The Cape Town Green Map grew out of Green Goal 2010, the environmental programme of the 2010 FIFA World Cup. The Host City Cape Town Green Goal 2010 programme was awarded the International Olympic Committee (IOC) Sport and Environment Award in 2011.

CAPE TOWN Live it! Love it! GREENER!

THE GREAT GREEN OUTDOORS

As one of the few cities in the world with a national park and two World Heritage Sites (Table Mountain National Park and Robben Island) contained within its boundaries, Cape Town is surrounded by incredible outdoor options. The 'Mother City' is also located in a 'biodiversity hotspot', the Cape Floristic Region, and is recognised globally for its extraordinarily rich, diverse and unique fauna and flora. The city offers many ways to experience the great green outdoors.

CITY NATURE RESERVES

Cape Town has one of the highest densities of threatened species in any metropolitan area on earth. The City of Cape Town's nature reserves and conservation areas are conserving critically endangered ecosystems. This globally important biodiversity is a valuable part of our heritage and also plays an important role in underpinning a healthy and sustainable urban environment.

For the complete list and information on the City's 16 nature reserves, please visit: www.capetown.gov.za/naturereserves where you can also download the City of Cape Town Nature Reserves book.

CITY SHARK SPOTTING PROGRAMME

A GREEN flag means visibility for the spotters is good, and no sharks have been seen.

A BLACK flag means visibility for the spotters is poor, but no sharks have been seen.

A RED flag means a shark has been seen recently, but is no longer visible to the spotters.

A WHITE flag with a BLACK SHARK, along with a loud siren, means a shark has been sighted. Leave the water immediately!

Important: No flag means that shark spotters are not on duty.

7 days a week 8 am to 6 pm:

- Mulzenberg corner
- St James beach
- Fish Hoek
- Noordhoek (The Hoek)

Check website for additional beaches and times of year that spotters are on duty.

WASTE & RECYCLING

Waste minimisation is a key focus of the City of Cape Town. Drop-off facilities help citizens practise 'reduce, reuse and recycle' principles. All it takes is a new mindset - think twice. Separation at source is the key. Many City of Cape Town drop-off facilities accept the following waste items: Garden waste, motor oil, cans and metal, paper, cardboard, glass, plastic, builder's rubble, e-waste and polystyrene. Specific recyclables accepted vary per site. For a downloadable map of the drop-off facilities and details of the City's 'Think Twice' recycling collection programme, and private recycling services, visit: www.capetowngreenmap.co.za/recycling

TRANSPORT

ZIBI SAYS ... DUMPING & LITTERING IS ILLEGAL!

Dumping is an offence and you could be fined because:

- It is against the law!
- It is ugly. Cape Town is one of the most beautiful cities in the world. Dumping destroys its beauty.
- It harms the environment, blocks drains and storm-water canals and can be a health hazard, possibly spreading disease.

The City spends millions of rands each year removing dumped waste. Littering is also an offence and you could be fined. Littering and dumping is against the law.

For more information contact: 0860 103 089 or go to www.capetown.gov.za/solidwaste
