalignment between the actual expenditure and the period budget provision.	The directorate has 26 vacancies in various stages of the recruitment and selection process; 16 positions were filled and 4 terminations processed since the start of the financial year. There are continuous efforts to fill vacancies as quickly as possible.  Actual revenue trends and budgets were reviewed in the mid-year review process and adjustments proposed in the January 2020 adjustments budget.
Vote 8 - Safety & Security	22,825	1.4%	The variance is a combination of over-/under expenditure. 1. Employee related costs (over), mainly due to unplanned overtime required for protest action, events and Operation Lockdown where law enforcement officers assisted SAPS and SANDF to stabilise dangerous areas. 2. Depreciation (under), due to delays in completing two fire stations in the previous financial year resulting in the assets not being capitalised as planned. 3. Other materials (over), mainly due to the increase in demand for fuel as more vehicles were used for events, protests and accidents. 4. Other expenditure (under), due to the Commission on Revenue Sharing being less than planned as the reconciliations are only done after month-end as well as delays in receiving promotional items, due to vendors being closed during the festive season. 5. Loss on disposal of PPE (over), due to scrapping of radios, which were donated to neighbourhood watches in the City.	The overall over expenditure to date was addressed by the review of period budget provisions on various elements with adjustments to these elements proposed in the January 2020 adjustments budget. Furthermore, the directorate is in process of improving efforts to avoid future over expenditure.  The directorate has 555 vacancies in various stages of the recruitment and selection process; 397 posts were filled while 82 were terminated since the beginning of the financial year.
Vote 9 - Spatial Planning & Environment	(24,296)	-7.2%	The variance is mainly on employee related costs, due to the turnaround time in filling vacancies and the impact of the internal filling of vacancies.	The directorate has 114 vacancies in various stages of the recruitment and selection process; 39 posts were filled and 26 posts terminated since the beginning of the financial year. Labour brokers have been appointed to assist with the recruitment and selection function.

<b><u>Expenditure by Vote</u></b>				
Vote 12 - Water & Waste	See previous page	See previous page	<p>4. Other materials (under), a combination of over/under, mainly on:</p> <p>a) Chemicals (under), where the decline in the volumetric levels requiring treatment resulted in less chemicals;</p> <p>b) Materials Consumables Tools &amp; Equipment (under), due to a fewer refuse containers being purchased than originally anticipated;</p> <p>c) Cleansing Related Costs (over), due to more refuse bags required for refuse removal in Informal Settlements; and</p> <p>d) Fuel (over), due to more new vehicles in operation and the unavailability of fuel bunkers.</p> <p>5. Transfer and subsidies (under), where services for clearing alien vegetation at bulkwater plants are not outsourced anymore and the function is now performed by City staff.</p> <p>6. Contracted services (under), a combination of over/under, mainly on:</p> <p>a) R&amp;M (under), where a number of work projects are still in the process of being finalised as well as tenders that are in various stages of the tender process;</p> <p>b) Advisory Services - Project Management (over), due to additional resources/appointment of consultants for the implementation Customer Service branch;</p> <p>c) Meter management (under), due to misalignment of the period budget with the actual expenditure and a decrease in the number of C3 notifications received;</p> <p>d) Haulage (under), due to lower than anticipated waste being hauled from the Transfer Station, drop-off sites and informal settlements;</p> <p>e) Relief drivers (under), where challenges experienced with the employment of EPWP staff resulted in fewer drivers;</p> <p>f) Security services - Municipal facilities (over), where the increased need for security services resulted in actual expenditure being higher than planned;</p> <p>g) Waste minimisation (over), due to the incorrect booking of cost as some expenditure relates to haulage as well as contractors who are currently being appointed on a RFQ-basis as the tender is not yet in place.</p> <p>h) Litter picking and street cleaning (under), due to delays in finalisation of plans to assist with the removal of illegal dumping;</p> <p>i) Administrative and Support Staff (over), due to labour broker requirements being higher than anticipated;</p> <p>j) Legal Cost - Legal Advice and Litigation (under), where funding to accommodate the anticipated court cases linked to the regional landfill site has been added to this cost element;</p> <p>k) Demolitions (under), due to misalignment of the periodic plan to actual trends; and</p> <p>l) Refuse removal (under), due to insourcing of refuse removal services in Delft and Mfuleni resulting in less reliance on contractors for refuse removal services.</p> <p>7. Other expenditure (under), a combination of over-/under expenditure, mainly on:</p> <p>a) Electricity (under), due to less electricity being used as a result of lower volumetric flows at different facilities as well as misalignment of the periodic plan with actual expenditure;</p> <p>b) Operating leases (under), where relocation to the new head office resulted in a lower than planned requirement for rental of office space;</p> <p>c) Uniform &amp; Protective Clothing (over), due to an increase in uniforms procured for EPWP staff;</p> <p>d) Hire of LDV, P/Van, Bus, Special Vehicle (over), due to emergency hire of specialised vehicles at some wastewater plants;</p> <p>e) Water research levy (under), due to direct alignment of the water levy with the raw water bulk purchases, which was lower than anticipated; and</p> <p>f) Training (under), where dates for a number of training interventions are still in the process of being finalised with service providers.</p>	See previous page

Table continues on next page.

**Material variance explanations for capital expenditure by vote**

Description	YTD Variance R thousands	Variance %	Reasons for material deviations	Remedial or corrective steps/remarks
<b><u>Capital Expenditure by Vote</u></b>				
Vote 1 - Community Services & Health	(37,870)	-38.5%	<p>The negative year to date variance reflects on the following programmes/projects:</p> <p>1. Cemetery Developments Programme:</p> <p>a) Welgemoed Cemetery: Procurement of prefab concrete structures has been delayed, due to manufacturing issues experienced; and</p> <p>b) Metro South-East Cemetery: Building plans approved later than anticipated. Orders for professional fees and construction have been placed. Community engagement regarding the mandatory employment of local labour took place in December 2019. Contractor to start construction in January 2020.</p> <p>2. New Nyanga Regional Library: The project is dependent on a land approval process that has been delayed.</p> <p>3. Hardening &amp; Securing of Facilities FY20: Installation of access control and alarm completed later than anticipated. Further orders placed; awaiting delivery.</p> <p>4. Social Services Facilities Upgrade: Order for connectivity at Parow Valley- and Ruytewacht Pool placed; awaiting delivery.</p> <p>5. IT Modernisation and IT Equipment - Replacement: Initial delays were experienced, due to an outstanding IT tender, which has since been awarded. Orders placed; awaiting delivery.</p> <p>6. Books and periodicals: Project behind schedule, due to late finalisation of the tender; and</p> <p>7. Ideal Clinic Upgrades: Detail design and implementation to be completed by a professional team via term tender 030C, which was awarded later than anticipated.</p>	<p>Project managers, together with the support of the finance manager/heads, will:</p> <p>a. Continually engage with SCM to mitigate and resolve procurement issues that can cause potential delays in project implementation;</p> <p>b. Continue to closely monitor and ensure that projects are implemented within the prescribed timelines by ensuring all payment certificates are received timeously;</p> <p>c. Engage with communities in order to mitigate community concerns raised;</p> <p>d. Identify challenges and process virements, where applicable, to ensure maximum capital spend at financial year-end;</p> <p>e. Speed up, mitigate risks and monitor the implementation of projects currently underway; and</p> <p>f. Align budgets and cash flows in the January 2020 adjustments budget.</p>
Vote 2 - Corporate Services	(42,416)	-60.7%	<p>The negative variance reflects on the following programmes/projects:</p> <p>1. Enterprise Monitoring &amp; Management Sol FY20: Initial delays were experienced with the award of tender 330G. The tender has since been awarded; awaiting delivery of orders placed.</p> <p>2. Integration and Enhancement: Project delayed, due to the challenges of acquiring resources on Tender 44S as the rates are lower than the market demand. This has resulted in significant delays as the process for alternative resources within the prescripts of tender 44S is being explored. A revised scope for 2019/20 was agreed upon and will be aligned with available resources on tender 44S. The budget is currently at risk of not being spent.</p> <p>3. Computers and Equipment Replacement: Orders have been placed; awaiting delivery. A saving of R3.1 million is anticipated, which will be used for other projects requiring additional budget within the IS&amp;T department.</p> <p>4. CityWeb/CityApps Redevelopment Resources: This project is a multi-year project and dependent on external resources to be completed. Tender 44S, which is the vehicle to procure the contract resources required, was supposed to be in place by 1 April 2019 but only became available on 1 July 2019. The sourcing of contractors also takes longer than anticipated because of scarce skills in the market.</p>	<p>Budget and cash flows will be amended in the January 2020 adjustments budget.</p>

Table continues on next page.

City of Cape Town: S52 Annexure A – 2020 Q2 (December 2019)

Description	YTD Variance R thousands	Variance %	Reasons for material deviations	Remedial or corrective steps/remarks
<b>Capital Expenditure by Vote</b>				
Vote 3 - Economic Opportunities & Asset Managemnt	44,734	83.4%	The following projects are ahead of schedule resulting in a positive variance for the directorate: 1. Replacement of fleet and plant: Items were ordered and delivered earlier than anticipated. 2. Fleet Facilities Upgrade and Renovations: Good contractor performance.	The directorate is fast-tracking all orders where tenders are in place.
Vote 4 - Energy & Climate Change	(56,974)	-15.4%	The negative variance is due to the following projects being behind schedule: 1. Mitchells Plain - Steenbras 132 kV OHL: Eskom is experiencing programme slippage resulting in a new completion date in June 2020. 2. Hout Bay LV Depot: Contractor is 20 days behind schedule. Problems have been detected with the finishing of some of the concrete beams on the main building. Due to the extension of time, claims being awarded for delays experienced in the crushing of hard rock found on site, inclement weather and the recent protest action, the revised practical completion date is now 3 April 2020. 3. MV System Infrastructure in Areas North and South: Projects are at risk until all the expired contracts have been replaced with new contracts. The switchgear contract has been awarded. The building tender is still in its appeal period. 4. Resource Efficiency Municipal Building FY20: Project plan compiled later than anticipated. 5. Conn Infrastructure (Quote) - East FY20: Applications for new- and upgraded supplies have been less than planned for the period under review as it is customer-demand driven.	There are on-going engagements with directors and project managers to ensure all orders are placed timeously, that projects are implemented within the prescribed timeframes and that corrective action is processed as and when required to ensure maximum spend. Budget and cash flows will be aligned in the January 2020 adjustments budget.
Vote 5 - Finance	(5,022)	-29.3%	1. Furniture & Equipment: Further orders to be placed once tender 043G is in place, which is currently at the evaluation stage. 2. Security at Cash (MVR) Offices: The second shipment of cameras from Canada has arrived; installation will take place in January 2020. Additional quotations for the next order are being sourced.	Further orders to be placed once tender has been awarded. Cash flows will be amended in the January 2020 adjustments budget.
Vote 6 - Human Settlements	91,527	36.2%	The positive variance is a result of good contractor- and consultants performance on the following projects: 1. Conradie Housing Development project; 2. Belhar CBD Housing Development (PGWC); 3. Maroela Housing Project - South; and 4. Urbanisation: Backyards/Informal Settlements Upgrade FY20.	Budget and cash flows will be amended in the January 2020 adjustments budget.
Vote 7 - Office of the City Manager	(252)	-37.2%	Furniture and computer equipment: Orders have been placed for a number of items; awaiting delivery.	Further orders will be placed in January 2020.

Table continues on next page.

City of Cape Town: S52 Annexure A – 2020 Q2 (December 2019)

Description	YTD Variance R thousands	Variance %	Reasons for material deviations	Remedial or corrective steps/remarks
<b>Capital Expenditure by Vote</b>				
Vote 8 - Safety & Security	48,825	100.4%	The positive variance is due to earlier than anticipated delivery on the following projects: 1. Vehicles: Additional FY20; 2. Fire Vehicles: Replacement FY20; and 3. CCTV Network Provisioning - City network.	Procurement is accelerated as all tenders are in place.
Vote 9 - Spatial Planning & Environment	(27,298)	-60.8%	The negative variance reflects mainly on the following projects: 1. Basement Parking & Access project: Spending will commence subject to consideration of the Deviation Report at SCMBAC, and the recommendation for the contractor appointment being approved by the City Manager. 2. Computer equipment and software projects: Initial delays were as a result of a rate of exchange issue with SCM, which has since been resolved. 3. Reserve Upgrade & Fencing projects: Permission for transversal use of tender was obtained. Orders placed; awaiting delivery. 4. Upgrade to ArcGIS 10.7 project: As per the new scope document, Phase 1 will be completed by 30 June 2020, however, the outcome of a recent PID meeting determined additional requirements for the project resulting in the need to re-phase part of the project to 2020/21. 5. Kruskal Ave Upgrade: The project was slightly delayed as a result of informal traders that had to be relocated. The contractor is almost back on track to complete required work by the end of February 2020.	Budget and cash flows will be amended in the January 2020 adjustments budget.
Vote 10 - Transport	53,281	13.3%	The directorate has a net positive variance, which is an accumulation of faster than anticipated expenditure on a number of projects, the most significant of which are: 1. Smart Technologies at PTIs: Some equipment delivered earlier than anticipated. Further implementation being scheduled while awaiting the rest of the equipment. Fibre links being implemented via the CCTV tender. Cape Town Station Deck is now online. 2. Public Transport System project: Project well ahead of schedule with systems being delivered earlier than anticipated. Although there are no issues with various contracted resources at present, there are concerns about business continuity, due to the absence of a mechanism to procure professional services not currently in place. Tender 342C will be used to lessen this. Approval of various PIDs for software development projects currently being pursued. 3. Road Dualling: Kommetjie Road and Ou Kaapse Weg: The contractor is now ahead of program with an expected completion date in March 2020.	Budget and cash flows will be amended in the January 2020 adjustments budget.

Table continues on next page.

Description	YTD Variance R thousands	Variance %	Reasons for material deviations	Remedial or corrective steps/remarks
<b>Capital Expenditure by Vote</b>				
Vote 11 - Urban Management	5,108	110.5%	The positive variance reflects on the Infrastructure and Safety Measures FY20 project and is due to good contractor performance.	Project managers to continue managing and monitoring projects to prevent them from falling behind schedule.
Vote 12 - Water & Waste	233,769	29.2%	The directorate is ahead of planned spend for the period under review. The main reasons are listed below at departmental level.	There are on-going engagements with directors and the respective project managers to ensure that tracking and monitoring of projects are within the prescribed timeframes and that corrective action is processed timeously so as to ensure maximum spend. Remedial action, where required, is indicated below.
Management: Water & Waste	116	217.2%	Computer Equipment - Additional FY20: Some items were delivered earlier than anticipated, due to stock availability.	-
Project Monitoring Unit: W&W	(14)	-100.0%	IT Equipment: Delays due to tender 60G being put on hold as a result of price adjustments.	Orders will be place in January 2020.
Solid Waste Management	(103,555)	-49.6%	<p>1. Vissershok - LFG Infrastructure to Flaring: Awaiting construction work permit from the Department of Labour before site handover can take place.</p> <p>2. New Prince George Drop-off: Initial delays experienced as a result of a lengthy procurement process including legal consideration of objection to fencing specification. Final design has been completed. Tender 310Q for construction was awarded by BAC on 28 October 2019. No appeals were received and the award was confirmed on 27 November 2019. Construction anticipated to commence in January/February 2020.</p> <p>3. Hanover Park Depot Upgrade: Delays were experienced, due to clarification for compliance (local content, sub-contracting etc.) required from bidders and arithmetical errors. Design has since been completed. Construction tender was advertised on 5 April 2019 and closed on 13 May 2019. BEC concluded on 24 October 2019. Due diligence audit conducted on recommended bidder and report submitted on 7 November 2019. Tender awarded on 25 November 2019. Awaiting resolution. Anticipated site hand over in January 2020.</p> <p>4. Coastal Park - Design and develop: Delays are as a result of protracted procurement processes that includes the due diligence process.</p> <p><i>Continues next page</i></p>	Budget and cash flows will be amended in the January 2020 adjustments budget.

Table continues on next page.

<b>Capital Expenditure by Vote</b>				
Solid Waste Management	<i>See previous page.</i>	<i>See previous page.</i>	<p>5. Scottsdale Depot Upgrade: Construction only commenced in May 2019 as a result of initial delays with guarantees, construction permits and building plans approval. Construction to be completed in May 2020.</p> <p>6. Coastal Park - Design and develop (MRF): Delays are as a result of an appeal that was upheld. It is anticipated that the construction portion of the project will be rephased to 2020/21.</p> <p>7. Schaapkraal Depot Upgrade: Initial delays experienced during temporary accommodation delivery and setup. Construction is underway and is anticipated to be completed by April 2020.</p> <p>8. Retreat Drop-off Upgrade Waste Minimisation: Construction tender 65Q commenced in November 2018 with an anticipated completion date of February 2020. The contractor is currently running behind schedule as a result of insufficient allocation of resources to this project. Contractor has stated that the project is now delayed by 20 days as a result of approved time delay allocations.</p>	<i>See previous page.</i>
Water & Sanitation Management	337,222	57.0%	<p>The following projects are significantly ahead of plan, due to approved tenders, contractors who are already on site as well as contractors whose performance exceeds the estimated anticipated performance:</p> <ol style="list-style-type: none"> <li>1. Cape Flats Aquifer (R167 million);</li> <li>2. Zandvliet WWTW (R79 million);</li> <li>3. Borchards Quarry (R15 million); and</li> <li>4. Purchasing of vehicles (R47 million)</li> </ol>	<p>The following interventions were implemented in order to ensure improved performance in the current financial year :</p> <ol style="list-style-type: none"> <li>1. Focused management attention on the implementation of the capital programme;</li> <li>2. New Water Programme to be absorbed into the Bulk Water Branch to regularise project management;</li> <li>3. Introduction of a Project Support Office to support project managers with contract- and tender management in the Water &amp; Sanitation Services department;</li> <li>4. Closer engagement with CPPM to align reports eg. value at risk; and</li> <li>5. Engagements with the CFO's office in the form of monthly meetings to resolve issues impacting service delivery in a timely manner, and bring urgent issues to CFO/SCM management.</li> </ol> <p>Amendments to projects where under expenditure is projected will be included in the January 2020 adjustments budget.</p>

## Material variance explanations for corporate performance

Description of Indicator	Variance	Reasons for material deviations	Remedial or corrective steps/remarks
1.C Number of outstanding valid applications for commercial electricity services expressed as a percentage of commercial customers	-3.90%	This indicator was under-achieved, due to the complex nature of these supplies, which took longer than the target timeframes.	An amendment to the target is proposed.  <b>Responsible person:</b> Nassiep Kadri <b>Due date:</b> On-going
3.I Number of water services points (taps) provided to informal settlements (NKPI)	-0.17%	The non-performance relates to the unavailability of the new plumbing and maintenance tender 296Q/2016/17. The tender was envisaged to be in place within the first quarter of the current financial year, however, this did not materialise. The original award date for tender 296Q/2016/17 was 26 November 2018. However, legal advice was sought, due to the perceived notion that the award was incorrectly awarded. The legal opinion was received on 14 May 2019 with the award letters distributed on 13 June 2019. The Director's signature was obtained on 3 September 2019 and the necessary contractual documents from the service providers were received on 9 September 2019. The contract was formally released 2 weeks later on 23 September 2019.	The department is currently in the process of raising purchase orders, with the project rollout anticipated to follow shortly.  <b>Responsible person:</b> Michael Webster/Llast Mudondo <b>Due date:</b> On-going
4.D Percentage of people from employment equity target groups employed in three highest levels of management, in compliance with the City's approved employment equity (EE plan) (NKPI)	-0.97%	There was a considerable number of appointments in the first quarter, which were not in line with the EE plan targets for this year. The appointment of non-designated employees accounted for over 80% of appointments made for level 1-3 in quarter one.	To ensure that appointments/promotions are in line with EE Plan targets for 2019/20.  <b>Responsible person:</b> Craig Kesson/ Zukiswa Mandlana <b>Due date:</b> On-going

\*The '2018/19 Audited Outcome' column has been populated with pre-audited figures.

The table below reflects the percentage variance for councilor and staff benefits, reasons for material deviations and the remedial action thereof.

Description	YTD Variance R Thousands	Variance %	Reasons for material deviations	Remedial or corrective steps/remarks
<b><u>Councillors (Political Office Bearers plus Other)</u></b>				
Basic Salaries and Wages	(63)	-0.1%	Immaterial variance.	-
Pension and UIF Contributions	16	0.6%	Immaterial variance.	-
Medical Aid Contributions	-	-	-	-
Motor Vehicle Allowance	(17)	-6.9%	Immaterial variance.	-
Cellphone Allowance	122	2.7%	Immaterial variance.	-
Housing Allowances	-	-	-	-
Other benefits and allowances	53	1.1%	Immaterial variance.	-
<b><u>Senior Managers of the Municipality</u></b>				
Basic Salaries and Wages	(547)	-3.9%	Immaterial variance.	-
Pension and UIF Contributions	(1,090)	-49.8%	Immaterial variance.	-
Medical Aid Contributions	(5)	-6.7%	Immaterial variance.	-
Motor Vehicle Allowance	119	54.1%	Immaterial variance.	-
Cellphone Allowance	(59)	-40.1%	Immaterial variance.	-
Other benefits and allowances	273	881.2%	Immaterial variance.	-
Payments in lieu of leave	356	100.0%	Immaterial variance.	-
<b><u>Other Municipal Staff</u></b>				
Basic Salaries and Wages	(226,113)	-4.7%	The variance is mainly due to: 1. The turnaround time in filling vacancies; 2. The internal filling of vacancies; and 3. Slower than planned implementation of job creation projects.	The City had 3861 vacancies as at 31 December 2019; 1836 positions were filled (982 internal and 854 external) with 712 terminations processed since the beginning of the financial year. The filling of vacancies is ongoing and seasonal staff are appointed as and when required.
Pension and UIF Contributions	(148,065)	-17.9%	The variance is mainly due the turnaround time in filling vacancies and the internal filling of vacancies.	Filling of vacancies is on-going.

Table continues on next page.

Description	YTD Variance R Thousands	Variance %	Reasons for material deviations	Remedial or corrective steps/remarks
Medical Aid Contributions	(20,018)	-4.9%	The variance is mainly due the turnaround time in filling vacancies and the internal filling of vacancies.	Filling of vacancies is ongoing
Overtime	40,089	16.1%	The variance is mainly within the Safety & Security directorate, due unplanned overtime as the result of protest action, events and Operation Lockdown, where law enforcement officers assisted SAPS and SANDF to stabilise dangerous areas.	Budgetary provision for overtime was reviewed during the mid-year review and assesment process and amendments are proposed in the January 2020 adjustments budget.
Motor Vehicle Allowance	(7,589)	-6.7%	The variance is mainly due the turnaround time in filling vacancies resulting from termination of permanent staff who were in receipt of car allowances.	Filling of vacancies is ongoing.
Cellphone Allowance	(867)	-7.1%	Immaterial variance.	-
Housing Allowances	(126)	-0.4%	Immaterial variance.	-
Other benefits and allowances	17,682	14.1%	The variance is mainly on Standby allowances within the following directorates: 1. Safety & Security, due to the transfer of new recruits to operational duty and now receiving standby allowances; and 2. Human Settlements, due to staff shortages as a result of the turnaround time in filling vacancies as well as an increase in responses to unforeseen afterhour events.	Virements will be processed to address the over expenditure. Further adjustments are proposed in the January 2020 adjustments budget.
Payments in lieu of leave	5,780	11.8%	Payments are linked to resignation and retirement of employees, which is difficult to plan accurately.	Alignment of the period budget with the actuals is included in the January 2020 adjustments budget.
Long service awards	(36,555)	-99.1%	Payments are dependent on when qualifying employees exercise their option to convert leave days to cash, which is difficult to plan.	The balance of the budgetary provisions will be transferred to the leave provision in accordance with GRAP 19 as these relate to the vested leave benefits owed to employees.
Post-retirement benefit obligations	(2,027)	-1.6%	Immaterial variance.	-

## **MUNICIPAL COST CONTAINMENT REGULATIONS (MCCR)**

The Municipal Cost Containment Regulations (MCCR) were promulgated on 7 June 2019, and came into effect on 1 July 2019.

In terms of the MCCR, municipalities are to implement cost containment measures to ensure that municipal resources are used effectively, efficiently and economically.

The MCCR further requires municipalities and municipal entities to either develop or review their cost containment policies. The City's Cost Containment policy was approved by Council at the meeting held on 31 October 2019. The cost containment policies of the City's entities have been approved by their respective board of directors.

Municipalities and municipal entities must furthermore disclose cost containment measures in their in-year budget reports, and annual costs savings in their annual reports. The cost containment in-year report tables reflected on the following pages are in adherence to this reporting requirement.

**City of Cape Town**

Cost Containment In-Year Report				
Measures	2019/20 budget	Q2 2020		Comment
		Budget	Actual	
	R Thousand			
Use of consultants	7,889,352	1,775,668	1,853,026	<p>This category includes EPWP/Mayor's Job Creation Programme (MJCP) staff, all non-permanent staff i.e. temporary contract staff including libraries, health, seasonal workers, apprenticeships and learnerships, and contracted services i.e. professional services, advisory services and contractors.</p> <p>Contracted Services indicate higher than anticipated expenditure as maintenance of the MyCiTi Automated Fair Collection (AFC), Advanced Public Transport Management System (APTMS) and facilities were completed earlier than planned.</p>
Vehicle used for political office-bearers	-	-	-	No provision for 2019/20 against this category.
Travel and Subsistence	24,532	5,842	5,238	The City's Travel Management Policy sets out the applicable cost containment measures, which strictly adhered to within the City.
Domestic Accommodation	2,934	620	329	The City's Travel Management Policy sets out the applicable cost containment measures, which are strictly adhered to within the City.
Sponsorships, events and Catering	267,759	55,939	47,469	<p>Sponsorships: All grant-in-aid applications are subject to a screening process to ensure that recommended grants comply with the City's Grant-in-aid Policy as well as other relevant policies.</p> <p>Events: An ad-hoc committee facilitates the selection of events and makes recommendations to the Executive Mayor, on which events the City may support in terms of the Integrated Development Plan (IDP) and the City's Events Policy.</p> <p>Catering: The City's Catering &amp; Beverage Provision Policy sets out the applicable cost containment measures, which are strictly adhered to within the City.</p>
Communication	69,927	18,974	14,790	The City, as far as possible, uses newspapers with a readership-base predominantly within the City's geographical area and also focuses on community newspapers.
Other related expenditure items - Conferences & Seminars	6,501	2,298	169	The City's Systems and Procedures (SOP) for attendance of seminars, external meetings/workshops and conferences sets out the cost containment measures, which are strictly adhered to within the City.
Other related expenditure items - Overtime	608,212	148,056	182,841	<p>Overtime has a structured and non-structured component. Line departments are phasing out reliance on non-structured overtime by ensuring that continuous shift rosters and stand-by allowances are put in place where 24-hour continuous services are required.</p> <p>The over-expenditure for the quarter under review is largely against non-structured overtime within the Safety &amp; Security directorate, where law enforcement officers were required to assist SAPS and SANDF with 'Operating Lockdown' in high crime areas. Staff members were also deployed to areas where protest action and/or service delivery strikes took place.</p>
Other related expenditure items - Office furniture	23,423	9,353	8,590	The City's Corporate Office Furniture & Associated Equipment Policy seeks to exercise frugality by managing the utilisation of existing redundant office furniture before new office furniture may be procured. The policy stipulates that the relevant delegated official must scrutinise the City's 'used furniture inventory' depository before any new furniture may be procured and must sign a declaration form confirming that this process has been followed.

Cost Containment In-Year Report				
Measures	2019/20 Budget	Q2 2020		Comments
		Budget	Actual	
	R Thousands			
Use of Consultants	5,733	2,866	2,046	The contracts for the Legal and Customer Satisfactory Surveys were signed prior to 1 July 2019. The CTICC does not possess the skillsets required in-house.
Travel and subsistence	1,814	1,003	1,266	Bookings for local- and international travel as well as International accommodation for sales trips, events and conferences are done through the contract issued before 1 July 2019. The budget was allocated proportionately over the year, but the travel occurs mostly in the first half of the year, which explains the variance in the first six months. National Treasury's code applicable to entities was used when making bookings. The attendance of events are an integral part of the entity's business strategy to grow revenue.
Domestic accommodation	201	73	50	Bookings for accommodation for sales trips and events are done through the contract issued before 1 July 2019. National Treasury's code applicable to entities are used when making bookings. The attendance of events are an integral part of the entity's business strategy to grow revenue.
Sponsorships, events and catering	725	313	294	The entity's business model is based on good client relations and regular interaction with clients and conference organisations to showcase the CTICC through various Client and Stakeholder Relationship Management (CRM) events.
Communication	709	354	315	The contract for cellphone and data services was issued before 1 July 2019.
Other related expenditure items - Office Furniture	200	-	-	No expenditure was incurred for the quarter under review.
Total	9,382	4,609	3,971	

**Cape Town Stadium**

Measures	Cost Containment In-Year Report			Notes
	2019/20 Budget	Q2 2020		
		Budget	Actual	
	R Thousands			
Use of Consultants	6,129	1,532	458	Imvula Risk Management (IRM) was consulted to assist in the formal anchor tenant agreement project with Western Province Rugby (WPR). IRM also assisted in the drafting of the commercialisation tender documents. HelloFCB assists the entity with website hosting as well maintaining the entity's presence on social media. Moore Stephens was appointed to undertake a basic due diligence of the additional suites.
Travel and subsistence	68	17	1	Staff fuel claims for actual kilometres travelled to attend compulsory training during the quarter under review. The claims were made only by staff who are eligible to claim. The expenditure incurred in this regard is reasonable and balanced against the service delivery needs and priorities of the municipal entity.
Domestic accommodation	20	5	0	No domestic accommodation needed in the quarter under review.
Sponsorships, events and catering	57	14	11	Catering was procured for a business engagement during the quarter under review. The engagement was accomplished in line with the marketing strategy of the entity and was guided by the entities objectives, in line with Circular 97.
Communication	105	26	8	Advert in respect of a professional officer position was only placed in the local newspaper and career-related websites.
Other related expenditure items	69	17	0	No conferences were attended during the quarter under review.
Total	6,448	1,612	478
